

Experience the pursuit of happiness without borders.

2004 Legacy® Fifth Wheels by Jayco®

Sometimes a quiet evening at home ... is a thousand miles away.

The excitement builds as you prepare to set out. You wave goodbye to friends and family seeing you off. The country opens up before you. A feeling of freedom washes over you. You're heading to places others have seen only in photos. Your journey has begun.

Legacy® fifth wheel by Jayco® takes you on that journey in a level of comfort that makes visiting even the most remote locations feel like a night in your own living room. Our exclusive North Ridge Maple or optional Concord Cherry raised-panel cabinetry surrounds you with warm beauty, accented by brass lighting and residential trim and molding.

Optional brushed nickel hardware adds to your beautiful surroundings.

An optional fold-out dinette bay window gives you breathtaking views of nature's best shows while you dine.

After a long day hiking, a hot meal will energize you for more. Use elegant appliances such as the optional stainless steel 3-burner range with oversized oven and Norcold® side-by-side refrigerator.

Add the optional fireplace (select models) and sink into the ultimate tranquility.

2004 Legacy® Fifth Wheels

3610 RLTS
living room

The Samsung® microwave and range hood, fan and light combo make cooking one less thing to worry about.

All the comfort of home plus the food. Bring all your favorites and reach them easily in the residential-style sliding pantry drawers (select models).

Deep woods. Fiery sunsets.
And the comfort of sleeping
in your own bed.

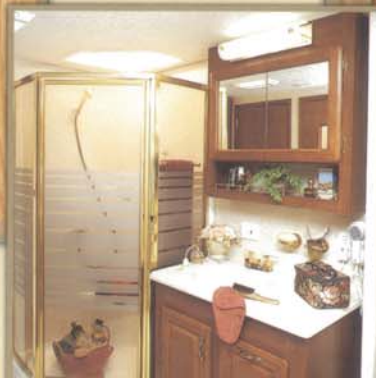

The large wardrobes in the Legacy® lets you bring all of your favorite clothes — including that lucky fishing shirt. (Wardrobe in 3710 RLTS shown here.)

Legacy's plush bedroom makes a perfect end to the perfect day. The under-bed storage is easy to access by raising the bed on struts. Large dressing mirrors and optional stereo add convenience.

Search for wildlife, not for switches. The inside Command Center® puts controls for the slideout, water heater, generator and water pump in one convenient place.

Enjoy the spacious bathroom medicine cabinet with a wood-framed mirror and our exclusive J-Stone™ laminate countertops.

