

THE WORLD'S FINEST FIFTH WHEELS

The image shows the interior of a luxury fifth wheel RV. The space is characterized by extensive dark wood paneling on the walls and cabinetry. On the left, there is a kitchen area with a microwave, a refrigerator, and a countertop with various items including a bowl of fruit and a small potted plant. The floor is covered in a light-colored, patterned carpet. In the center and right, there are large, comfortable-looking leather sofas with several patterned throw pillows. A small wooden table with metal legs is positioned in front of the sofas, holding a few glasses and a small dish. Large windows at the front and side provide a view of the ocean. The ceiling features recessed lighting and a large rectangular skylight. The overall atmosphere is one of high-end luxury and comfort.

The new Domani is both a work of art and state-of-the-art. The distinctive contemporary styling inspired by the Luxury Auto and Yachting Industry is exclusively Domani. No other fifth wheel comes close to the rich, luxurious and lavish feel you get from the Domani. The Domani is the first and only true luxury lightweight fifth wheel available.

THE WORLD'S FINEST FIFTH WHEELS

Countertops are made of the latest Corian offering. This new countertop material has the rich appearance of slate. Perfection is in the details. The hardware and fixtures reflect tasteful yet cutting edge design. Domani is uniquely elegant.

You will be impressed by the unconventional form and thoughtful function found in the bedroom. By turning the bed at a 7-degree angle, a touch of drama is added as well as extra room for a deeper closet.

We did not forget the bathroom. The large shower with sliding curved glass doors and the large lavatory make this important space very user friendly as well as beautiful. You will be pleased with this thoughtfully designed room.

ROOF CONSTRUCTION -R16

TPO Vinyl Roofing

1/2" Thick
Roof Decking

Engineered Aluminum
Roof Trusses

2 Blankets of Owens
Corning Insulation
(R-14)

Decorated Interior
Ceiling Board

REAR LEVELING JACKS

FEATURE: Power electric stabilizer jacks standard on 2008 Domani

BENEFIT: Ease of set-up and convenience of 4-corner stabilizer capabilities.

Also note the power Carefree electric awning at right, also standard on 2008 Domani.

WASTEMASTER SYSTEM

FEATURE: Integrated 25' hose and valve waste disposal system.

BENEFIT: Cleanliness and Convenience when dumping tanks. Extremely sanitary and environmentally friendly also.

NORCO STEEL CHASIS

FEATURE: Stamped chassis with punched outriggers.

BENEFIT: Using the latest aerospace technology we bring a chassis that is extremely durable yet lightweight. Isn't technology wonderful?

OPTIONAL HIGH PERFORMANCE WHEELS

FEATURE: GOODYEAR FOTERA 285/520 performance tires.

BENEFIT: Bigger tires pull better and stay cooler. They also look AWESOME.

ALUMINUM ROOF TRUSSES 16" ON CENTER, WITH A 5" CAVITY AND A 3" CROWN

FEATURE: Household construction with household fiberglass insulation. BENEFIT: 16" centers and 1/2" decking allow for a walkable roof, while the insulation maximizes the AC efficiency.

BENEFIT: Lighter weight than wood trusses with no chance of wood rot. Also has efficient cooling, with no condensation buildup.

CARRIAGE "H-SEAL"

FEATURE: Two seals double the chance at sweeping away moisture and debris while sealing off the elements twice as much as our competitors.

BENEFIT: Two seals are better than one. Our seals are also made of a denser material that will seal tighter than the competition.

ALUMINUM STUDS WELDED ON 16" CENTERS

FEATURE: We design and build our walls to have a superior strength and durability. Every aluminum stud is welded on 16" centers.

BENEFIT: This construction technique provides improved support for interior overhead cabinets, reduces the damaging flex that may occur in walls built with studs randomly placed and minimizes the possibility of cracks in the sidewall material.

OWENS CORNING FIBERGLASS INSULATION

FEATURE: Spun fiberglass insulation is recognized as the premium insulating material in both the residential and RV industries.

BENEFIT: Fiberglass insulation traps dead air more efficiently than styrofoam insulation and breathes easier than styrofoam, increasing insulation capabilities.

CARRIAGE EXCLUSIVE WARRANTY. THE BEST WARRANTY AVAILABLE PERIOD.

2YR/5YR WARRANTY. THIS IS THE BEST WARRANTY IN THE RV INDUSTRY.

BENEFIT: NO EXCLUSIONS FOR FULL TIMERS. UNLIKE OUR COMPETITION, WE WANT YOU TO ENJOY OUR COACHES YEAR-ROUND.

SIDEWALL CONSTRUCTION - R-8

FLOOR CONSTRUCTION -R-16

MAIN FLOOR:

DOCKING CENTER

FEATURE: All-in-one exterior hookup station for both plumbing and entertainment connections, including standard electric dump valves.

BENEFIT: makes camp setup easier and hides ugly connections with the under mounted access panel.

Sit back and relax. The open, casually livable layout creates the comfortable feel of a spacious great room, complete with optional Contemporary style chairs.
