Beaver

Revolutionary Refinement

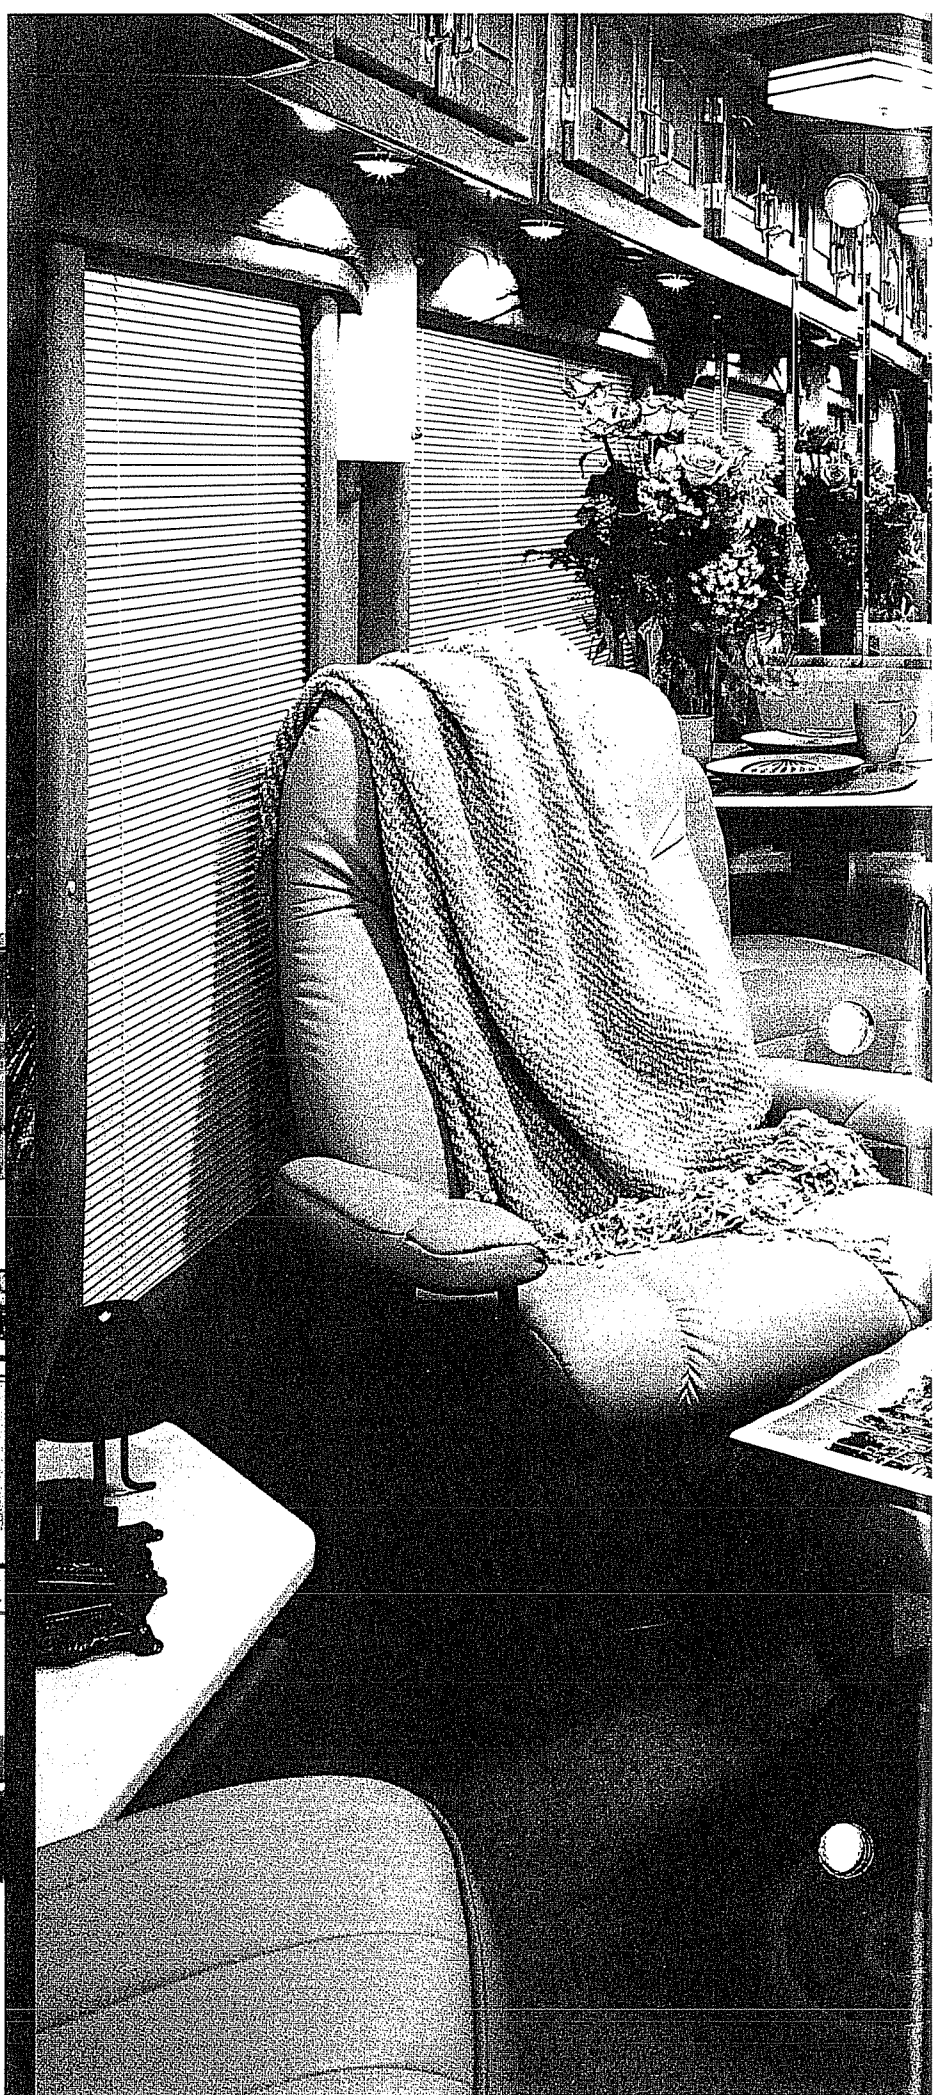

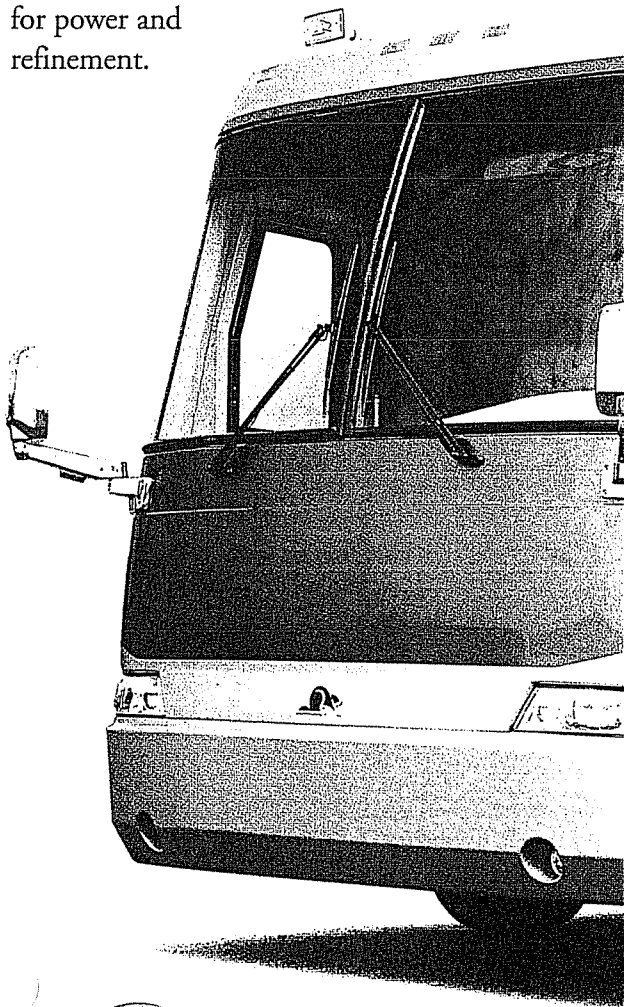

You are searching for the perfect balance of intelligent design and ultimate luxury. Look no further than the 2002 Patriot by Beaver. The Patriot was not simply designed to travel. Instead, every square inch of the Patriot was designed to enhance your enjoyment of each day spent behind the wheel, at the dining table, or simply reading a good book. Choose the right options to give your Patriot the distinct feeling of home, and steer toward your nearest Interstate. No matter where your next destination may lie, you will find true luxury refinement in the 2002 Beaver Patriot.

