Class A comfort at a great price.
Moving up to Class A comfort has never been easier, thanks to the affordable new 2007 Winnebago Vista®. A Winnebago through and through, Vista features SmartSpace™ design elements that make the most of the available space. You'll appreciate how convenient it is to bring along your gear with the abundance of storage space, including a large compartment under the bed that can be accessed from the exterior rear or passenger-side door. Of course, Class A motor homes are all about comfort and style, and the Vista doesn't disappoint with an expansive slideout, a 24” TV, queen-size bed and beadboard cabinet doors with satin nickel hardware. If you're ready to move up to Class A comfort and convenience, you'll find yourself at home in the Winnebago Vista.
Note: Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas.

Interior Decor
Choose from two fabric selections with Sierra Maple wood.

- A-Main Fabric
- B-Carpet
- C-Accent

Exterior Graphics
- Dark Blue Metallic
- Willowstone

WARRANTY

12-month/15,000-mile basic warranty, 36-month/36,000-mile limited warranty on structure, 10-year limited parts & labor warranty on roof skin

1. The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.

2. Vista floorplans feature a wide-body design - over 96 inches. In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96 inches in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.

3. The load capacity of your motor home is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor home.

4. Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.

5. Capacities shown are tank manufacturer’s listed water capacity IW/CJ. Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.

6. Actual towing capacity is dependent on your particular loading and towing circumstances, which includes the GVWR, GAWR and GCWR, as well as adequate trailer brakes. Please refer to the Operator’s Manual of your vehicle for further towing information.

7. See separate chassis warranty details.

8. See your dealer for complete warranty information.

NA Not Available. Not all items available in combination. See dealer for details. Winnebago Industries® continuing program of product improvement makes specifications, equipment, model availability and prices subject to change without notice. Comparisons to other motor homes are based on the most recent information available at printing.
