Designed for today’s RV needs, the all-new game-changing Vesta confidently leads a new generation of Monaco RVs poised to reshape an entire industry. Built from the ground up on the Roadmaster™ chassis and powered by a MaxxForce® 7 diesel engine, the vertically-integrated Vesta brings together Monaco RV’s motorized RV legacy and Navistar’s cutting-edge truck industry technology, resulting in a sleek mid-sized front-engine coach with a low center of gravity, air bag suspension and wind-tunnel-tested aerodynamics. There’s also a very distinctive and stylish grille design to help Monaco-spotters identify the Vesta from across the campground. Available in 32 and 35-foot floorplans, the Vesta is packed with must-have amenities, including custom-designed UltraLeather furniture, Corian® countertops, ceramic tile floors throughout, and unique hardwood cabinet styling. Maximum utilization of interior space that is easy on the eyes, comfortable to ride in and easy to maintain. The all-new Vesta by Monaco. A truly ground-breaking RV. (Pictured: 32PBS/ Casbah/Italian Sienna)
More like a car than an RV, the cockpit dash (left) is the most ergonomically designed in class history. Vision angles are greatly improved. The optional GPS unit is removable, to help you find your way, even when you’re not on board. Mirrors are easy to see and things like switches, cup holders and iPod™ docking stations are all within easy reach. In the kitchen, style and practicality rule the day. Get the most from your dining experience with ceramic tile flooring, hardwood cabinet styling, Corian countertops with decorative backsplashes, large stainless steel double door refrigerator, stainless steel convection microwave, and UltraLeather U-shaped dinette.

The Vesta’s luxurious bedroom (right) features a queen bed with decorative headboard and beautiful overhead hardwood cabinets, solid surface nightstands, plush carpet, pleated day/night blackout shades, and an optional 19-inch LCD television. Both floorplans highlight bathroom vanities that feature Corian countertops with decorative backsplashes, along with stylish hardwood cabinetry, a medicine cabinet with flat-panel door (32PBS only), ceramic tile flooring, and plenty of storage for the whole family. The 2011 Vesta is the first motorcoach jointly developed by Monaco RV and Navistar. Built from the ground up on the best-in-class Roadmaster™ chassis, the Vesta boasts a gross vehicle weight rating of 29,000 pounds and is equipped with a 260 horsepower MaxxForce® 7 diesel engine. With an air-leveling system, airbrakes, and four deluxe air bags forming the foundation of its suspension system, the Vesta’s ride is smooth and comfortable.
