Why Aspect?

- Ultraleather™ furniture
- Swivel cab seats
- LED lighting
- Available Ideal Rest® Nouveau digital comfort control mattress
- Rear storage trunk with drain plug and folding table
- 4,000-watt Cummins® Onan® MicroQuiet™ gas generator
- Available solar panel/battery charger system
- Available tankless water heater with recirculation pump
Lead the Way

Winnebago® continues to lead the Class C market thanks to a commitment to quality construction and innovative features. The Aspect® embodies this mantra with standard amenities such as swivel cab seats that become part of the lounge and a large exterior storage trunk with a recessed compartment where you can keep drinks on ice. Available upgrades include dual-pane Contour™ frameless windows that are unrivaled for their quality in the Class C market. Choose from two floorplans, both with walk-around queen beds and robust entertainment centers, that provide all the residential comfort you crave when you’re on the road. Lead the way in comfort and class in a Winnebago Aspect.
Surround yourself in the comfort of Ultraleather, whether you’re dining in the BenchMark® dinette or relaxing in one of the sofa/sleeper options, such as the Rest Easy® sofa or Flexsteel Fold N Tumble. Select the Interior Upgrade Package for additional stylish amenities such as a wall mirror (27K), throw pillows, MCD solar/blackout roller shades, and many more features throughout the coach. Available Contour™ windows demonstrate Winnebago’s obsessive attention to detail with a frameless design that sits flush to the sidewall, reducing wind noise and providing a superior seal. Details such as USB chargers throughout the coach and the rain cover on the available MaxxAir™ powered ventilator fan put your mind at ease so you can sit back and enjoy your HDTV.
The Aspect dedicates ample space for meal preparation with a polished Corian® countertop and a flip-up extension in the 30J. New this year, the 3-burner range is recessed into the countertop with a glass cover to expand your prep space even more. A microwave/convection oven pulls double-duty, heating food faster while baking and browning like a conventional oven, saving space for storage below the stove. The two-door refrigerator/freezer sits next to a sliding pantry in the 27K that is perfect for soups and spices. If you prefer to maximize your cold storage, the entire unit can be replaced with a four-door refrigerator/freezer with icemaker (27K).
The bedroom was designed to be a relaxing, roomy retreat with a wardrobe slideout that makes way for a walkaround queen bed and wall-mounted bedroom HDTV. Select the Ideal Rest Nouveau digital comfort control mattress with a remote to adjust the firmness to your desired setting. The bathroom's curved lines create a sense of space and house a roomy shower with a self-cleaning retractable shower door in the 27K and a curved glass shower door in the 30J.
Tackle the hills with the power of a 305-hp. V10 SEFI Triton Engine and 6-speed TorqShift transmission, the driving force of the rugged Ford® E450 chassis. In the cab, a 6.2” touchscreen incorporates radio, DVD receiver, Bluetooth®-connected devices, and the rearview monitor. Upgrade to the Infotainment Center with Rand McNally RV GPS for turn-by-turn voice guidance and trip details. Both cab seats swivel and recline making them ideal for long trips or lounging at the campsite.
The Aspect accommodates your outdoor lifestyle beautifully with a powered patio awning, LED patio lights, and a large rear storage trunk for your gear. The trunk has a rotocast base with a drain plug where you can keep drinks on ice and a folding table is included for your tailgating snacks. Add the Entertainment Center with an AM/FM stereo, CD/DVD player, and a remote to play music or listen to the game on the built-in stereo speakers.
Every coach—from our smallest Class C to our largest diesel-pusher model—is built to Winnebago’s® legendary SuperStructure® construction design. It’s a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

Warranty
12-month/15,000-mile basic limited warranty
36-month/36,000-mile limited warranty on structure
10-year limited parts-and-labor warranty on roof skin

FOOTNOTES
1. The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please check with your dealer for further information.
2. Floorplans feature a wide-body design - over 96” in width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
3. The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
4. Capacities are based on measurements prior to tank installation. Small capacity variations can result due to installation applications.
5. Capacities shown are tank manufacturer’s listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
6. Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator’s Manual of your vehicle for further towing information.
7. See separate chassis warranty.
8. See your dealer for complete warranty information.
9. Not Available
Not all items available in combination. See dealer for details.
Winnebagos® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Published content reflects the most current product information at time of printing. Please consult your dealer for individual vehicle features and specifications.