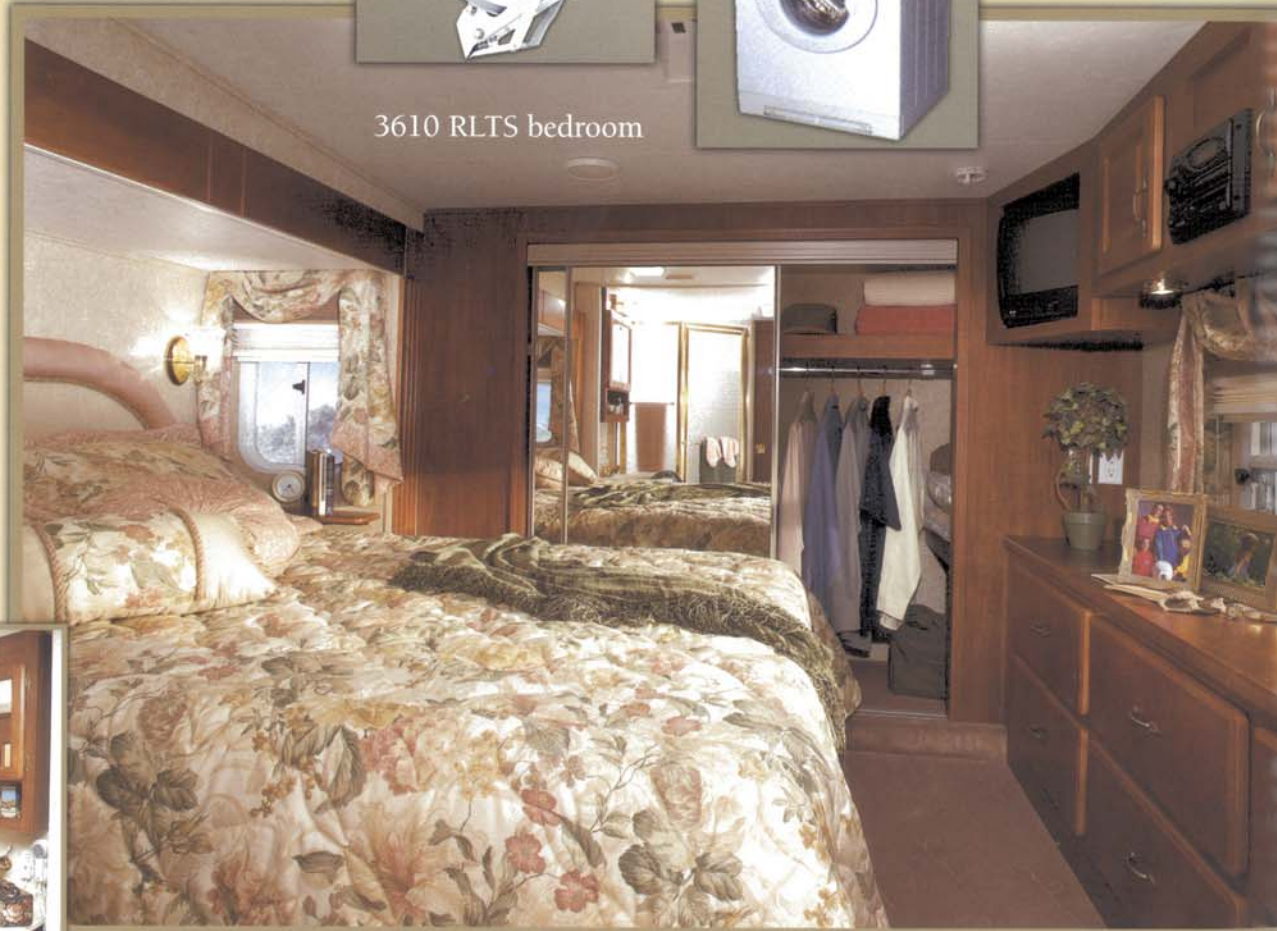

Stay connected with the optional satellite dish with Winegard® 2000 S™ digital elevation sensor that makes alignment simple.

3610 RLTS bedroom

The optional laundry area (select models) with vented, stackable washer/dryer makes laundry convenient and quick, just like home.

Nature can be rugged. Rugged is our nature.

The seamless one-piece rubber roof shrugs off the hardest rains, reflects heat and reduces noise.

High-gloss Owens Corning® Gel-coat fiberglass sidewalls.

Strong 5/8" plywood flooring is tongue and groove, so seams stay firmly attached.

Puncture-resistant PolyFlex™ lines the underside of the floor. All holding tanks are insulated and heated, and bottoms are wrapped to create a fully enclosed underbelly.

Worry about making the most of your adventure, not the height of your tow vehicle. Legacy® fifth wheels feature standard Jake Plate™ adjustable axle hanger plates. Twice as strong as traditional single spring hangers, they allow you to adjust the axle height to accommodate tow vehicles of different heights.

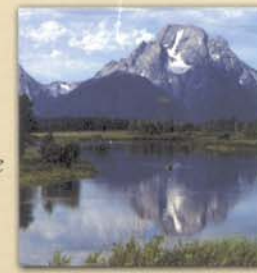

Our rugged, double-stacked 12" tubular steel frame is stronger and won't flex as much as the typical C-channel frame most RVs are built on, so Legacy is more rigid and stable.

1/4" roof decking

Our 5" TuffShell™ vacuum-bonded crowned roof is stronger than those used by other manufacturers.

Extra-strong TuffShell vacuum-bonded sidewalls are constructed with aluminum framing. Everything is anchored to the floor, so the floor supports the weight of the walls.

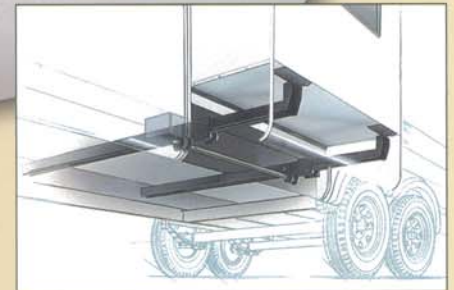

Ducted A/C venting

Front and rear end caps are one-piece molded fiberglass. They lend a sleek aerodynamic look and they're dent-resistant, too. Repairs, if required, are easy.

Insulated in-floor ducted heating distributes heat evenly, and frees up more space for cabinets.

