After 40 years of building Jayco, the world's largest privately-owned RV manufacturer, our family is proud to stand behind every Entegra Coach we build with the Bontrager Family Promise. It's a promise to provide unfailing customer service — before, during and after the sale. To learn more, visit us online or see your local Entegra Coach dealership.

DERALD & WILBUR BONTRAGER
FOUNDERS OF ENTEGRA COACH

A PEACE-OF-MIND PROMISE

2-YEAR WARRANTY / 5-YEAR STRUCTURAL

Our family is proud to stand behind every Entegra Coach we build. That's why we back our motor coaches with a manufacturer's limited warranty, warranted to the original purchaser for two years (five years structural) from the original date of purchase or 24,000 miles of use, whichever comes first, against defects in materials and workmanship. Our commitment is to provide you with the highest level of products and services possible. We invite you to compare us with other manufacturers — we think you will find that our passion for your satisfaction is unmatched. For a copy of the limited warranty with full terms and conditions, ask your local Entegra Coach dealer.

3-YEAR PLATINUM-LEVEL ROADSIDE ASSISTANCE

We promise peace of mind in countless ways with the Entegra Coach Customer First Roadside Assistance program, yours at no cost during your first three years of ownership. Offered through National Motor Club, the largest RV emergency road service in the country, this program gives you immediate access to dependable roadside assistance and support service with a simple phone call.

- 24/7 technical support and assistance technicians
- Service appointment assistance
- Mobile mechanic
- Emergency road towing and winching
- Delivery of emergency fluids
- Flat tire service
- Jump start/battery boost
- Lockout services
- Complete concierge service (including many types of errands and personal services)

2014 Anthem.cdr JM 3-14 V.4 Printed in the U.S.A.

Gross Vehicle Weight Rating (GVWR):

The maximum permissible weight of the motor coach, including the Unloaded Vehicle Weight (UVW) plus passengers, personal items, all cargo, fluids, options and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the Cargo Carrying Capacity.

Gross Axle Weight Rating (GAWR):

The maximum allowable weight each axle assembly is designed to carry, as measured at the tires, therefore including the weight of the axle assembly itself.

Gross Combined Weight Rating (GCWR):

The maximum allowable combined weight of the motor coach used as a tow vehicle and the attached towed vehicle.

It is important for your safety and enjoyment that you are aware of the weights and tow ratings of the RV you select. Consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your RV before heading out on the roadways. When you tow a vehicle with your RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Entegra Coach affixes a weight label to each RV which lists weight information for that vehicle. Refer to that label to verify the vehicle will meet your requirements. See specification chart within this publication.