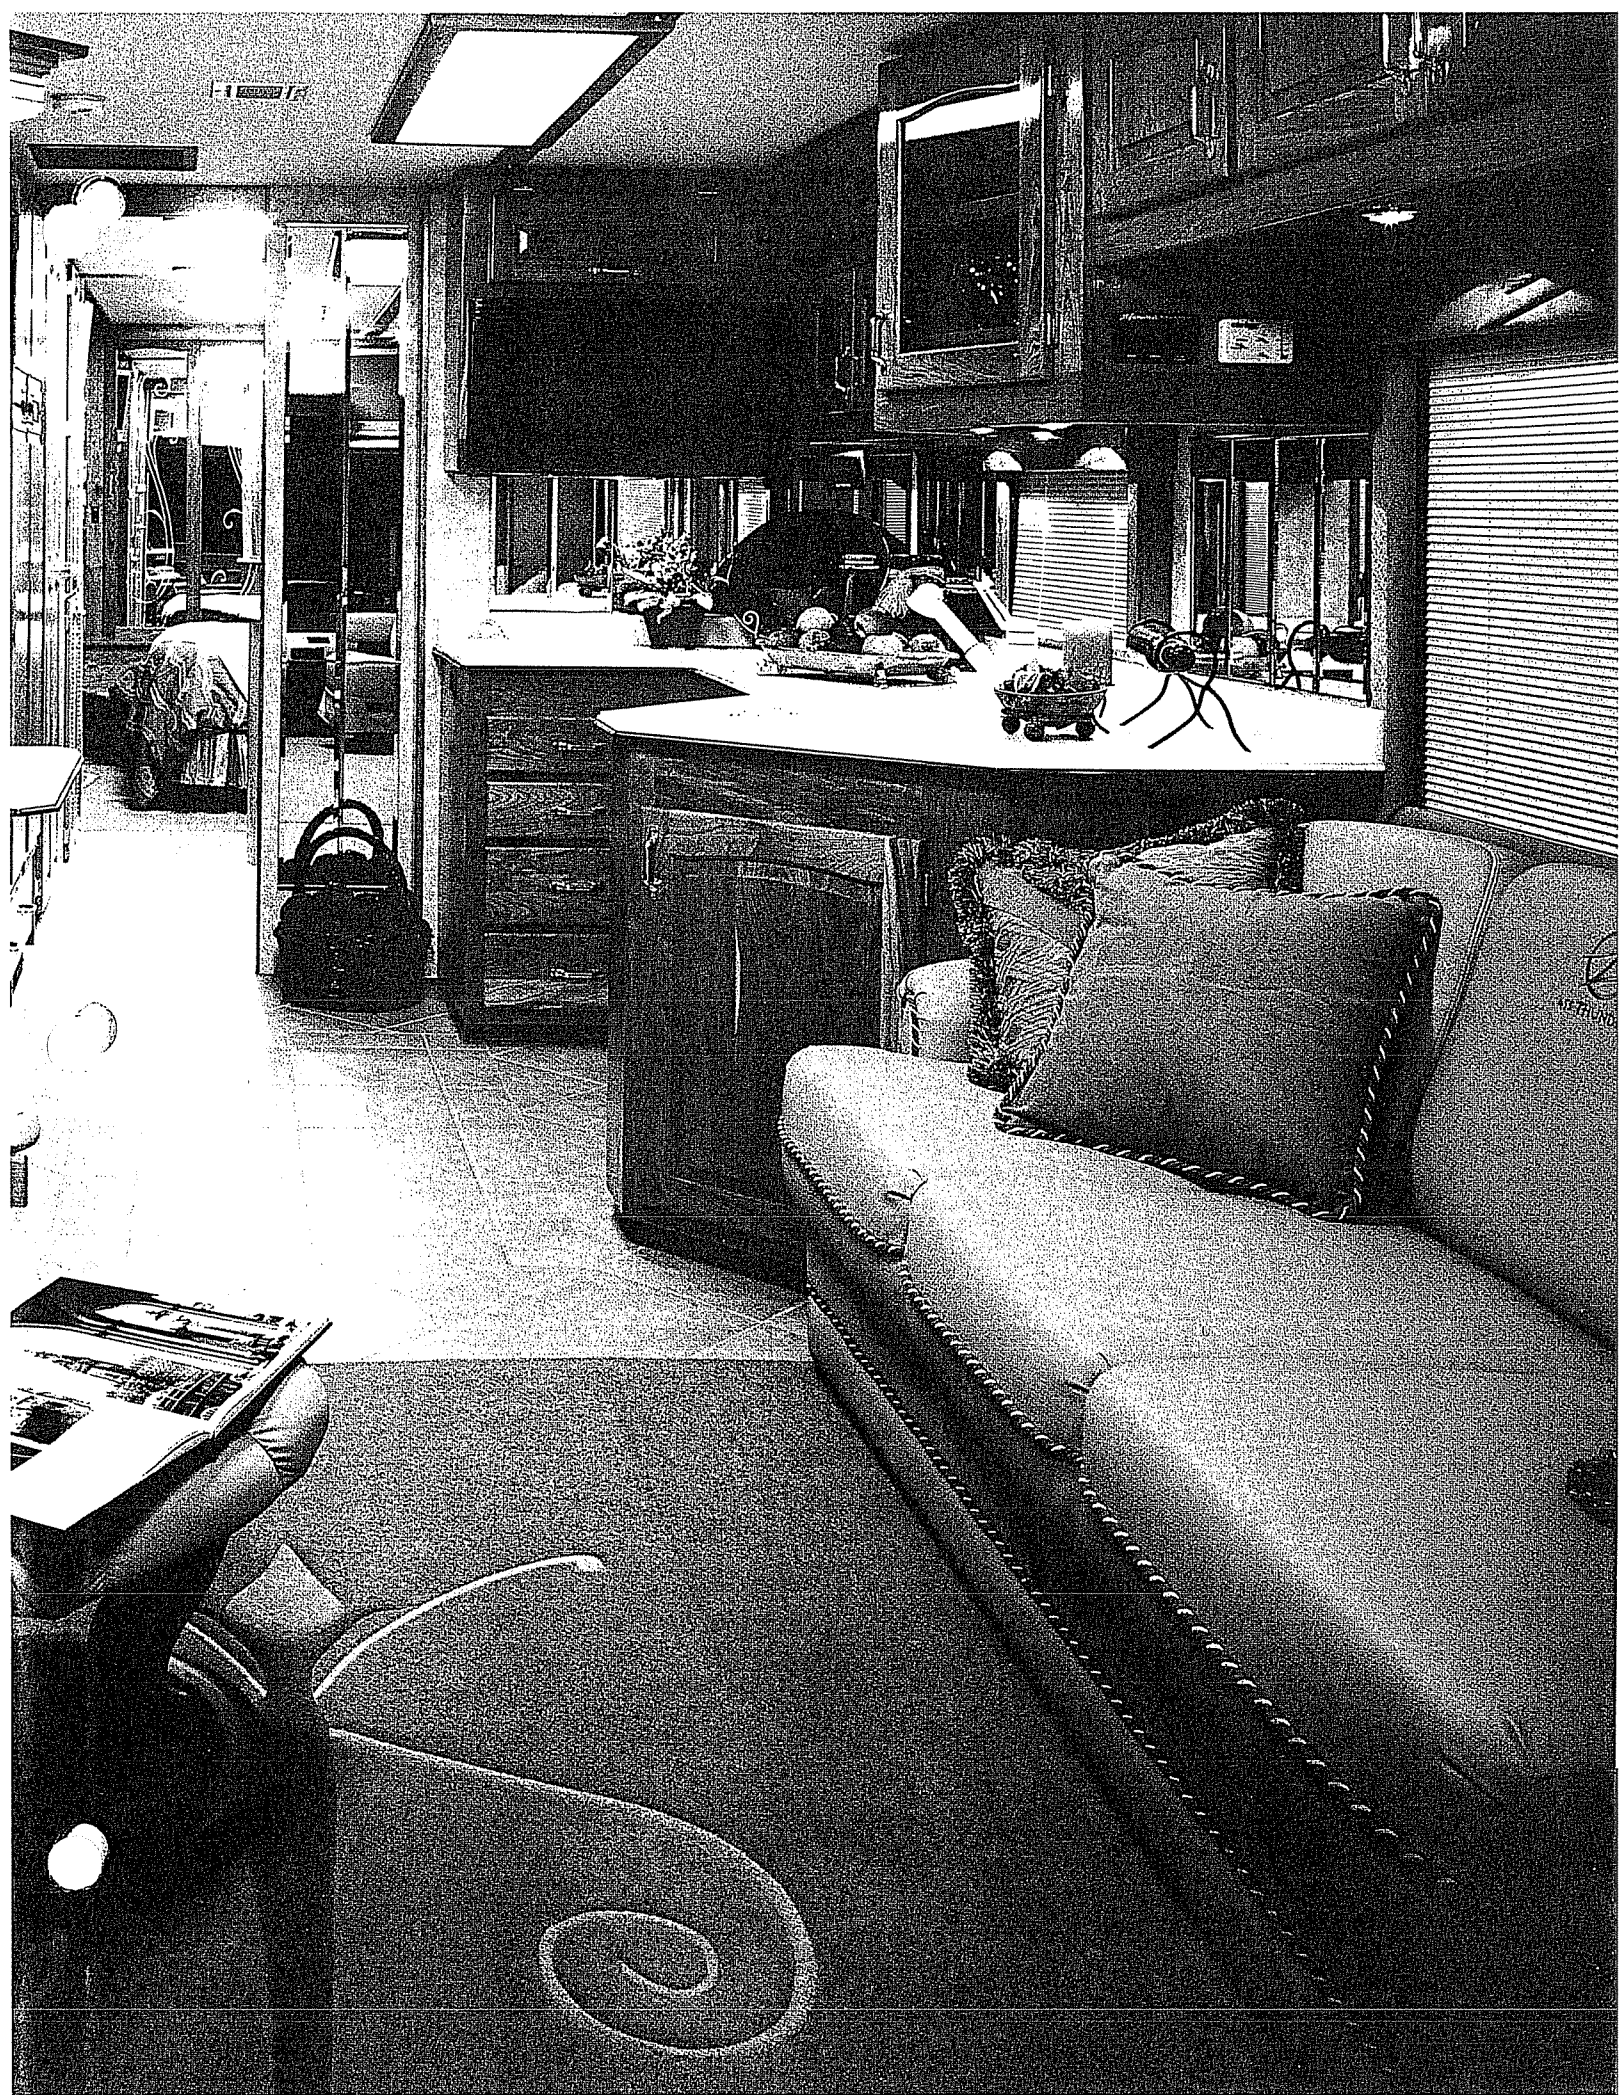

Speak Softly and...

Looking for more? Find more power, luxury and standard features in the Patriot Thunder. The Thunder features a list of upgrades and standard features that demand attention. Built on a custom Magnum® chassis by Roadmaster, its massive raised rail design is equipped with a Caterpillar® C-12 engine offering 455 horsepower and 1,550 foot-pounds of torque. The Patriot Thunder is more than a distinctive exterior paint design. Find designer interior combinations, the subtle inclusion of the Thunder logo on the cockpit seating and upgraded UltraLeather™ sofa. Many unique features round out the offering of the Patriot Thunder, making it a perfect choice for power and refinement.