R-7 blanket insulation

The optional MOR/ryde® suspension adds rubber shear springs that absorb shock better than steel leaf springs alone. They deliver smoother towing and better handling, reduce chucking and protect against damaging road shock.

Enjoy wide-open spaces, outside and in. Jayco's PowerDrive™ slideout expands your living space by simply pushing a button. A strong 12" stacked tubular steel frame allows Jayco to utilize the flush-floor slideout system and gives you 6'3" of headroom. Our PowerDrive mechanism consists of a rack-and-pinion drive, low-friction gearing and high-torque electric motor that uses only 10 amps, so it won't wear down your battery.

Warm breezes and
pine scent included.

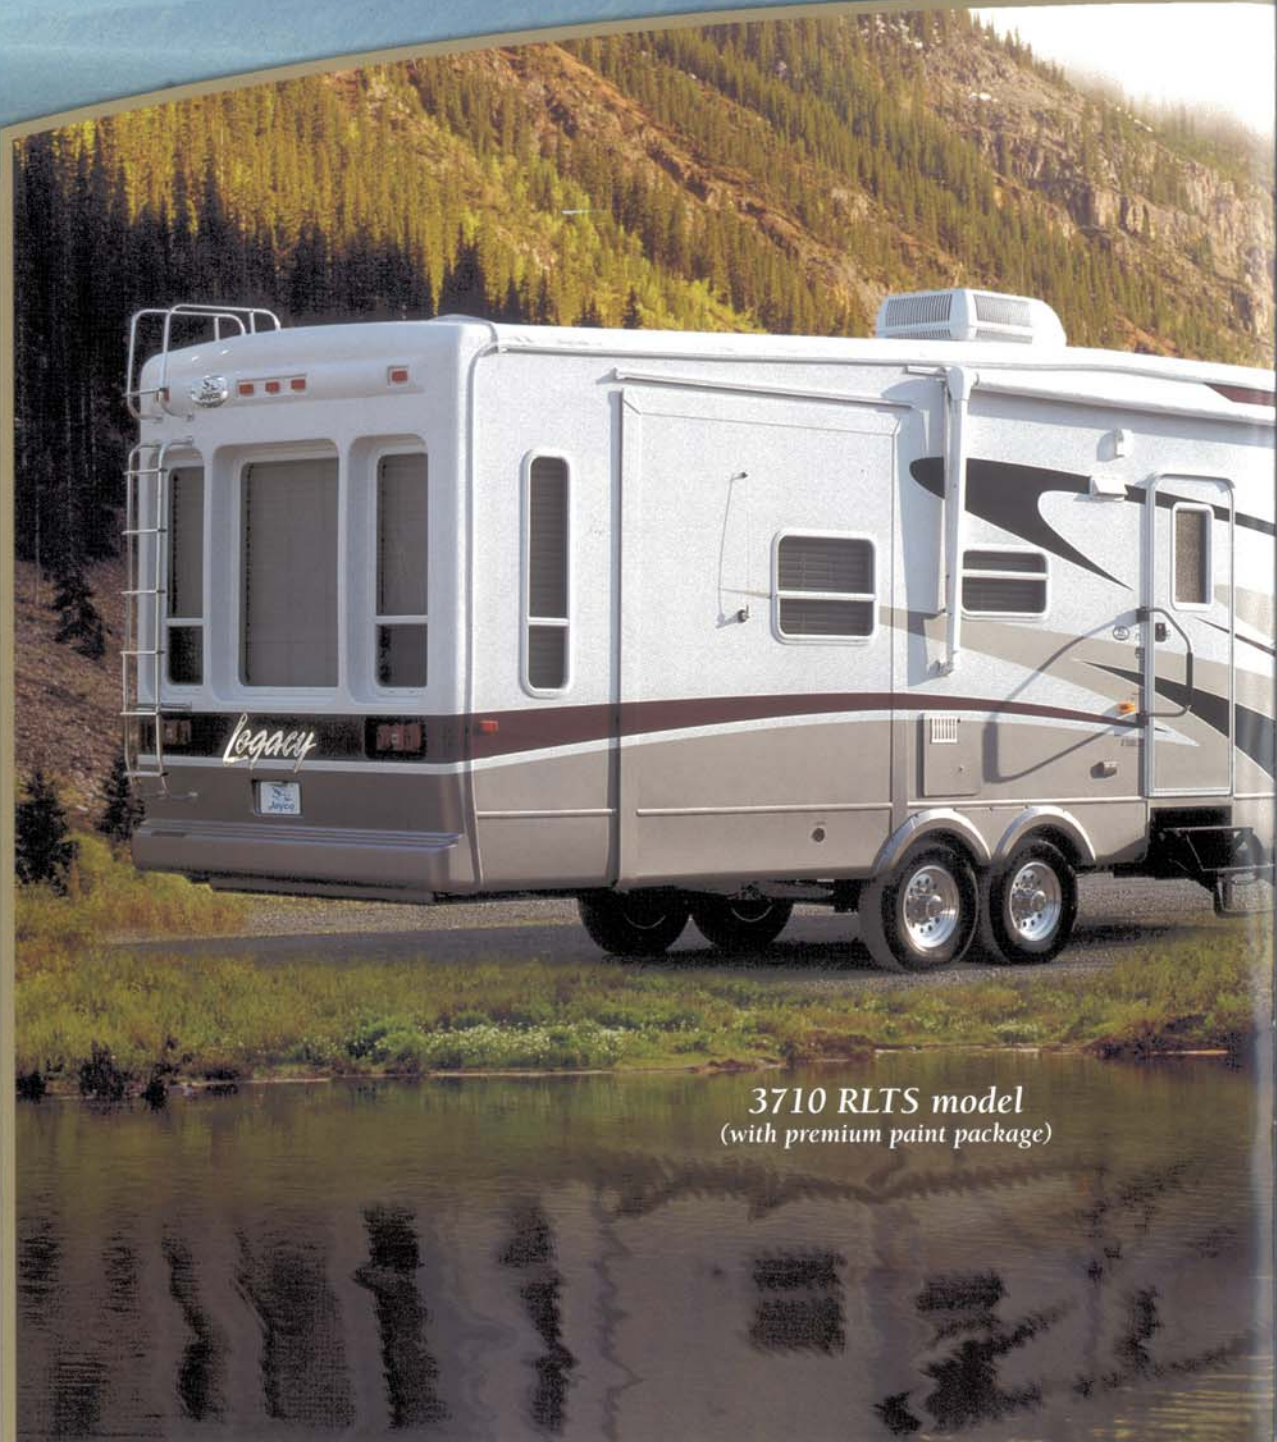

Nothing beats the taste of food grilled outdoors. Our optional portable gas barbecue grill, a Jayco® innovation, comes with a handy carrying case.

