

1994 Catalina and Leprechaun Class C Motorhomes

Couchmen®

Value for the long haul.

Distinctive graphics and great styling are key ingredients of the Catalina Sport and Leprechaun Class C mini motorhomes for 1994.

The beauty and value are more than skin deep. Distinctive floorplans, elegant interiors and affordable prices make these mini motorhomes really great values.

Catalina Sport is a value in every sense of the word, from the sporty exteriors to the eye catching interiors, Catalina Sport is a wise choice for your travel plans. A generous list of standard features and an ample list of options allows you to have the motorhome that meets your needs and lifestyle. The Good Times are yours to enjoy.

Leprechaun, a name synonymous with Coachmen and mini motorhomes are redefined for 1994. Available in basement, non-basement and widebody models, Leprechaun offers value like never before. One look inside and you will quickly see the detail and obvious

Leprechaun's Honey Oak cabinets and elegant decors create an atmosphere of complete luxury.

care in engineering and design. The balance of space and open feel added to the harmony of colors adds a blend of distinctive styling found only in Coachmen products. Liveability and distinctive styling inside and out plus affordable pricing equal Leprechaun value. You deserve to move up to the 1994 Leprechaun.

Sleeping comfort is assured with Coachmen's thick and firm inner spring mattress.

Catalina Sport floorplans provide great comfort along with outstanding efficiency and convenience.

Catalina Sport and Leprechaun for 1994 share another distinction. These products have been approved by Ford Motor Company as meeting the criteria for Ford's Motorhome Quality program. In fact, Coachmen was the first company to meet these demanding and critical specifications of engineering, design and safety standards. You can rest assured that careful attention to detail, quality and affordable price equal tremendous value both for Catalina Sport and Leprechaun.

Catalina & Leprechaun Class C Floor Plans and Technical Specifications

When it comes to space utilization, Coachmen has no equal. That's because designing for livability is one of our first and foremost concerns. Whether studying our floorplans or comparing our specifications to the competition, you'll find that you get more for your money when you choose Coachmen.

*GVWR **Gross Vehicle Weight Rating:** Maximum loaded weight of a vehicle as established by the manufacturer. (NHTSA)

UVW **Unloaded Vehicle Weight Rating: The weight of a unit and maximum fluid capacity for operation of the unit but without cargo, occupants, or accessories that ordinarily are removed from the vehicle when it is not in use (NHTSA). Rating shown is for unit with no factory or dealer installed options.

***GAWR **Gross Axle Weight Rating:** Total weight an axle, suspension and tires are designed to carry.

****GCWR **Gross Combined Weight Rating:** Total loaded weight of a unit and towed vehicle combination as established by the manufacturer. Includes unit and tow vehicle weight, equipment, gas, water, passengers and payload.

NOTES: All specifications are approximate. NA=Not available at time of printing. †Add 10" for Roof Air Conditioner.

NOTE: All capacities are approximate. All fuel and liquid capacities are approximate all dimensions are nominal. Coachmen motorhomes are designed to allow for a variety of uses. Each unit features optimum seating, fluid storage and sleeping capacity. Although all seats are equipped with seatbelts for your safety, seats occupied while vehicle is in motion will depend on your total load. While the customer is the beneficiary of this design, the customer also bears the responsibility to select the proper combination of load/cargo and passengers without exceeding the chassis weight capacities. Coachmen assists you in this decision by posting a weight calculation form stating actual unit weight with factory installed options inside a wardrobe/cabinet.

Cooking Utensil Drawer

Our enormous cooking utensil drawer is another Coachmen original! Underneath our full-sized, self-edged sink, you'll find a place where (finally) you can easily and conveniently store cooking utensils and silverware. It's also great for those hard-to-store kitchen supplies like wax paper and aluminum foil!

Please Note: The Leprechaun 290RF Wide Body is an exciting product that features a wider body design of 100". This small added width gives you significantly enhanced interior living space and innovative floorplans to choose from.

In making your purchase decision, you should be aware that several states restrict access on some or all state roads to 96" in body width. However, special road usage permits may be available in these states.