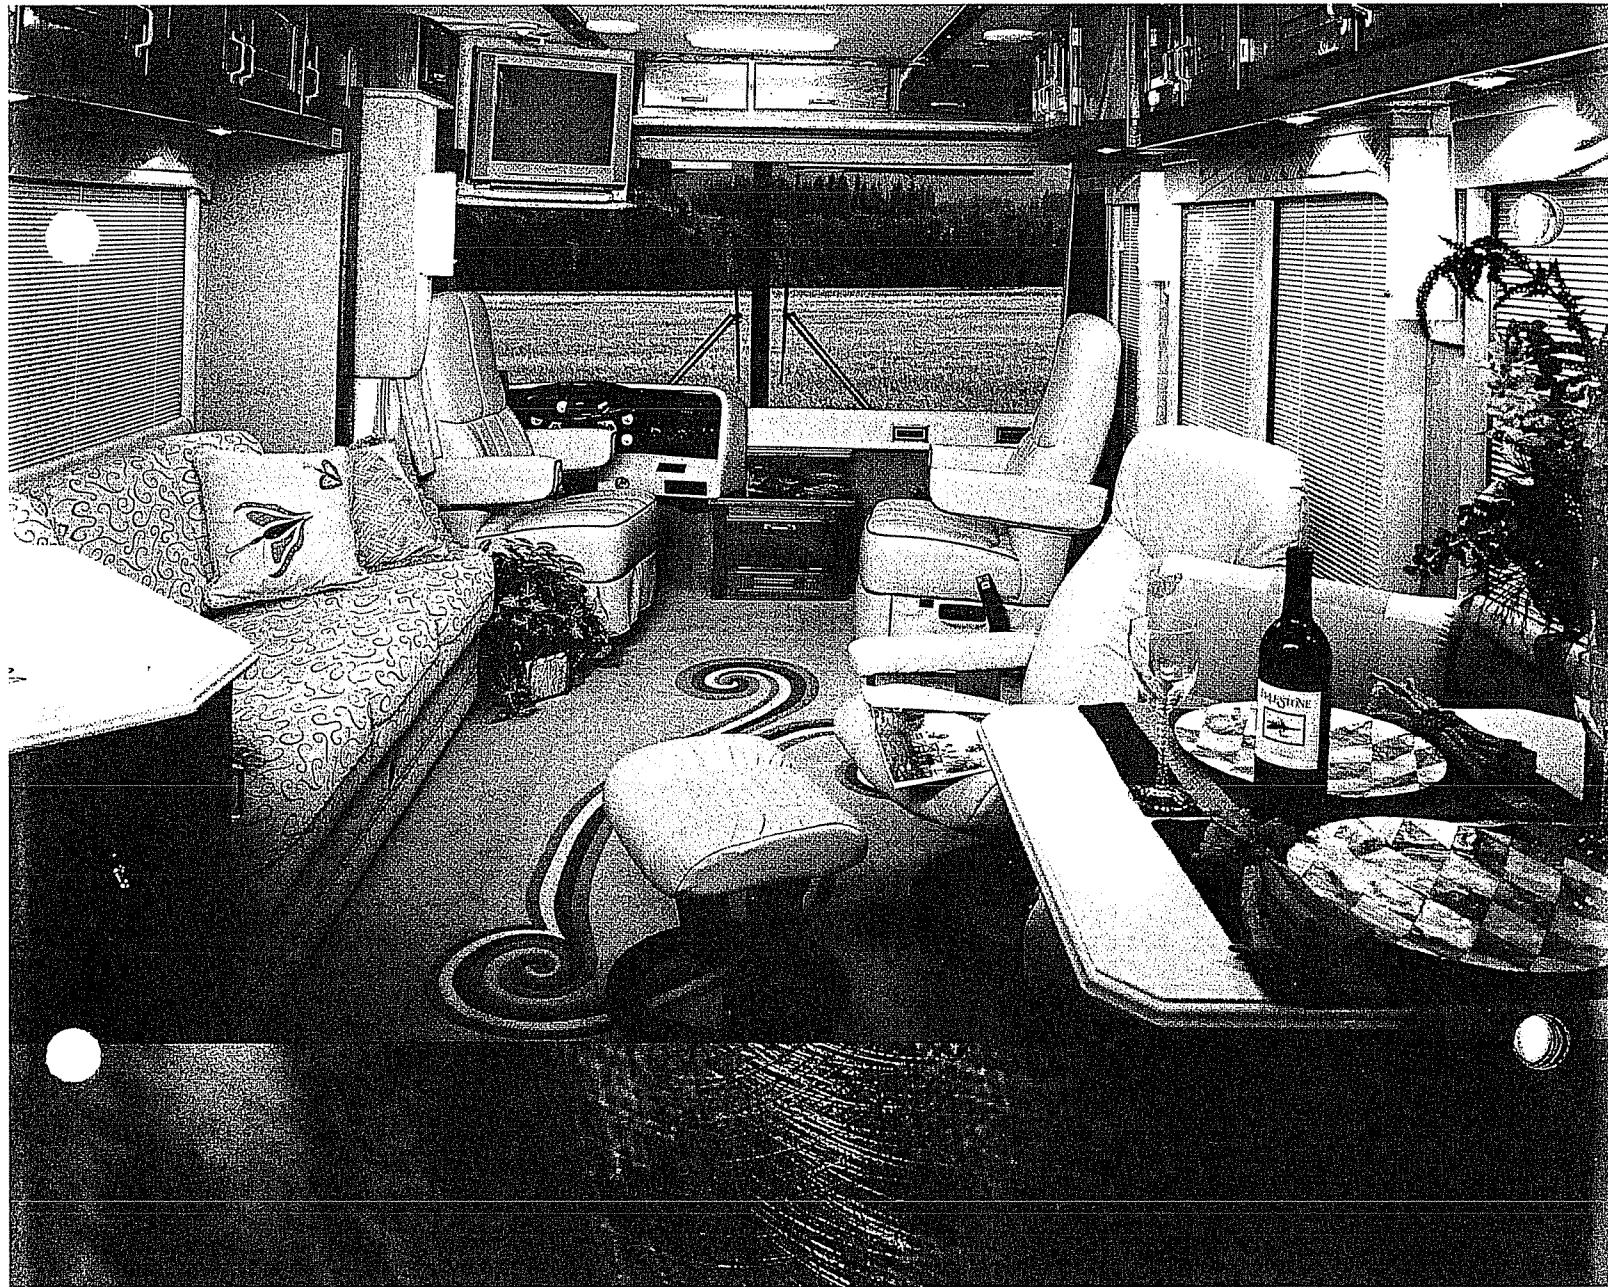

Finishing Touches

The delight is in the details of the Beaver Patriot. Living areas in the Patriot feature our industry-leading slide-out kitchen and living room. This 16"-deep slide room provides a bounty of additional living space, yet is designed to maintain the utility of the living space when the coach is on the road. Storage space under the slide-out room is easily accessed – it moves out, too! Large kitchens are appointed with Fountainhead™

solid-surface countertops and deep double-bowl sinks, a micro-convection oven, a refrigerator with icemaker and expansive cabinetry. Your favorite recipes are a treat to prepare in Patriot's well-designed kitchen. A well-appointed dining area invokes memories of long conversations over a thoughtfully prepared meal. No details are forgotten.

*Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

Due to the large variety of options and floor plan arrangements available to our customers; actual weights for each unit can differ significantly. Beaver provides a weight sticker on each unit we produce which includes that unit's tank capacities and approximate weight. Consult your local Beaver dealer for unit availability and further information.

The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without notice. This includes the substitution of components of a

different brand or trade name, which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floor plans. Photographs may show props or decorations that are not standard equipment on Beaver. Beaver, the Beaver logo and its design, are registered trademarks. All other products and company names are trademarks and/or registered trademarks of their respective holders.

