

A SPARK OF GENIUS

AMPED

The Lightweight Toy Hauler

EVERY TRAIL LEADS YOU HOME.

The Amped 24FQS features the rear power bed with bottom lounge providing plenty of room for everyone when it's time to hit the hay.

The unique storage opens up loads of pass-through space by engineering a step-up bedroom.

The Amped 24FQS boasts tons of room for entertaining. Jack knife sofas are comfortable and fold down at night for guests. Two barrel chairs in place of the door side sofa is an option on many models.

Take it All with You

When it's time to hit the road on your next big adventure the Amped is equipped to get you there. Taking it all with you is the name of the game. Unique to the Amped toy hauler is pass through space that allows you more storage in an easy-to-tow travel trailer. The one-of-a-kind step up bedroom creates more storage than any other toy hauler travel trailer out there.

We dare you to stay out on the trail longer. The Amped is ready to go the distance. A 106-gallon fresh water capacity, 41-gallon gray and black water tanks and 18-gallon fuel tank will keep the adventure going longer.

When it's time to recharge, all Amped bedrooms are outfitted for your deepest slumber. A true queen-size bed provides plenty of room to stretch out and prepare for the day ahead.

QUALITY INTERIORS FOR WORK AND PLAY

EverGreen's Amped has all the provisions for your next adventure. We've equipped the kitchen with all the conveniences of home. Preparing your meals is a breeze with an eight-cubic foot double door

refrigerator, microwave with range hood and flush mount three-burner range with glass top and oven. Solid surface countertops and new backsplash add a touch of high-end style. In the garage a heavy-duty, seven and a half foot ramp door system is rated for 3,000 pounds making loading simple and 6,000-pound D-ring tie downs keep everything secure.

This three-burner cook top with glass cover adds a contemporary touch to the kitchen.

FABRIC CHOICES

NO ONE BUILDS TOY HAULERS LIKE EVERGREEN.

CONSTRUCTION FEATURES

Walls

- 1 Tough substrate in garage area
- 2 Fully welded aluminum frame
- 3 High-density, block foam insulation
- 4 Black aluminum tread plate kick panels in garage
- 5 Glossy fiberglass-reinforced exterior

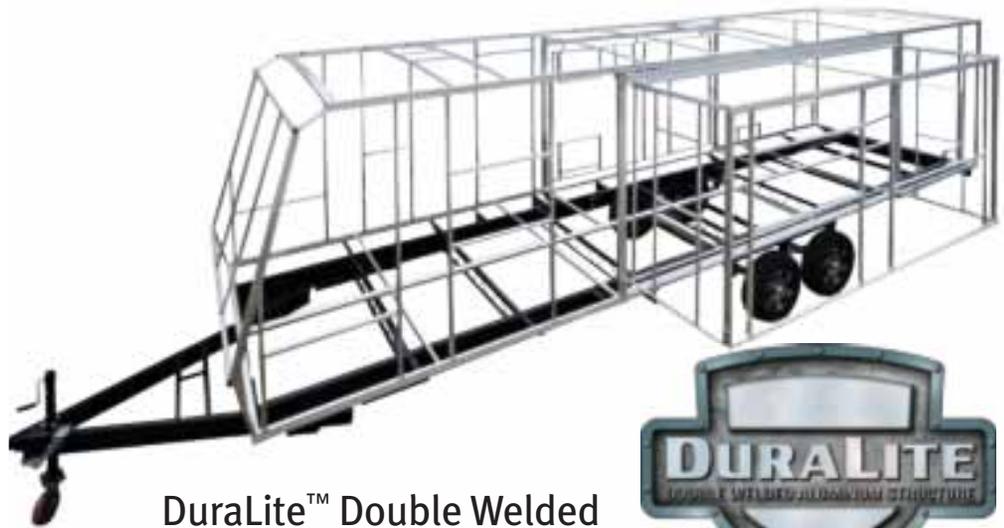

Since we first changed the RV industry with the first composite travel trailer, we've been busy focusing on the innovation front with new manufacturing and material specifications to build a better, lighter weight trailer for your family.

Roof

- 6 Tough substrate
- 7 Crowned roof system
- 8 Fully insulated
- 9 Full 99-inch interior height
- 10 Reflective, white roofing