At the time of this printing, 70% or 35 states allow 102" body width on all highways. Another 22%, or 11 states allow 102" body width on major highways and state roads.

Before making your purchase decision, you may wish to confirm the road usage laws in the states of interest to you.

If width is of concern to you, we invite you to consider the broad array of other Coachmen products offered in the standard 96" width.

All illustrations and specifications contained herein are based upon the most recent product information at the time of publication. Because Coachmen Industries, Inc., its divisions and various other suppliers reserve the right during the product model year to make changes in the component parts (including but not limited to prices, colors, materials, equipment and specifications) and reserve the right to discontinue models of recreational vehicles at any time without notice, you should confirm the existence of any illustration and/or specification contained herein that is material to your decision to purchase any recreational vehicle described herein. Coachmen assumes no responsibility for any error in type or print reproduction of specifications contained herein. You should check with your Coachmen dealer if you have specific unanswered questions.

□=Optional

There's plenty of room to stretch out and relax in Leprechaun's wide body floorplan.

Convenient and Safe

Every Coachmen Class C built on a Ford chassis is equipped with power door locks and windows. These features provide convenience along with the security of being able to secure doors and windows quickly without changing seating positions.

Choose From These Beautifully Coordinated Decor Fabrics

Coachmen uses only high-grade, stain-repellent fabrics for all seating. Our fabrics pass the highest quality standards set for fine home furnishings, and must satisfy Automated Durability Testing to meet our requirements.

Thirty Years of Commitment to Excellence

Coachmen Quality— “World Class”

Your Coachmen Dealer is:

Thirty years ago, three brothers had a vision of the business opportunities in the emerging recreational vehicle industry. Combining their experience in finance, marketing and manufacturing, Claude, Keith and Tom Corson founded what is now known as Coachmen Recreational Vehicle Company.

The Corsons' confidence in the RV industry was well-founded. From first-year production that included 12 travel trailers, one pick-up truck camper and 80 truck caps, the company has become a diversified, full-line manufacturer of recreational vehicles. The Company's RV product lines include Class A motorhomes, mini-motorhomes, travel trailers, fifth wheels, truck campers and camping trailers.

Over the years, Coachmen RV Company has far surpassed the vision of its founders. The company has become a recognized leader in the design, manufacture and marketing of recreational vehicles.

The tremendous success of Coachmen Recreational Vehicle

According to Ford Motor Company, an international leader in overall quality management, Coachmen Recreational Vehicle Company is a **“Customer Driven Company . . . Fully Active in World Class Quality Process Methodology.”**

That assessment was made recently after Ford quality experts thoroughly inspected virtually all aspects of Coachmen's management and manufacturing processes. Coachmen is the **First and Only** manufacturer to be so recognized at this time.

Ford said Coachmen's quality program is so effective due to: ■ Outstand-

ing Management Commitment to Quality ■ Excellent Quality Control Applications ■ Proven Customer Service Support ■ Dedicated Response to Quality Concerns ■ Thorough and Sound Engineering Practices ■ Comprehensive and Exemplary Process Controls ■ Great Overall Employee Involvement ■ Complete Vehicle Inspection and Sign-Off.

Company helped to form Coachmen Industries, Inc., a publicly held corporation with stock listed on the New York Stock Exchange under the COA symbol. Coachmen Industries, Inc., aside from its core business of recreational vehicles, has thriving interests in the modular housing, specialty vehicles and contract office furniture industries.

Coachmen RV owes a great deal of its long time success to its quality dealer network and its support of products and programs in the marketplace worldwide. Coachmen has always been known for its commitment to outstanding customer service at both the wholesale and retail level.

The products of Coachmen Recreational Vehicle Company are designed and manufactured in over 565,000 square feet of facilities located in Middlebury, Indiana and Fitzgerald, Georgia. Dealers are located throughout the United States and Canada, as well as parts of Europe.

It's all part of the most comprehensive quality and customer satisfaction program in the recreational vehicle industry today. Protect your investment. Buy a Coachmen!
