Camping Made Easy
The easy-to-use Canimex dual drive/dual purpose winch and drill bit, combined with a cordless drill, raises and lowers the roof in under 30 seconds. A manual override is provided.

X-Cable technology adds additional stability to the roof and prevents over cranking of the roof.

There’s no need to crawl across the beds to install the tension rafters. Clipper’s exclusive two-piece tension rafter is another example of how Clipper makes camping easier.

Clipper’s innovative, user-friendly system increases leisure time. Set up in five minutes and let the good times roll!

Easy to Set Up, Use and Store

The four heavy duty scissor-style stabilizing jacks extend and retract easily using a cordless drill and the Canimex drill bit.

This exclusive “Glide-N-Lock” cable supported bed system eliminates the need for support poles under the beds. Simply pull out the beds until they lock into place and install the tension rafter.

Certified GREEN by Freerange.

The easy-to-use Canimex dual drive/dual purpose winch and drill bit, combined with a cordless drill, raises and lowers the roof in under 30 seconds. A manual override is provided.
More Clipper Exclusive Features

Four Layer Insulated Roof
Braced For Air Conditioning.

A. One Piece Seamless Fiberglass Skin
B. Luan Plywood Underlayment
   No one else includes the extra wood layer between the top skin and internal foam that provides stiffness and reduces the probability of damage due to hail, road debris, etc.
C. Foam Insulated Roof Structure
D. Vinyl Coated Ceiling
   Easy to clean and minimizes interior condensation
   ■ Roof vent is placed off to the side so the A/C can be center-mounted without having to remove the vent. This design allows you to have both the vent and A/C.

Wide Trac Suspension
Better safety and stability on the road.
   ■ Widest stance of any folding camper
   ■ Improves towing safety and stability
   ■ Stronger axle beams than most competitors
   ■ Steel frame with powdercoat protection

Roof Side Z-Rail
Channels water away.

1. Roof’s Outside Skin
2. Body’s Outside Skin
3. Water tight Seal
4. Z-Rail channels water away from wood

■ Z-Rails on roof perimeter and sidewalls keep wood above water level collection points.
■ Others use U channel where wood and water can come in contact at the bottom of the channel.
■ Channels are kept open to allow water to run out like a gutter.
■ Others attempt to seal channels to keep water out; when the seal is compromised, water will collect and cannot escape.

Dexter® E-Z Lube® Axles
Wide Trac Suspension
Better safety and stability on the road.

One Piece Seam less Fiberglass Skin
No one else includes the extra wood layer between the top skin and internal foam that provides stiffness and reduces the probability of damage due to hail, road debris, etc.

Luan Plywood Underlayment
Solid wood, steel reinforced frame, with 1” thick high density foam, and laminated wood panels top and bottom

More stable bed end vs. chipboard or spliced plywood

Insulation improves comfort and warmth
Retractable clothes bar (Standard on Classic, V-Trec and Hardside models)

Powerful Fan-tastic power roof vent moves air like no other.

Jensen AM/FM/Bluetooth stereo with App control includes Interior/Exterior speakers (Standard on Classic, V-Trec and Hardside models)

Higher density foam enhances comfort and durability

E-Z Roll, lined privacy drapes

X Cable technology stabilizes the roof and prevents overcranking

LED bunk end fan lights (N/A Hardside models) The E-Z one-hand swing level galley gets you cookin’ in no time! (Classic and V-Trec models)

Exterior grill (N/A on LS series)

The Goshen Stamping double-wide lift arm system offers strength, stability and increased wind resistance. (Limited lifetime warranty)

1285SST

1285SST
Experience a comfortable night’s sleep with a Serta memory foam mattress.

The Create a Breeze fan circulates five times more air than a conventional 12 volt fan.

The Dometic Cool Cat 10,150 BTU heat pump is standard on Clipper hardside camping trailers.

Double 20# LP Tanks with cover

Long-lasting LED lighting brightens the interior

Clipper hardside camping trailers provide more exterior storage space than any other model in its class. This extra large front storage deck has a removable, fully enclosed ABS box.

Easy To Enjoy!

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit’s axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs. per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

*Estimated Average based on standard build optional equipment.

** Estimated average based on standard build optional equipment.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc., reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision. ©2016 Clipper by Coachmen, a Division of Forest River, Inc., a Berkshire Hathaway company.
