Flagstaff CONSTRUCTION

Quality built trailers always bring the same results: long-lasting products you can depend on to enjoy with your family year after year. These are some of our highlights.

- A** Glued and screwed wood cabinetry
- B** Extra large dinette storage drawers
- C** Dexter® Axles & Easy Lube Hubs
 - Independent wheel suspension and self-damping action
 - Rubber cushioning eliminates metal-to-metal contact.
 - Forged torsion arm for maximum strength
- D** Aluminum dinette frames for added strength and weight savings
- E** Full extension metal drawer guides in the kitchen
- F** Fiberglass exterior with deluxe graphics
- G** Vacuum-bonded floor with 16" on center aluminum floor joists (*Std. Super Lite, select Shamrock models*)
- H** Enclosed underbelly protects trailer components as well as increasing aerodynamics (*Super Lite only*)

Wall Strength

Vacuum-Bonded Laminated Construction

Flagstaff is one of the few light weight manufacturers that is a fully 6 sided vacuum-bonded trailer. Our walls, floors, roof, fronts and backs are all built vacuum-bonded to ensure a light weight strong structural trailer.

Roof Construction

- A** Vacuum-bonded roof with 2" radius
- B** Radius roof foam with built in insulated A/C ducts
- C** 4.5" thick roof foam

233S

Savannah with Hickory

The 233S has a third 60"x 80" fold down bunk.

Flagstaff SHAMROCK

Shamrock continues to provide industry-first achievements as a hallmark to their dedication to serve you with the best products. The expansive, triple bunk unit provides plenty of room for any family to spread out. It's no wonder Shamrock is the top choice for expandable trailers.

Flagstaff SHAMROCK

There is more to the Shamrock series than first meets the eye. Flagstaff has designed specific models to meet individual needs. From the front deck models that allow you to bring your ATV's or golf carts along, to the rear slide models that provide expandability with solid walls for the feel of a traditional trailer, Flagstaff's Shamrock series has the model for you.

PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!