Fit into your beautiful surroundings with the beauty of either the standard graphics package or the new platinum slate premium paint package. Sit in the cool shade of the optional Carefree® 12V ONE-Touch™ remote control electric awning. No struggling with a crank or pull straps.

Summer winds will whisper past the Owens Corning® high-gloss Gel-coat fiberglass sidewalls.

The pass-through basement storage fits long items, and optional steel sliding storage trays give easier access. The garage-style pegboard lets you store and organize tools or equipment however you want. Our patented Spacemaster® chassis system (select models) gives you more storage, easier access to your cargo and water valves, strengthens the chassis and protects holding tanks from the elements.

3710 RLTS model
(with premium paint package)

All Legacy® models
feature roomy
slideouts.

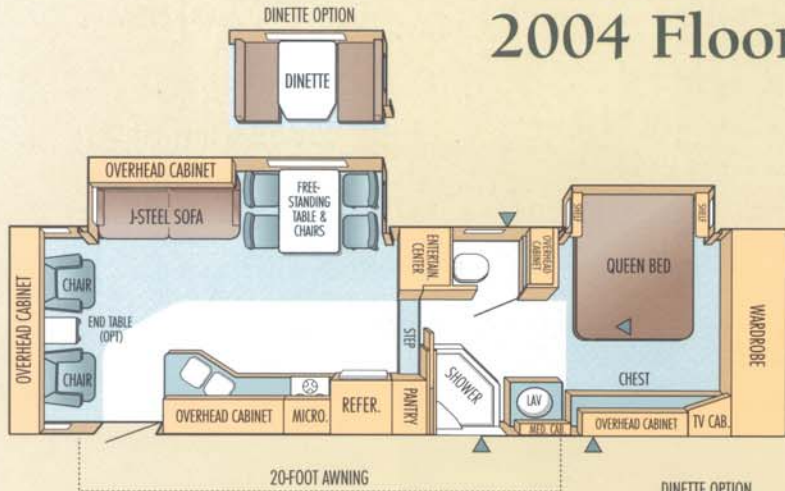

The exclusive outside utility center consolidates connections and controls within easy reach. A land-based dish outlet and wiring let you place a satellite dish wherever you need it.

