SOME DREAMS REALLY DO
Come True.
Our “full body paint” exterior is just one of the dreams that is sure to endure the test of time. Your choice of exterior graphics can be mixed and matched with interior decors to give your American Dream® a near customized look and feel that is all your own.
American Dream stands out with special exterior accents, including color coordinated awnings and shiny polished chrome mirrors, wheels, and optional rear ladder. Automotive rear grilles and lights and optional Rockguard set your motor coach apart from all others. Just the right amount of flash to catch your eye and capture your heart.

What you see outside, of course, prepares you for the elegance you are about to see inside. Let American Dream take you where you’ve never been before.
Spacious lighted storage compartments feature easy-to-open swing-up luggage doors with optional slide-out storage trays.

Access to your diesel generator is easy, and should your batteries ever run low, you’ll now have peace of mind knowing your generator will automatically take over thanks to a new automatic start feature.

An easy-to-read tank monitoring system and well-lighted, color coded work station for water, sewer and electrical hook-ups make servicing and monitoring your coach a dream as well.
The welcome mat to your dream automatically flips out to greet you when you open the door of an American Dream. It's actually a durable Corian® stepwell with power step cover. Keyless entry and a lighted door handle make coming home all the more inviting.

Before we put you in the driver's seat, we put ourselves there to make sure everything is just right. We know being comfortable is important to you no matter how far you travel.
Thanks to an adjustable Smart Wheel steering system, adjustable pedals and an ergonomically designed cockpit, it’s easy to navigate an American Dream. All controls are designed with easy accessibility in mind. Large easy-to-read dials and buttons allow you to make adjustments.

American Dream also has plenty of storage compartments, including beverage holders and drawers for the little incidental items you use while on the road. An optional high tech information system called Trip Tek, monitors gas mileage, temperature, travel time and engine data. Other features include a compass and a customer service directory.

HALF THE FUN IS GETTING TO YOUR Dream Destination.
In an American Dream kitchen you’ll find every ingredient for elegant dining. Standard features include a three burner range with oven, GE microwave, convection oven, four door Norcold® or two door Dometic® refrigerator, polished Corian® counter top and sink covers and a convenient Moen® pull-out faucet. There are also spacious quality-built cabinets for pots, pans and kitchen accessories.

An elegant dinette provides comfortable seating for four and features a Corian® table with an extension and four upholstered chairs. New optional overhead cabinets and wall cabinets are now standard in your choice of four attractive woods, including walnut, cherry, maple and alpine oak. American Dream is dining in at its finest.

NO DREAM IS COMPLETE WITHOUT A Fine Meal.
In your American Dream, you can follow the path wherever it may take you... to old friends in familiar places or to new vistas.

Historically, American Dream owners are vibrant and active people who frequently enjoy going out to eat. When they don’t, however, we’ve made sure they have everything they need to comfortably prepare a meal.
As you follow your dream to the north, south, east or west, you’ll always feel right at home.

Overhead storage features new roomy squared off cabinets with attractive hardware.
Three additional inches of ceiling height have made a dramatic difference, not only in headroom but also in increased overhead storage. Dreamlike comfort also comes with relaxing rich Flexsteel® furniture or optional Villa® leather furniture and a SONY® home theatre system. A complete entertainment package consists of a 24" SONY® Vega TV, VCR, DVD, AM/FM radio, DSS satellite system and five SONY® cube speakers and subwoofer.

When you take ownership of an American Dream, rest assured that you are receiving only the finest quality brand name appliances, fixtures, furnishings and equipment. We wouldn’t have it any other way.
Future dreaming calls for dreamlike comforts such as a optional king size bed. Not only will you sleep better at night but you’ll also wake up refreshed and ready for another day of fun and relaxation. American Dream has a number of large bedroom closets, drawers and storage compartments to store your clothes and personal belongings. Plus a 20” SONY® Vega TV for your late night viewing enjoyment. Everything you’ll need for your upcoming real life adventure.

The American Dream bath features an attractive shower with a brass trimmed glass door and overhead skylight. You’ll also find Corian® topped vanities and a combination washer and dryer in the bath area to keep both you and your wardrobe looking great.

QUALITY CONSTRUCTION COMES STANDARD ON EVERY AMERICAN DREAM.

Take any American Dream for a spin and you’ll quickly notice its luxurious ride and superb handling. Spartan custom platform features include a strong foundation with double cross-members reinforced and fastened with the industry’s highest quality nuts & bolts. Spartan’s Eurotech electrical system is one of the best in the industry. ABS brake testing ensures braking performance before your platform ever leaves the factory. Roadside Companion is Spartan’s 24 hour service hotline that gives you the support you need wherever you go.

You’ll also be comforted to know your Spartan platform was designed and built by a number of dedicated Spartan engineers who ensure tomorrow’s technology is already engineered into each platform today. Rest assured, American Coach wouldn’t settle for anything less.
### Automotive
- Engine - Cummins® C.8.9 Liter, 370 hp ISL Diesel
- Jacobs Engine Compression Brake
- Transmission - Allison® 3000 MH, 6-Speed Automatic

We believe the trip is always a little more meaningful when you travel our country in an American Coach. Because you’re riding in a motorhome that was built by pride-filled Americans... for Americans. Americans who cherish the freedoms that have made this country the greatest country in the world. And, like you, we’re prepared to keep those freedoms intact.

Our optional VIP Delivery Service takes place right here in the heartland at our factory in Decatur, Indiana. We’ll do everything in our power to make you feel like part of our family the minute you take possession of your American Coach. It’s an ideal opportunity to learn everything about your new vehicle firsthand from the very people who proudly designed and built it.

Not only will you drive away with a Fleetwood® 1 year/3 year RV Ownercare service and warranty card, you’ll drive away with peace of mind, knowing you can rely on us wherever you are in the country, for roadside assistance, service and answers to any question you may have.

As an American Coach owner, you’re automatically eligible to become a member of three active and fun-loving owner groups. The American Coach Association, American Coach chapter of FMCA and Club Fleetwood... great people who love to travel and party at beautiful resorts and vacation spots all across America.

Come Visit us in Decatur, Indiana and take our plant tour. Call (800) 648-6582 for tour hours.
