The Flagstaff V-Lite uses every possible space for interior room and storage, thanks to its “V” nose design. While the aerodynamic, six-sided vacuum-bonded exteriors can be towed by a wide variety of vehicles on the market, the available standards and options provide extensive customization for each individual consumer.

Flagstaff takes pride in constructing the very best products possible in each price point. From our entry level units to our top of the line products, no short cuts are taken to achieve excellence.

From the all-steel I-beams to the residential interior amenities to the vacuum-bonded exteriors, Flagstaff products are quality-built from the ground-up.

The Details Are What Make All the Difference.

Glued and screwed wood cabinetry
- Aluminum dinette frames for added strength and weight savings
- Vacuum-bonded floor with 16” on center aluminum floor joists
- Storage Doors with Slam Latches (Select Locations)
- All Steel “I” beam frame construction
- Enclosed underbelly protects trailer components as well as increasing aerodynamics
- Independent wheel suspension and self-damping action
- Rubber cushioning eliminates metal-to-metal contact.
- Forged torsion arm for maximum strength
- Aluminum frame construction and high gloss fiberglass exterior with deluxe graphics
Flagstaff is one of the few manufacturers that produces a fully 6 sided vacuum-bonded trailer. Our walls, floors, roof, fronts and backs are all built vacuum-bonded to ensure a light weight strong structural trailer.

Vacuum bonded radius roof with vaulted ceiling providing superior insulation and more interior height.

4" thick roof with built-in insulated A/C ducts.

Built strong to enable you to conveniently perform periodic roof maintenance.

Structurally engineered materials makes our vacuum-bonded walls some of the strongest in the industry.
