Welcome to our Sun Valley, the most versatile travel trailer in our family.

Curved shower doors increase the shower size while a skylight makes the entire bathroom feel even more spacious.

This master bedroom features a wardrobe slide providing extra storage space wide enough to hang shirts and slacks.
All the Comforts of Home.

No need to leave all the comforts of home behind because you’re 500 miles down the road. We’ve included luxury features in the Sun Valley line up. Well-appointed, interiors with easy to clean surfaces are both attractive and practical. Dinettes and sofas double as comfortable sleeping quarters with quality mattresses. Functional kitchens with name brand appliances make for easy home cooking. There’s plenty of food storage to feed your entire family—large or small. Ample entertainment centers with flat screen TVs have optional larger screen upgrades.

Built Tough for Decades of Family Fun.

Sun Valley may be one of our most affordable travel trailers, and it’s still built with “The EverGreen Difference.” Features such as laminated construction built on top of a DuraLite™ Double Welded Aluminum Structure are all part of the Sun Valley package. And our legendary lightweight, easy-to-tow construction makes Sun Valley ready for the full sized family or today’s full-sized SUV or half-ton pickup.

A Place in the Sun for Any Family.

With the largest selection of floor plans of any EverGreen brand, you’re sure to find the coach that’s perfect for your family. Check out the Sun Valley floor plans on pages 8 and 9!
Under dinette storage bins are perfect for keeping your storage space neat and organized.

Tasteful fabric valences, window shades, and rich wood trim accents all add to the touch of home. Choose from a variety of island kitchen floor plans with built in sinks.

DuraLite™ Double Welded Aluminum Structure
Sun Valley is built on the DuraLite™ Double Welded Aluminum Structure. It includes six-sided double-welded aluminum frame construction in the walls, roof and floors, with header framing around all doors, windows and baggage door openings. Our strong, durable frame eliminates flexing and DuraLite™ is superior to wood frame construction used in other travel trailers, which can rot when exposed to water.

Vacuum Lamination
Sun Valley is built with vacuum lamination in the roof. Dense, block foam insulation is coated with a water-based urethane adhesive which becomes super bonded under the heat and high pressure of EverGreen’s vacuum lamination process. The result is a stronger, yet lighter and more durable coach that’s better insulated for all seasons.

TPO Roofing
Bright white, mechanically applied, vacuum laminated TPO roof membrane is superior to rubber roof membranes that can bubble, loosen, mold, mildew or chalk. The TPO glue is spread evenly to create a surface that is cooler and won’t mold or mildew. It also requires less maintenance than conventional roofs.