FLOOR

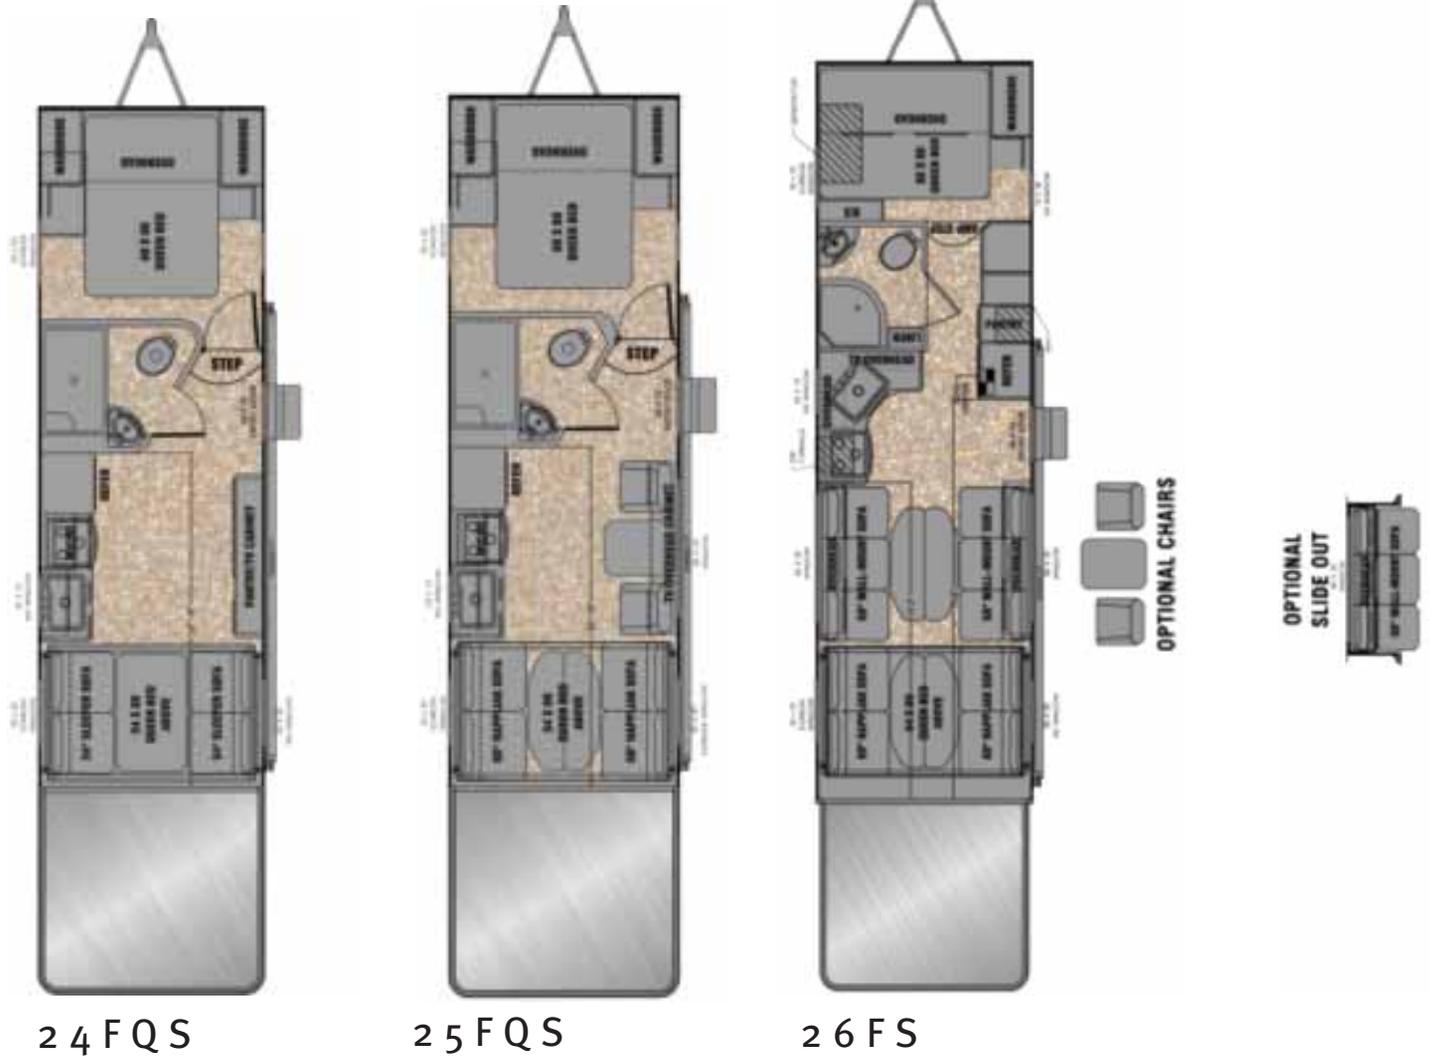

- 11 Enclosed underbelly
- 12 Fully welded aluminum frame
- 13 Woven plastic floor brace
- 14 Marine plywood in garage area
- 15 High-density, block foam insulation
- 16 Padded "No-Crack" vinyl floor
- 17 8-inch steel I-beam frame

DuraLite™ Double Welded Aluminum Structure

Amped is built on the DuraLite Double Welded Aluminum Structure. It includes a double-welded aluminum frame construction in the walls and floors, with header framing around all doors, windows and baggage door openings.
