We'll take you there.

“We’ll never own another brand again!

We chose the Imagine because these three never agree on anything- but they all LOVED it. You all have thought of everything! Even when the campsites end up being a flop, we enjoy our time with each other because our camper rocks! It’s also nice getting so many compliments on it too.

- Nikki Jackson

“Honestly, I can’t imagine using anything else, we totally love our trailer.

As a professional athlete, I have been traveling and living on the road for almost a decade now. We have used several different rigs throughout my career, though this has been by far the most luxurious, spacious, and easy traveling on the road with our Grand Design Imagine 2800BH.

- Nick Troutman
World Champion/ Professional Kayaker

“Once we discovered Grand Design, there was no looking back.

We shopped for over two years and could not make a decision on a travel trailer until we found the Grand Design website over the winter and found a dealer a couple hours away. With one careful look at the Grand Design Imagine, we observed that it was well insulated and several degrees cooler than the other brands on the lot. We also observed an attention to design that is lacking in the competition.

- Wade King

“One of the best parts of owning an Imagine is the support of Grand Design and all of the loyal owners.

If you have an issue, someone will have the answer. Using social media, The Grand Design family extends everywhere. I love that my Imagine looks like a much more expensive trailer. It turns heads all the time! We chose the Imagine over other brands because it was simply a better product. We have had our Imagine for a year and when we look at other trailers, it reinforces our decision to buy the Imagine. One of the best parts of owning an Imagine is the support of Grand Design and all of the loyal owners.

- Randy Hammond

With innovative floorplans starting around 5,000 pounds, Imagine hits the towing sweet spot for today's medium duty trucks and SUVs. Imagine does so without the compromise that other manufacturers feel forced to in pursuit of lighter weight.

Imagine XLS expands the lineup with floorplans starting under 4,500-pounds. XLS welcomes even more of today's medium duty trucks and SUVs.
BUILT TO A HIGHER STANDARD

MAXIMUM INSULATION

1. FULLY LAMINATED WALLS (R-7)
   Sidewalls, rear wall, sliderroom endwalls, and sliderroom roof are all laminated construction with rigid foam insulation. Many others use soft fiberglass insulation in the rear wall and sliderrooms that can settle over time and leave uninsulated air gaps.

2. DOUBLE INSULATED FLOOR / UNDERBELLY (R-30)*
   The enclosed and heated underbelly features a layer of radiant foil insulation and the main floor adds an additional layer of insulation. The sliderroom floors are also insulated with radiant foil. (R-24*)

3. DOUBLE INSULATED ROOF (R-40)*
   A layer of fiberglass insulation and a layer of radiant foil insulation covers the full length of the roof.

4. DOUBLE INSULATED FRONT CAP (R-40)*
   Grand Design goes the extra mile by extending both the radiant foil and fiberglass insulation layers from the roof, and wraps them all the way around to the bottom of the front cap.

*Equivalent R-Value

4-SEASONS PROTECTION PACKAGE

MAXIMUM HEATING POWER

A high performance furnace delivers up to 35,000 BTUs of heating power. (25,000 BTU for Imagine XLS)

MAXIMUM FUNCTION

Heated and Enclosed Underbelly with Suspended Tanks
Heated and Enclosed Dump Valves
Designated Heat Duct to Subfloor

EVENFLOW HEATING SYSTEM

Evenly distributes heat from the front to the rear without vents in floor that collect dirt and debris.

Imagine's design has been put to the test in extreme temperatures ranging from a frigid 15 degrees to a scorching 100 degrees. Third party extreme testing showed that the Imagine remained functional and achieved very comfortable temperatures.

Note: Testing was performed in a temperature controlled chamber and does not account for variables such as wind, humidity, and altitude. Due to the number of potential variables, temperatures reported during testing may differ from temperatures achieved during actual use of the unit in nature.
COMFORT AND CONVENIENCE FEATURES

- Motion Sensor LED Lighting
- LP Quick Connects
- Walk-On Roof W/ Rear Ladder
- Oversized Tank Capacities

ALUMINUM ENTRY STEPS
(Imagine Shown, XLS has 2 Steps)

UNIVERSAL DOCKING STATION
All-in-one location for utilities and hookups.

