“This is our time.”
You’ve worked hard to get here. Now it’s your turn to kick back and enjoy life — with a 2009 Diplomat. This magnificent coach has all the luxuries you deserve. Plush Ultraleather™ captain’s chairs. A spectacular new 37” flatscreen LCD television (38PDQ, 41SKQ). Polished Corian® surfaces. Ceramic tile flooring with beautiful new accents. Even a bigger, better A/C system for bonus summer cooling. Oh, and did we mention the optional high-definition cinema package? Now you’re ready to start living.
Raising kids. Working weekends. Walking the dog at 6 a.m. Haven’t you earned some time just for you? You bet you have. And the 2009 Diplomat is your ticket to ride. Just imagine all the places you could go — Monument Valley, the Creole Nature Trail, Bryce Canyon, the Upper Peninsula...the possibilities are endless. Have you been trout fishing yet in Paradise Valley, Montana? Or walked the shores of Georgia’s colonial coast? If not, you’d better get going. Because this is your time. And this is your coach.
After a long day of having too much fun, you deserve a good night’s rest. Say hello to the Diplomat’s master suite. Here you’ll find everything you need and then some—a sumptuous queen-sized bed, a gorgeous new 26” LCD TV with remote (and optional DVD player), solid surface nightstands, designer carpeting, and day/night pleated blackout shades. In the bathroom, the niceties continue with a one-piece fiberglass shower, solid surface countertops, and an integrated lavatory sink (two in the 38PDQ!).
NOW FOR THE HARD PART.

Choosing the Diplomat was easy. Now, it’s time to make it your own. For 2009, our designers are pleased to present a stunning array of standard and optional decors and cabinetry styles. But don’t worry. Even if you end up flipping a coin, you always win with Monaco.
1 A steel cage cockpit gives the Roadmaster chassis incomparable strength and safety in the front of the coach.

2 Every Roadmaster chassis features a steel firewall for added protection in the cockpit.

3 The main rails feature an exclusive raised rail design which provides for larger full pass-through storage bays with flush floors. Other highlights include a 3/8” thick frame rail — compared to the 1/4” of other manufacturers — and a stacked aluminum intercooler and radiator for optimum heat transfer and cooling.

4 Dual fuel fill allows you to fill the tank from either side of the coach, for greater convenience and flexibility at the pump.

5 The steel truss system is engineered as part of the chassis and provides outstanding strength and rigidity plus pass-through storage. In addition, the structure is pre-primed and coated with a rust-inhibiting paint.

6 Cushion Air Glide Suspension with Eight Outboard-Mounted Air Bags and Eight Shock Absorbers

   Monitored leveling sensors continually adjust the air pressure at each axle to maintain a level ride and eliminate nosediving, weight transfer, and floating on curved roads. This system also stabilizes the coach on uneven surfaces.

7 Automatic Traction Control (ATC) eliminates wheel slippage in slick conditions and heightens control. The Anti-Lock Braking System (ABS) gives you superior stopping power, especially on steep grades. Together, these sophisticated systems offer the very best safety on the road.

8 Allison® 3000 MH 6-Speed World Transmission and electronic shifter.

   The three-point engine mounting system lowers the coach’s center of gravity and reduces the amount of vibration that reaches the coach. The mounting also makes the engine easier to service.

   A 10,000 lb. tow hitch rating is the highest in its class.
THE DIFFERENCE IS IN THE DETAILS.

Take the wheel of a luxury motorhome, and you’re taking the wheel of the chassis it rides on. That’s why the Diplomat rides exclusively on a Roadmaster chassis that is custom built to deliver the very best diesel motorhome experience. Roadmaster’s construction utilizes advanced design and engineering to distribute stress evenly throughout the entire chassis, reducing the possibility of twisting and increasing durability and reliability. The Cushion Air Glide suspension system features eight outboard-mounted air bags and eight shock absorbers, and the system is supported by the largest ping tanks in the industry. It’s the ultimate foundation for a luxury ride.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances caused by inserting the photographs in photo-processing and variances caused by inserting the photographs and/or registered trademarks of their respective holders. While the color samples and technical data represented in this brochure are fair and reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances and/or transcription errors that may occur.

The actual “usable capacity” may be greater or less than the estimated capacities based upon fabrication and installation of the tanks.

1Towing capacity is limited by GCWR; your vehicle’s towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your owner’s manual for further towing information.

2All tank capacities are estimated based upon calculations provided by the tank manufacturers and represent approximate capacities. The actual “usable capacity” may be greater or less than the estimated capacities based upon fabrication and installation of the tanks.

3Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

Take a closer look, and you'll discover that Monaco Coach Corporation gives you more industry “bests” than any other RV manufacturer. Like the incomparable ride and handling of the Roadmaster Chassis. The convenience of our 350 service centers. The peace of mind of 24/7 roadside assistance. The value of Monaco Financial Services. And the online support of monacocoach.com. At Monaco, we’ve built our reputation by listening to you — and answering to you. And that’s the difference that’s made us the best.