Find added storage space and easy access for two LP gas bottles in the side compartment.

Both electric and snap jacks are standard.

The convenient optional bike rack carries up to three bicycles without taking up interior or storage space so you can ride the trails.

[^]Includes Water Heater

Unloaded Vehicle Weight (UVW): Sometimes referred to as "Dry Weight," UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, LP gas, options or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the trailer, including the UVW plus passengers, personal items, all cargo, fluids, options and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC.

Cargo Carrying Capacity (CCC): CCC means the maximum weight of all passengers, personal items, food, fresh water, LP gas, tools, other cargo and dealer-installed accessories* that can be carried by the trailer. CCC is equal to or less than GVWR minus UVW.

*The addition of options will decrease the CCC.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions

or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle and the RV together before heading out on the roadways. **When you tow an RV, you must drive differently than you do when driving a single vehicle.** Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction.

See specification chart above. Jayco® affixes a weight label to each new RV which lists weight information for that vehicle.

Standards and Options

STANDARD EXTERIOR FEATURES

Molded fiberglass front and rear caps w/radius corners and integrated rear bumper
 High-gloss Gel-coat fiberglass exterior sidewalls
 Radius corners at top and bottom of sidewalls

Enjoy Jayco's convenient Customer First Roadside Assistance

You can travel worry-free in your Legacy® Recreational Vehicle and concentrate on having fun, thanks to Jayco's new Customer First Roadside Assistance program. This service, free during your first year of ownership, provides complete roadside assistance, emergency road service and special support benefits that follow you wherever your travels take you. This program is offered through Coach Net, the largest RV emergency road service in the country. With a simple phone call, you get immediate access to dependable service when and where you need it, including:

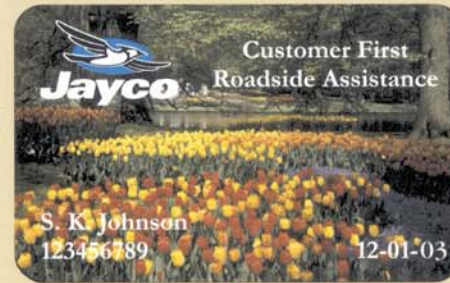

- **Emergency Roadside Assistance.** Gain covered benefits with no out-of-pocket expense throughout the U.S. and Canada (includes one additional family car).

- **24-hour Toll-Free Emergency Message Service.** Stay in touch with family and friends anywhere in the country in case of an emergency.
- **\$500 Trip Interruption Reimbursement.** If you're in an accident, get reimbursement for your car rental, meals, lodging ... even a plane ticket home.
- **Toll-Free Nationwide Service Appointment Assistance.** Simply call us to set up an appointment where and when you want it and we'll take care of the rest.
- **Free Custom Trip Routing and Full Color Map Service.** Receive easy-to-

follow maps, travel tips, places to see and much more.

- **Service Assistance.** Get simple directions to the closest of more than 6,800 qualified agencies throughout North America.

- Free Dispatch of On-Site Mechanical Service in the Event of a Breakdown
- Free Jump Starts
- Free Tire Changes
- Free Fuel Delivery
- Free Lockout Service
- Free Travelers Checks
- \$1,000 Auto Theft or Hit-and-Run Reward

WE BACK WHAT WE BUILD

The Jayco® **2+3 warranty** is a manufacturer's warranty. It doesn't come from your dealer, and it's not an extended warranty! It comes from the people who build Jayco recreational vehicles to the people who buy them. Each Jayco is warranted to the original purchaser for twenty-four (24) months from the date of purchase against defects in materials and workmanship. This is full hitch-to-bumper coverage on towables and

bumper-to-bumper on motorized RVs. The Jayco warranty includes a three-year (3) structural guarantee. In addition, our warranty is transferable within the first two (2) years for a \$100 processing fee. Go ahead and compare the Jayco warranty with other manufacturers' warranties. You'll find it's the best in the business! For a copy of the warranty with full terms and conditions, ask your local Jayco dealer or visit our Web site.

In the heart of the Midwest, old-world craftsmen have handed down tried-and-true construction methods from generation to generation. At our headquarters in Middlebury, Indiana, Jayco continues this tradition when building all of our recreational vehicles. Our rugged designs, solid construction and commitment to quality add up to a well-built vehicle you can depend on for years.

See dealer for further information and prices.

FAMILY OWNED. FAMILY FOCUSED.
