"After our Keystone travel trailer was stolen, we were heartbroken because we loved it so much! But once it came time to purchase another RV, going with Keystone was a no-brainer because of how happy we were with our old model. We chose the Keystone Carbon because of the second bathroom in the Garage and the ramp that folds into a back patio. Traveling part time with little kids, this seemed like a great way to maximize places for them to play!"

"Keystone definitely went over the top on this toy hauler. It's the closest in interior design to the 5th wheel that we could find. Happy Camping!!"
