IMMERSE YOURSELF IN LUXURY

BISCAYNE

CONTINENTAL

VERONA

HIGH-GLOSS GLAZED MILAN CHERRY

POLISHED PORCELAIN TILE FLOORING

HIGH-GLOSS GLAZED RESORT CHERRY
A rolling masterpiece is what many will call the remarkable angles and compelling appearance of the Tuscany exterior. The full body paint package features a full sand and buff finish for a long-lasting automotive shine.

THE UNDENIABLE FLAGSHIP

MOSAIC FULL-BODY PAINT

OASIS FULL-BODY PAINT

REFLECTION FULL-BODY PAINT

SERENITY FULL-BODY PAINT

SOLSTICE FULL-BODY PAINT
A | CUMMINS® ISL 8.9L DIESEL ENGINE
The Tuscany’s Cummins® ISL diesel engine is mated to a 6-Speed Allison MH-3000 automatic transmission, providing 450-horsepower and 1250 lb.-ft. of torque. This combination delivers maximum performance, reliability and durability.

B | FULL-BODY PAINT
A striking exterior graphics design provides a jaw-dropping experience. The paint process includes alternating layers of paint with sanding in between to provide a glass-like exterior finish.

C | WHISPER AIR™ CENTRAL COOLING SYSTEM
Specialized air conditioning system designed to provide maximum cooling. The multiple air returns help move air more efficiently, while the integration with the roof air conditioners reduces interior fan noise.

D | POWER PATIO AWNING WITH INTEGRATED LED LIGHTING
A legless, lateral arm awning is fully encased in a metal box protecting it during driving. When extended, the awning does not have legs intruding into the camp area and it has the ability to self-retract in windy situations.

E | HEATED BASEMENT
The Aqua-Hot™ Hydronic Furnace & Water Heating System has individual heat exchangers in the basement to keep it toasty and warm. An automatic thermostat kicks the heat on when the temperature outside dips too low.

F | ZF® INDEPENDENT FRONT SUSPENSION, 60° WHEEL CUT & MICHELIN® TIRES
With each wheel addressing the road independently, ZF® Independent Front Suspension (IFS) gives you a superior ride and ease of access when turning. IFS allows an amazing 60-degrees, the most in the motorhome business. IFS eliminates bump steer and brake drive normally found on solid I-beam front axles. The 295/80R 22.5-inch Michelin® radial tires provide exceptional handling and responsiveness through an optimized shoulder design. The tires are approved for all positions on the coach making tire rotation easier.

G | KEYLESS ENTRY SYSTEM
The front door and storage compartments can be locked with just a push of a button on the remote key fob. The basement doors also have a secondary switch to lock all the doors from the interior of the coach.
LAY THE GROUNDWORK FOR SAFE TRAVELS

The Atlas Foundation™ is the premier building platform and substructure in the industry. Thor Motor Coach has partnered with industry leaders, Freightliner® Custom Chassis and MORryde® International, to bring you this innovative building design.

Innovation doesn’t just happen; it takes a dedicated team of the very best designers and engineers working together to tackle the challenges in the road ahead. From the very start our main focus is you, and you will see that from the moment you step into the motorhome.

The Atlas Foundation™ is a fully integrated basement foundation design. This means that trusses, cross members and ladder assemblies are pre-formed and laser-cut from high-strength, 50 grade HSLA steel, which provides greater resistance to corrosion than carbon steel.

The structure is assembled and welded on a flat, laser-leveled table, then hoisted onto the OEM chassis and welded into place. This system includes a built-in, unit floor leveling system, which maintains the true squareness of the motorhome body and helps prevent crowning.

Fiberglass lined, pass-through storage bays span the width of the unit with steel support under each of the compartments. The steel sub-frame can support more than 1,000 pounds per compartment. Designed to facilitate greater luminosity, the interior mold and mildew resistant fiberglass lining is white, making it easier to see within the compartment in low-light situations.

Built strong and insulated to help reduce heat transfer, the firewall and rear engine cage are fully encased in steel, which eliminates engine and road noise.

You’re the one who will rely on our innovation for years to come. You’re the one who will feel the strength of the Atlas Foundation™ as you drive the open road. You’re the one who will benefit from our hard work and commitment to excellence.

We didn’t just design the Atlas Foundation™, we crafted it to fit you.

A home needs a strong foundation and that is especially true for the home that rolls down the road. The Atlas™ Foundation under the Tuscany provides an excellent base to construct your new motorhome.
Taking the extra time to ensure the best possible structure is exactly what you deserve, and this is why Thor Motor Coach insists on vacuum-bond laminating not only the sidewalls of the motorhome, but also the floor and roof. Vacuum-bonding is the optimum manufacturing process to ensure maximum strength.

A steel cage surrounds and protects the engine and radiator compartments.

Steel trusses provide consistent support across the entire structure of the floor. The steel is welded in place creating individual compartments which provide ample and pass-through basement storage.

Anti-camber bars are located in parallel with the main frame rails. These steel members eliminate the natural camber of the chassis created by the engine and transmission being located aft of the rear axle. The bars support the overall basement, creating a true structure to mount the house of the motorhome.

The steel firewall protects the front of the coach while providing a strong anchor point for the cockpit. Solid foam insulation is added to provide a buffer to eliminate road noise and help prevent heat and cold transfer.

Taking the extra time to ensure the best possible structure is exactly what you deserve, and this is why Thor Motor Coach insists on vacuum-bond laminating not only the sidewalls of the motorhome, but also the floor and roof. Vacuum-bonding is the optimum manufacturing process to ensure maximum strength.
**FLOOR PLANS**

The Tuscany is our most sophisticated line of Class A diesel motorhomes. These luxurious motorhomes offer the ultimate in beauty, style and power, with the most livable floor plans and high-end amenities. The refreshing wide open floor plans are complimented by custom furniture, polished porcelain tile inlay, and high-gloss glazed hardwood cabinetry.