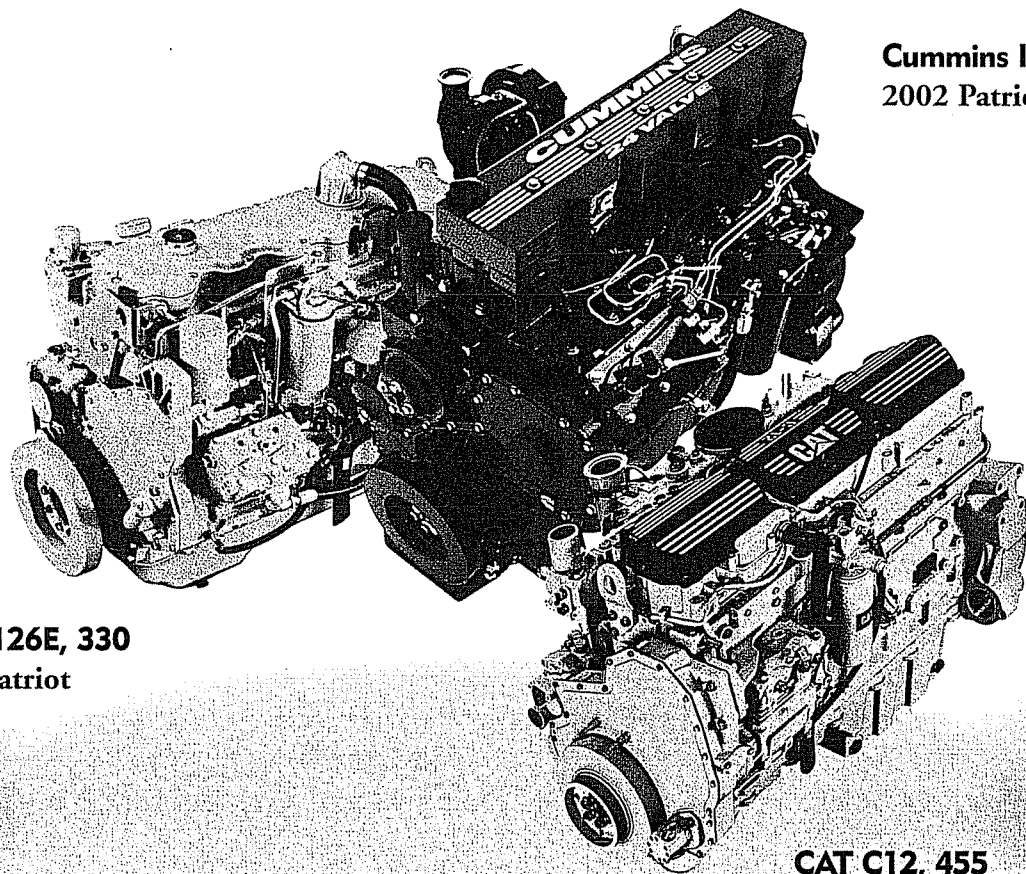

While the color of the motorhome's exterior and the interior fabrics depicted in this sales brochure are fair and reasonable depictions, the colors depicted may not

be an exact match of the actual colors because of the variances in photo-processing and variances caused by inserting the photographs within the sales brochure. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer prior to submitting your order.

Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed load exceeds 1,000 lbs.

You Have a Powerful Decision to Make

Now, with the addition of Cummins diesels, Beaver offers you a choice between the most powerful diesel engines available in the RV industry.

Cummins ISL 400
2002 Patriot

CAT 3126E, 330
2002 Patriot

CAT C12, 455
2002 Patriot Thunder

Beaver now offers you the choice
of Cummins and CAT engine packages,
and puts the power in your hands.
It's that simple.

