Designed for today’s RV needs, the all-new game-changing Trip confidently leads a new generation of Holiday Rambler RVs poised to reshape an entire industry. Built from the ground up on the Roadmaster™ chassis and powered by a MaxxForce® 7 diesel engine, the vertically-integrated Trip brings together Holiday Rambler’s motorized RV legacy and Navistar’s cutting-edge truck industry technology, resulting in a sleek mid-sized front-engine coach with a low center of gravity, air bag suspension and wind-tunnel-tested aerodynamics. There’s also a very distinctive and stylish grille design to help Holiday Rambler-spotters identify the Trip from across the campground. Available in 32 and 35-foot floorplans, the Trip is packed with must-have amenities, including custom-designed UltraLeather furniture, Corian® countertops, ceramic tile floors throughout, and unique hardwood cabinet styling. Maximum utilization of interior space that’s easy on the eyes, comfortable to ride in and easy to maintain. The all-new Trip by Holiday Rambler: A truly ground-breaking RV. (Pictured: 32PBS/Gibraltar/Vintage Maple Mandarin)
More like a car than an RV, the cockpit dash (left) is the most ergonomically designed in class history. Vision angles are greatly improved. The optional GPS unit is removable, to help you find your way, even when you’re not on board. Mirrors are easy to see and things like switches, cup holders and iPod™ docking stations are all within easy reach. In the kitchen, style and practicality rule the day. Get the most from your dining experience with ceramic tile flooring, hardwood cabinet styling, Corian countertops with decorative backsplashes, large stainless steel double door refrigerator and convection microwave, and UltraLeather U-shaped dinette. (Pictured: 32PBD/ Gibraltar/Vintage Maple Mandarin)
The Trip’s luxurious bedroom (right) features a queen bed with decorative headboard and beautiful overhead hardwood cabinets, solid surface nightstands, plush carpet, pleated day/night blackout shades, and an optional 19-inch LCD television. Both floorplans highlight bathroom vanities that feature Corian countertops with decorative backsplashes, along with stylish hardwood cabinetry, a medicine cabinet with flat-panel door (32PBS only), ceramic tile flooring, and plenty of storage for the whole family. The 2011 Trip is the first Holiday Rambler motorcoach jointly developed by Holiday Rambler and Navistar. Built from the ground up on the Roadmaster™ chassis, the Trip boasts a gross vehicle weight rating of 29,000 pounds and a 260 horsepower MaxxForce® 7 engine. With an air-leveling system, airbrakes, and four deluxe air bags forming the foundation of its suspension system, the Trip’s ride is exceptionally smooth and comfortable.

VERTICALLY-INTEGRATED FROM THE GROUND UP

• One-piece peaked fiberglass roof
• Luasan backing
• Thick, tapered bead foam insulation
• Aluminum double I-beam superstructure filled with fiberglass insulation
• Vapor barrier
• Structure foam: thermal insulative barrier
• 1/2” bead foam insulation
• Foam padding for extra insulation
• Padded vinyl ceiling

STORE MORE
Designed with all your family’s equipment in mind, the Trip offers a whopping 161 cubic feet of easy-access, outside and rear, pass-through storage.

AWESOME AWNING
Side-mount patio awning on one side of the Trip, providing shade from the sun, protection from the rain and less wind noise while traveling down the road.

FAB FUEL EFFICIENCY
From the rounded front cap that rolls back to the tapered rear end, the Trip has been wind tunnel tested to create the most aerodynamic design possible. The result? One of the most fuel-efficient RVs on the road today.

ONE COMPANY, ONE VISION
Since teaming up with Navistar, Holiday Rambler has adopted their vertical integration technique. This means bodies, engines and chassis of Holiday Rambler RVs are all built by the same company in our state-of-the-art facilities, giving customers a one-stop shop for services and support.

MAKE IT ALL YOUR OWN

Choosing the Trip was easy. Now, it’s time to make it all your own. There are two stylish interior décor options and exterior color themes, not to mention a pair of creative 32 and 35 foot floorplans from which to choose, including single and double-slide designs. Together with the Trip’s unique hardwood cabinet styling, you’ve got an interior that’s the ultimate in both form and function.

Note: Colors depicted are a reasonable representation though they may not be an exact match of the actual colors due to variances in processing and production. See your dealer for actual fabric and paint chip samples.