**STANDARDS & OPTIONS**

**CONSTRUCTION & EXTERIOR**
- Freightliner® XC-R Raised Rail Chassis
- Cummins® ISL Engine with 450HP & 1,250 lb.-ft. Torque
- 6-Speed Allison MH-3000 Automatic Transmission
- ZF® Independent Front Suspension with 60° Wheel Cut
- Full Air Front Disc & Rear Drum Anti-Lock Brakes
- 2-Stage Jacobs® Brake (42GX, 44MT & 45AT)
- Full Air Front Disc & Rear Drum Anti-Lock Brakes
- 10” Touchscreen AM/FM Dash Radio with Bluetooth®, Outside Shower
- Two (2) Patio Lights
- Roof Ladder
- Frameless Dual Pane Windows
- Automatic Leveling Jacks with Touchpad Controls
- Side-Hinged Locking Compartment Doors with Electronic Locks
- Full Basement Pass-Through Storage
- Easy Slide Storage Tray
- Power Entry & Patio Awnings with Integrated LED Lighting
- 2nd Power Patio Awning (42GX)
- Slideout Topper Awnings with Aluminum Covers
- Stainless Steel Cooking Grates
- False Metal Valance
- Privacy Window
- Primera™ by Ultrafabrics® Reclining/Swivel Captain’s Chairs with 6-Way Power Adjustment (Passenger Seat has Electric Footrest)
- Driver & Passenger Overhead Storage Cabinetry
- • VIP Smart Wheel
- • Adjustable Brake & Accelerator Pedals
- • Cruise Control
- • Air Horns
- • Fog Lights
- • Electric Windshield Solar & Privacy Shades
- • Manual Side Solar & Privacy Shades
- • Electric Step Cover
- • 10,000-lb. Trailer Hitch with 7-pin Round Connector (40DX)
- • 15,000-lb. Trailer Hitch with 7-pin Round Connector (42GX, 44MT & 45AT)
- • 295/80R 22.5” Michelin® Radial Tires with Aluminum Wheels
- • Keyless Entry System & Compartment Door Locks

**INTERIOR**
- Polished Porcelain Tile Throughout
- Ceiling Ducted Whisper Air™ Central Cooling System
- • LED Ceiling Lights
- • Decorative Ceiling Treatment with Mood Lighting
- • High-Gloss Glazed Cabinetry with Raised Panel Hardwood Cabinet Doors
- • Window Solar & Privacy Shades
- • Electric Fireplace with Remote Control (42GX, 44MT & 45AT)
- • Primera™ by Ultrafabrics® Sofa with Air Bed (42GX, 44MT & 45AT)
- • Primera™ by Ultrafabrics® Reclining Theater Seating with Footrest (40DX & 42GX)
- • Primera™ by Ultrafabrics® Euro Recliner (45AT)
- • Primera™ by Ultrafabrics® Ensemble with Sofa & Dream Dinette® Booth (44MT)

**ENTERTAINMENT OPTIONS**
- • Electric Fireplace with Remote Control
- • 12-volt Attic Fan with Remote Control

**BEDROOM & BATHROOM**
- Denver Mattress® Pillowtop King Size Bed
- • Bedspread with Throw Pillows
- • Ceiling Fan in Bedroom
- • Porcelain Toilet
- • Oversized Full Height Shower with Glass Door
- • 12-volt Attic Fan in Bathroom

**KITCHEN & BATHROOM**
- • 3-Burner Gas Cooktop
- • 32” LED HDTV in Bedroom
- • 32” LED HDTV in Cockpit Overhead (44MT & 45AT)

**ELECTRICAL & PLUMBING**
- Cummins Onan® RV QD 10000 Sliding Diesel Generator
- Automatic Generator Start
- 50-amp Shoreline Power Cord & 12-volt Retractable Cord Reel
- 2000-watt Pure Sine Inverter/100-amp Converter
- Three 15,000 BTU Low-Profile Air Conditioners with (3) Heat Pumps
- Energy Management System
- Pre-Wired for Solar Charging
- Emergency Start Switch
- Four (4) Auxiliary House Batteries
- Battery Disconnect Switch
- Exterior GFCI Receptacle
- Enclosed & Heated Holding Tanks
- E-Z Flow Water Panel with Whole-House Water Filtration
- Black Tank Flush System
- Systems Control Center
- Stackable Washer & Dryer
- Central Vacuum System with Toe-Kick Dustpan
- Aqua-Hot® 400D Hydronic Furnace & Water Heating System

Thor Motor Coach is the industry leader in innovative design and builds a variety of unique styles, sizes and floor plans that feel custom-made – at a truly competitive price.

**IMPORTANT—PLEASE READ:** This brochure reflects product design, fabrication, material, components and specifications at the date of printing, which date is disclosed below. Please visit us online at ThorMotorCoach.com or consult with your selling dealership for the latest in standards, options, specification and technical information. Photographs in the brochure may depict optional equipment or may only be available in certain floor plans. Components, appliances and the chassis may have been manufactured in a calendar year before the vehicle’s designated model year. All capacities are approximate. The actual length of the vehicle may differ from that indicated in the brochure due to variances in the manufacturing processes and/or installed components. All dry weights are based on standard model features and do not include optional features or equipment. Component part and appliance manufacturers issue limited warranties covering portions of the vehicle not covered under the limited warranty we issue. Copyright Thor Motor Coach, Inc. © 12/15/15 V2
