The perfect combination of style, comfort and efficiency has just hit the road.
The wait is over.

If you've been looking for the versatility of a full-featured Class C motor home with the impressive driving performance of front-wheel drive, the new 2002 Vista is ready to answer the call. The Vista is a totally new and unique Class C motor home. Its front-wheel drive offers exceptional handling and its convenient size makes it a pleasure to drive and maneuver. A tough V6 engine with 201 horsepower offers surprising power and fuel efficiency. Overall design innovations include a comfortable, roomy interior and basement storage. In fact, the Vista has so many bells and whistles some bigger motor homes may be looking over their shoulders.

Room to move.

Thoughtful touches give the Vista's interior a feel that is truly roomy and spacious. Overhead cabinets are plentiful and spacious while additional, conveniently accessible interior storage is provided around the couch and front dinette seat. You'll appreciate the privacy provided by the pleated shades found in the lounge area. Interior comforts also include an A/C with custom Stitchcraft upholstery, carpeted ceilings and linoleum floors by Congoleum®. Room for living in the galley and bath areas.

A good night's rest.

Vista's versatile floorplan provides plenty of sleeping space. The dinette and couch easily convert into comfortable beds and the overhead bunk offers roomy accommodations.

A living space that encourages good living.

Whether your hobby is bird watching or people watching, Vista has plenty of room for comfortable living.
EXTERIORS DESIGNED FOR TRAVEL

Practical Features for Carefree Living

Stock up, chill out.
The roomy single-door refrigerator with freezer provides ample cold storage for all your goodies. A shelf above the refrigerator is designed to accommodate a television (television not available) and is equipped with a 12-volt power receptacle and an antenna/cable connection.

Put on your chef’s hat.
There’s no reason to curtail adventurous meal making. The fully equipped galley includes a three-burner Magic Chef® range/oven, available microwave and range top with storage (as part of the Deluxe Feature Package only), and a recessed stainless steel sink. The surrounding cabinetry has been designed to maximize its ample, convenient storage. The large handles enable easy opening and closing of both drawers and doors.

Driving performance.
Essential controls are right at your fingertips, including the Sony® AM/FM cassette player with available CD player. Dual airbags provide safety and peace of mind. Additional touches include the heated windshield/defogger, dual-zone climate control, fresh filtered dash air system, and the one-touch power windows with a pinch guard feature. When the auto-up feature is active, the windows will retract automatically if resistance is noted.

Lock it away.
Innovative use of space sets the Vista apart. A good example is the lockable storage box designed into the driver’s door trim panel.

The key to it all.
When not in use, the key folds into its handle, so it’s easier on your pants pocket. The keyless entry remote, which locks and unlocks the cab doors, is built right into the handle, eliminating the need for a separate key chain transmitter.

A good gauge.
The conveniently located monitor panel features a flush-mount design. You can easily check and operate important functions such as tank levels, the generator start/stop switch, water pump, and battery power.
It's great outside.

Vista's one-piece fiberglass sidewalls are amazingly tough—typical for Winnebago Industries design. The combination of a powerful V6 engine that produces 201 horsepower and front-wheel drive allows for superior handling. Basement storage lets you bring along extra gear. Sixteen-inch aluminum wheels are available.

### FLOORPLAN

- **Couch**: 40” x 67”
- **Wardrobe**:
- **Shower**:
- **Folding Door**:
- **Refrig Step**:
- **Well**:
- **Dinette**: 30” x 65”
- **Overhead Bed**: 49” x 80”
- **Overhead Bunk Area**:

21B NEW!
- Convenient in-line galley
- Generous sleeping and seating accommodations
- Rear bath with large wardrobe
- Overhead bunk area

Note: Dimensions shown are for sleeping space only and dashed line denotes overhead storage areas.
Very cool. Relax in comfort even on the hottest days with the available 7,100 BTU roof-mounted air conditioner. A 9,500 BTU roof-mounted air conditioner is also available as part of the Deluxe Feature Package.

Get the nice. Any way you look at it, the Vista’s a beautiful vehicle. Especially when equipped with the available 16” aluminum wheels. Sporty, low-profile tires come standard.

All the horses you need. Vista features a fuel-efficient 2.8 liter, 24-valve, dual overhead cam, 2.8 liter V6 engine. You’ll appreciate the independent front torsion-bar suspension for superior maneuverability and handling.

Wheel nice. Any way you look at it, the Vista’s a beautiful vehicle. Especially when equipped with the available 16” aluminum wheels. Sporty, low-profile tires come standard.

One good turn. A tight turning radius and responsive rack-and-pinion steering make for easy maneuverability.

Easier access. Cab doors open nearly 90° for easy access.

Smooth ride. Available adjustable rear auxiliary air springs help make your ride smooth.

Keep it clean. The convenient location of Vista’s available wash station keeps messes clean up jobs outside. A second water pump switch is located in the compartment so you don’t have to track inside to turn on the pump.

Pack it away. Who doesn’t want to bring along some gear? Pass-through basement storage lets you do just that.

You’ve got pull. The available trailer hitch plus a powerful V6 engine gives Vista 2,000 pounds of towing capacity.

See here. Vista’s low-mounted exterior mirrors are remote-controlled and feature heated-electric defrost for added convenience.

It’s the little things. Of course, the medium and big-sized things are pretty neat too.

FEATURES & OPTIONS

*Not all items available in combination. See dealer for details. **See your dealer for complete warranty documentation information.
Not all motor homes are created equal.
As you take a closer look, you'll see that there is much more to the Winnebago Vista than a
long list of standard features and a compelling floorplan. Beneath it all you'll find a SuperStructure™
foundation of strength and durability, and Winnebago Industries’ recognized service and
warranty support.

We are committed to service.
We back our motor homes with the best after-the-sale service in the industry.
- 12-month/15,000-mile basic limited warranty
- 24-month/30,000-mile warranty on structure
- Complimentary, 24-hour Roadside Assistance Program
- Tri-Saver emergency warranty parts shipments
- National Dealer service network

Certified quality.
Recreational Vehicle Dealer Association members annually rate RV
manufacturers on the quality of their products, and on their sales
and service support. Winnebago Industries has achieved the coveted
Quality Circle award every year since its inception, the only major
motor home manufacturer to do so.

Learn more about what sets Winnebago Industries apart.
Ask your dealer for this guide. It will help you learn what makes Winnebago
Industries motor homes distinctly superior to other brands.

Warning: Joining WIT has been known to cause excessive fun.
Winnebago-Itasca Travelers (WIT) is a club for owners of Winnebago Industries
motor homes. WIT is a great way to meet people and offers you:
- Caravans and rallies
- Local and state group activities
- Benefits for RVers

SuperStructure
is the term given to Winnebago Industries’ structural motor home design and construction. Rather
than a single component, it is the culmination of design integration that incorporates steel and
aluminum substructures, composite design laminated floor risers, interlocking joint technology,
and Thermo-Panel® floor, roof and sides to form a high-strength, durable vehicle body.

Interlocking joint construction utilizes advanced extruded aluminum structural components to create
a foundation substructure assembly that integrates the structure, floor, roof, and walls to
effectively distribute the weight of the walls and roof, making a stronger and more durable body
than competitor designs that rely on screws to carry the weight.

Critical steel components
are treated using an advanced electrodeposition coating process that provides superior corrosion protection.

Laminated risers
feature a welded aluminum core for superior strength and provide a stable base for the floor structure and storage compartments.

The foundation substructure
assembly is precision-aligned to maximize strength and cross-coach support as well as durability.

Seat belts are your most important hookup. Always buckle up.
