

2011  
SUNSTAR

 ITASCA

 SMARTSPACE

## A PERFECT FIT

The expanded lineup of the 2011 Itasca Sunstar® is designed to give you more. More floorplan choices, more key features, more livability, more value and more fun. It starts with a host of user-friendly features and details like upscale roller shades that smoothly retract with a touch and head-turning styling

inside and out. With five floorplans, including the 26P that lives much larger than its trim 26-foot length, the all-new bath-and-a-half 35F and the 36D loaded with full-timer friendly features, your Sunstar will be a perfect fit for your adventures at a price that's sure to please.

## DESIGNED FOR ENTHUSIASTS

Owners love their Itasca motor homes, and with good reason. The Recreation Vehicle Dealer Association annually bestows the Quality Circle Award to manufacturers that provide exceptional

products, service and support. Only one manufacturer has received this award for fourteen consecutive years: Winnebago Industries®, proud manufacturer of the Itasca Sunstar.

## MORE TO ENJOY

You will love the look of your Sunstar, starting with your choice of Coffee-Glazed Sierra Maple, Belmont Maple or Forest Cherry cabinetry in the full-featured kitchen. Vinyl flooring comes standard in the 35F and 36D and is available in all other models. Add the interior upgrade package for a kitchen counter backsplash, range and sink covers, and the Dream Dinette™ table which easily adjusts up and down with one hand.

After dinner, relax with the entire family on the sectional sofa in the 35F that

expands when the slideout is extended. It also converts into an incredibly large sleeping area. The 26P, 30W and 36D can include the Comfort Sofa Sleeper. This 2-in-1 sofa quickly folds out into a bed with a self-inflating mattress.

A large LCD TV—up to 40" in the 36D—lets you catch your favorite shows in glorious high definition. A second LCD TV can even be added above the cab in the 36D to enhance your viewing experience.

### Comfort Sofa Sleeper

**This 2-in-1 sofa redefines comfort and convenience.**

- 1) By day it's a plush sofa.
- 2) A hidden drawer stores bed linens.
- 3) It converts easily into a bed.
- 4) The mattress inflates and deflates with an automatic pump.

### Interior Amenities

- 32" or 40" LCD TV
- Extendable Sectional Sofa (35F)
- Available Comfort Sofa Sleeper (26P, 30W and 36D)
- Available Interior Upgrade Package

# THINK BIG

Get your rest in a plush queen bed that lifts up in most models to reveal an additional storage compartment. The 19" LCD TV can be added to catch the news before you snooze. The 35F makes you feel like royalty with twin wardrobes flanking a center chest of drawers and a private master bath with a skylight and our "Big Shower" that measures 36" x 36" for residential-sized comfort. Traveling families may prefer the 32K with bunk beds for the kids. DVD players with LCD monitors can be added to each bunk for personal entertainment.

## Bedroom Amenities

- Queen Bed
- Bunk Beds with Available LCD Monitors with DVD Players (32K)
- Private Master Bath (35F)
- Available 19" LCD TV

# No Shortcuts – No Compromises

You can compare features. You can compare styles. But when it comes to quality construction, there is no comparison. Only motor homes manufactured by Winnebago Industries harness the legendary strength and durability of our SuperStructure® construction process—a process we've been perfecting for more than 50 years.

SuperStructure means a solid framework, steel and aluminum substructures and components built in-house to our exacting standards. It means managing each detail to ensure the integrity and quality of every coach. It means barcoding parts to save time during service and running every coach through a gauntlet of tests, including a high-pressure water test, before it leaves the factory.

Where other manufacturers cut corners, SuperStructure ensures the features you can't see are treated with the same care as the ones you can. When you buy an Itasca motor home, you are getting a coach that is built for you—and built to last.

The crowned, one-piece fiberglass roof is backed by a 10-year limited parts-and-labor roof skin warranty.

## SUPER STRUCTURE®

**Metal substructures** secure cabinets and appliances to add safety and stability.

An **electrodeposition coating** helps protect critical steel components.

Durable, lightweight **Thermo-Panel® sidewalls** combine fiberglass, high-density block-foam insulation and the inner wall surface with aluminum support structures.

Specially engineered **interlocking joints** connect the floor, sidewalls and roof into a cohesive unit.

## TAKE A TOUR

We're proud of our process, state-of-the-art facilities and the people who make Winnebago Industries number one. We invite you to visit our complex in Forest City, Iowa, for a first-hand look at the dedication and technology behind every motor home we build.

**12-month/15,000-mile basic limited warranty<sup>8</sup>, 36-month/36,000-mile limited warranty on structure<sup>8</sup>, 10-year limited parts and labor warranty on roof skin<sup>8</sup>**

1 The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please check with your dealer for further information.

2 Sunstar floorplans feature a wide-body design – over 96". In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.

3 The load capacity of your motor home is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor home.

4 Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.

5 Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.

6 Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.

7 See separate chassis warranty.

8 See your dealer for complete warranty information.

NA Not Available

Not all items available in combination. See dealer for details.

Winnebago Industries® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Comparisons to other motor homes are based on the most recent information available at printing.
