Top Checkpoints!

SuperNova offers an optional extra safety feature in the Backup Monitor giving you extra viewing behind the RV.

The SuperNova has nearly 7' interior ceilings for a residential look and feel with 6 foot ceilings in the slideroom.

The SuperNova includes flush floor slides for a clean residential look and feel.

Dual metal H-Ducted air conditioning system eliminates mildew causing condensation and is wrapped in foil bubble insulation for improved climate control.

Seamless, carpeted, galvanized steel storage compartments safely cradle your valuables. Rust protective paint and foam sealed for extended life and a quiet ride.

Unlike traditional plywood and foam seating Comfort Plus Seating features the strength of steel and the comfort of a sprung dinette cushion.

Conquest has eliminated the carpeting on the built in stair well to make the cleaning process easier and to add traction so there is less likely to be slipping when maneuvering in and out of the vehicle. Several models also have the magnetic door stays that are easy to use and dependable.

Excellent Weathering - Maintaining the vehicle’s quality appearance enhances its resale value.

Tear Resistance - Flexroofs hard abuse resistant finish resists tearing, a condition that can cause leaks and lead to expensive repair.

Low Maintenance - Road grime can easily be removed with normal cleaning maintenance. Rubber chalking due to solar breakdown of the roof surface is eliminated, preserving the original appearance and resale value of the vehicle.

Stain Resistance - Fiberglass Flexroof is designed to resist staining and maintain its quality appearance.

Structural Integrity - Unlike conventional EPDM rubber roof membranes, Flexroof is a structural component of the roof system.

Textured Fiberglass - Helps dissipate heat and prevents tree limbs from tearing or scratching your roof.

Our residential style cabinets are constructed of solid hardwood doors and fronts that are pre-drilled and screwed, then they are stained and top coated with a furniture grade finish that provides long lasting beauty and durability as well as adding strength and quietness to your motorhome.

Other companies use wrapped cabinet fronts prone to peeling, fading, and tearing. The softer composite wood used does not hold screws as well as hardwood resulting in loss of strength and squeaking. Discoloration will degrade the beauty and lower the value of the motorhome.
**SUPER STRENGTH TRUSS SYSTEM**

**CONSTRUCTION...**

Quality, Comfort, Strength and Value are four great words to describe our mind set while designing and constructing the conquest lineup of products. You can see and feel the quality and attention to detail we gave every component. From the strength of our foundation, roof, floor and sidewalls, down to the comfort of our seat cushions, nothing was skipped.

The super strength truss system is unmatched in the class C industry. The structural subfloor foundation begins by welding a network of steel web trusses to the chassis rail. Specifically designed to distribute and transfer the tremendous forces from the coach to the chassis rail these trusses are individually tested to withstand 6,000 pounds each.

The front windshield features over 2,000 sq. in (12,903 sq. cm.) of glass for excellent visibility. The one-piece design, thicker outer glass and swept-back angle increases safety and noise control - while helping to deflect road debris.

Interior door handles wide door openings, three-point entry system and non-slip treaded steps provide easy entry and egress.

A clean frame rail CA (cab to axle) simplifies body and equipment mounting.

A set-back axle provides outstanding maneuverability and a tight turning radius, making it easier to negotiate through cramped spaces, which increases driver efficiency and productivity.

Two-way breakaway mirror design can withstand an impact up to 9-mph, which eliminates door damage and reduces repair and replacement costs.

**G.O.L.D. Program**

Gulf Stream is dedicated to our customers and their enjoyment of our products. Our golden promise is to call you within four weeks of the new vehicle purchase date welcoming you to the Gulf Stream family. This call, made by your dedicated customer care person, is to let you know that if you ever need assistance with the operation of components, troubleshooting, or if you ever need to locate an authorized service center, you can rest assured that help is but a phone call away. With the G.O.L.D. Program we'll be there for you for the lifetime of your RV.

**Value, Added**
SuperNova Motorhomes, Dare to Compare

1. Seamless Fiberglass Flexroof Designed to Resist Staining and Maintain Quality Appearance; Dissipates Heat and Prevents Tree Limbs from Tearing or Scratching Roof.

2. Lauan Decking for Additional Strength.

3. Molded, High Density EPS (Expanded Polystyrene) Roof Brick Insulation - Provided Consistent Insulation Value as well as Superior Dimensional Rigidity.

4. One-Piece Formed Aluminum Air Conditioning Duct, Completely Surrounded By EPS Insulation.

5. Bubble-Wrapped Foil Insulation Provides Superior Insulation and Helps Prevent Condensation.

6. Rugged Welded Tubular Aluminum Roof Framing.

7. Rugged Heavy-Gauge Tubular Aluminum, Fixture Welded to Form the Sidewall Framing.

9. Interior Wall Panels Securely Laminated to Sidewall Framing.

10. “Super Slick” Fiberglass Exterior Vacuum-bond Laminated to Sidewall Framing for Lasting Beauty and Durability. (Option)

11. High-Quality Stain-Resistant Carpeting Available in Designer Coordinated Colors.

13. Floor Decking Laminated to Steel Floor Structure Assures a Quiet, Long-Lasting Rigid Floor and comes with a 15-Year Warranty.

14. Heavy-Gauge Tubular Steel Floor Framing, Fixture Welded for Extra Strength and Stability.

15. Heavy-gauge Tubular Steel Framed, Fixture Webbed Floor Truss System Provides the Strongest Class C Foundation in the Industry.

16. Seamless Layer of Galvanized Steel Securely Laminated to the Steel Floor Framing.

17. Galvanized Steel Used to Form Each Storage & Holding Compartment.

18. Durable All-Weather Carpeting Completes Each Accessible Storage Compartment, Providing Extra Protection for Luggage and Valuables.

19. Rust-Prohibitive Paint Coating Applied to All Steel Framing Assures Corrosion and Rust Protection.

20. The Industry’s Strongest, Most Spacious Exterior Storage Compartments.

Conquest Motorhome Division is a member of the Gulf Stream Coach family of products. As a privately owned company with nearly 25 years of RV manufacturing experience, Gulf Stream has set itself apart from the rest of the RV industry by giving the market exactly what it's looking for. We are constantly talking to our customers and dealers, taking their suggestions, and implementing them in our products. We also use Lean Manufacturing Techniques, Six-Sigma Quality Control, Creative Standardization and 5 S practices to maximize our production efficiency and eliminate waste. Our efficiency has received accolades from Vincennes University for Total Quality Management. These practices have also gained recognition from the state of Indiana, as we have received the Indiana Governor's Award for Recycling, making us one of the few eco-friendly manufacturing companies in the industry. All these initiatives go back to one goal... To give you the highest value product offerings, quality construction, innovative features, contemporary designs, and unmatched service and on-going support.

The Conquest Checkpoint is the outward physical symbol of our role as industry leaders. Our exacting standards for creating the best possible RV Customer experience are the direction the rest of the industry seeks.

Conquest constantly looks to the future, casting a clear vision of "the next big thing" and making it happen. We don't follow trends; we set them. Beyond imagination, to reality.

The Gulf Streamers RV Club is a valuable benefit to all Gulf Stream owners. Members enjoy staying active and participating in the various rallies and caravans offered throughout the United States and Canada. Go to www.gulfstreamrv.com for more information.