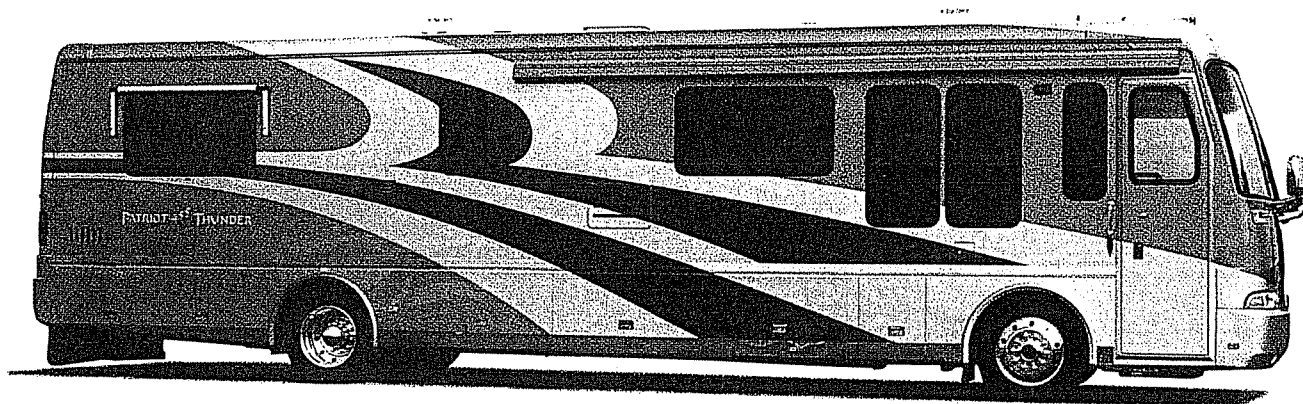

2002 Patriot

Cummins: ISL 400 Engine (400 horsepower, 1200 lbs./ft. torque) with Jake brake and side radiator including full air disc brakes front and full air drum brakes back, and adjustable pedal

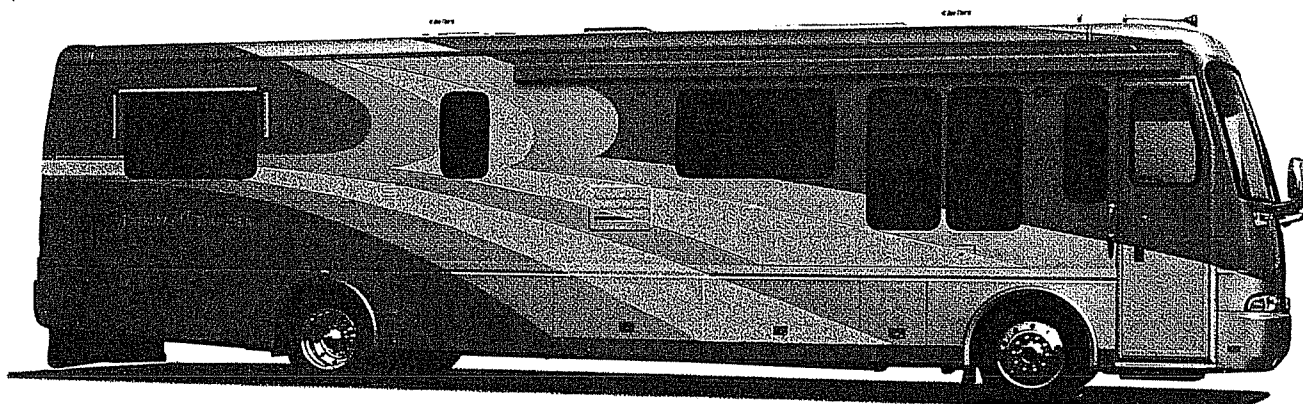

CAT: 3126 turbo-charged computerized electronic diesel (330 horsepower, 860 lbs/ft torque)

2002 Patriot Thunder

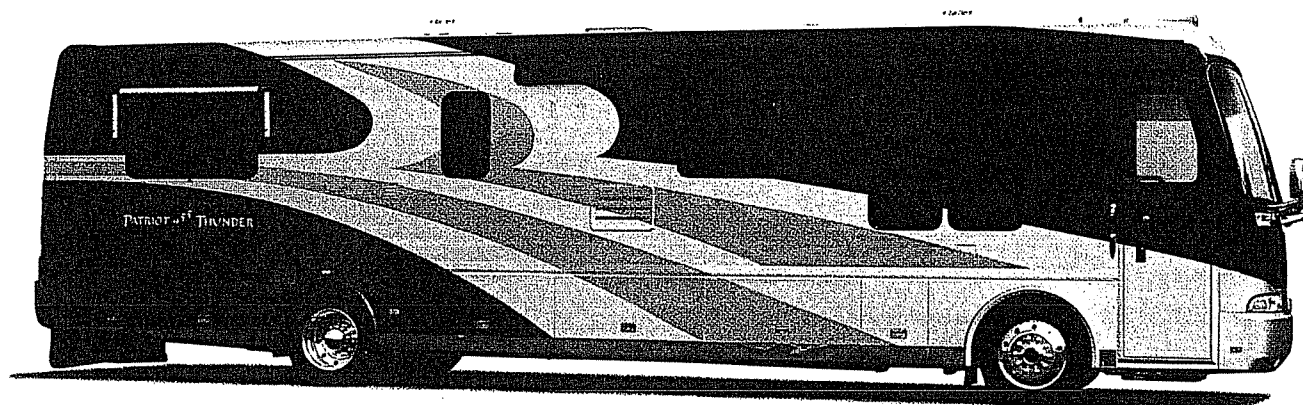

CAT: C12 turbo-charged computerized electronic diesel (455 horsepower, 1550 lbs/ft torque)