DEEP SEATED STAINLESS STEEL SINK WITH COVER

TESTED TO A HIGHER STANDARD

We put EVERY Grand Design RV through a series of quality inspection gates during the manufacturing process. Once completed, the unit undergoes a comprehensive final finish inspection. From here, most manufacturers ship their coaches on to the dealer for retail sale. Not Grand Design... Every one of our coaches are shipped to a separate PDI (Pre-Delivery Inspection) location where they are again put through a 280+ point inspection process. It is only after this that we deem a unit ready to ship to our dealers.

BACKED TO A HIGHER STANDARD

Every Grand Design RV is backed with a class leading 3-year limited structural warranty. By selecting suppliers with similar philosophies, many components used on our coaches also carry an extended warranty through the component manufacturer.

- AXLES (5 Years)
- CHASSIS (3 Years)
  (Main Frame, Steel Frame Outriggers and Cross Members)
- ROOF COVERING (12 Years)
- TIRE WARRANTY
  (5 Years w/ 12 Months no questions asked replacement for manufacturer defects)

- EXTERIOR GRAPHICS (5 Years)
"STAYS MADE" MURPHY BED

Comforter stays made even when in raised position.

EXTERIOR & CONSTRUCTION

Solar Power Inlet
Backup Camera Prep
80% Tint Radius Safety Glass Windows
20# LP Bottles (2)
28" Radius Entry Door
Exterior Speakers
High Capacity Water Pump
Extra Large 11/2" Fresh Water Drain Valve
Battery Kill Switch (Pass thru)
Oversized Tank Capacities
Gel Coated Fiberglass Exterior
One-Piece Roof Membrane w/ 12-Year Warranty
Easy Access Low Point Drain Valves
Insulated Storage Doors
Magnetic Storage Door Catches
Laminated Aluminum Framed Rear Wall (R-7)
Laminated Aluminum Framed Side Walls (R-7)
Laminated Aluminum Framed Roof and End Walls in Slide Rooms
Laminated Aluminum Framed Main Floor (R-30*)

Rev. 11/14/18
Thank you for taking the time to tour our coach. We would like to share what sets Grand Design RV Company apart from all other RV manufacturers and why this difference is important.

Grand Design’s founders were part of the ownership team of the largest travel trailer and fifth wheel manufacturer in the world. While proud of this accomplishment, it became difficult to stay in touch with customers, employees, and ultimately the quality of the final product. It was obvious there was a better way.

In 2011, we started with a blank canvas to pursue that better way, a different way, than what had been done before. A company whose culture requires a long-term, personal connection with customers, employees, and dealers – that company is Grand Design RV. This business model of doing the right thing has led us to unparalleled years of growth.

**LONG TERM VALUE**
Everything we do at our company is designed to build long term value in what we offer our customers, "more features and superior value for your dollar."

**CUSTOMER FOCUS**
Our focus, from the very first day we opened our doors, revolves around our customers. Your satisfaction is our future.

**STAYING CONNECTED**
Magic happens when the CEO and Senior Management actively work with the production facilities to help build the team and develop products.

**EXPERIENCED WORKFORCE**
Our local workforce has been hand-picked and has an excellent reputation for second-to-none industry craftsmanship.

**CLASS LEADING WARRANTY**
We back every one of our coaches with a 3-year limited structural warranty.

**RAISING THE QUALITY BAR**
We put every Grand Design RV through a series of quality inspection gates during the manufacturing process. Once completed, the unit undergoes a comprehensive “final finish” inspection. At this point, most manufacturers ship their coaches onto the dealer for retail sale. We aren’t most manufacturers. Every one of our coaches are shipped to a PDI (Pre-Delivery Inspection) area where they are put through a rigorous 280+ point inspection checklist. It is only after PDI certification that we deem a unit ready to ship to our dealers.

**SUPERIOR SERVICE**
Anything built by humans that travels down the open road is subject to issues. It’s how those issues are addressed that makes Grand Design stand out. Don’t just take our word for it, visit the Reflection owners page (Grand Design Imagine Owners) or (Grand Design RV Owners) on Facebook and see for yourself. We take care of our customers after the sale. An informed customer will be a Grand Design customer!

At Grand Design our goal is simple – continue leading the industry with quality products while improving the customer’s RV experience before, during and after the sale. We strive for nothing less than customers for life and we would be honored to personally welcome you to the Grand Design RV family!

Warmest Regards,

Don Clark
President / CEO / Co-Founder

Grand Design RV
was created in 2012 and founded by close friends Don Clark and brothers Ron and Bill Fenech (Representing over 80 combined years of experience in the RV Industry).
