Stay Awhile.

2007 Jay Flight Bungalow Park Trailers by Jayco®

2007 JAY FLIGHT BUNGALOW Park Trailers

AMERICA'S MOST LIVEABLE RVs.

AMERICA'S MOST **LIVEABLE** RVs.

"Liveable" may mean what you see, what you feel or even what you trust about a Jayco. But one thing is for certain, "liveable" is the reason why more people across North America are making Jayco their choice in recreation.

Incredible Liveables.

Take the Jay Flight Bungalow to the lake or mountains and enjoy your own summer cottage with the comforts of home. More spacious than a standard travel trailer, it provides an 84" living room ceiling height and 102" width, and gives you a place for everything inside the plentiful Northridge Maple cabinetry. You'll also appreciate the Bungalow's many residential-style features including a fireplace and freestanding dinette with four chairs.

Desirable Liveables.

Inside and out, we equipped the Bungalow to enhance your leisure time together. From a home-style kitchen to dreamy sleeping areas, your summer cottage is ready for the long, lazy days ahead.

1. The kitchen includes an 18 cu. ft. refrigerator, freestanding 4-burner gas range with oven, 30" microwave, and pair of bar stools.
2. Front atrium windows and a ceiling paddle fan create wonderfully restful breezes in the bedroom.
3. A trundle bed and top bunk are fun, family-friendly features.
4. Welcome details in the bathroom include the garden tub surround, tub with glass shower door, skylight, and washer/dryer prep for a stackable unit.
5. Standard hide-a-bed is a cozy sofa by day and an inviting sleeping area by night.

6. Acrylic residential-style sink with high-rise faucet comes with handy sink covers/cutting boards.
7. Residential-style refrigerator provides 18 cu. ft. of storage plus an ice maker.
8. Convenient outside shower makes it easy to rinse off after fishing or hiking and keep the inside of your Bungalow clean.
9. Security light allows you to see who or what is outside while you are inside.
10. The Bungalow's removable hitch reduces the trailer length by over 2 feet when taken off, allowing it to be parked in almost any campground.
11. Step outside through the 60" patio door with vertical blinds.

Available Liveables.

Jay Flight Bungalow Floorplans

Specifications & Measurements

Floorplans	Exterior Length	Exterior Height (with A/C)	Interior Height	Unloaded Vehicle Weight (lbs.)	Dry Hitch Weight (lbs.)	Gross Vehicle Weight Rating (lbs.)	Cargo Carrying Capacity (lbs.) 40 FLR	40' 11"	137"	84"	9535	1505	11700	2165	50	65	33

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the park trailer you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. When you tow a park trailer, you must drive differently than you do when driving a single vehicle or towing a standard travel trailer. Practice hooking up, driving, backing up, and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each park trailer which lists weight information for that vehicle. See specification chart above. **Unloaded Vehicle Weight (UVW):** Sometimes referred to as "Dry Weight," UVW means the typical weight of this park trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options, or dealer-installed accessories. **Gross Vehicle Weight Rating (GVWR):** GVWR means the maximum permissible weight of the park trailer, including the UVW plus passengers, personal items, all cargo, fluids, options, and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC. **Cargo Carrying Capacity (CCC):** CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo, and dealer-installed accessories that can be carried by the park trailer. CCC is equal to or less than GVWR minus UVW. The addition of options will decrease the CCC. **Hitch Weight (HW):** The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

Measurable Liveables. 2007 JAY FLIGHT BUNGALOW™ Park Models

- \$1,000 auto theft or hit-and run reward
- Free jump starts
- Free tire changes
- Free fuel delivery
- Free lockout service
- Free travelers checks

We Back What We Build.

The Jayco Co-Pilot Warranty is a manufacturer's limited warranty. It comes from the people who build Jayco recreation vehicles to the people who buy them. Each Jayco is warranted to the original purchaser for twenty-four (24) months or twenty-four thousand (24,000) miles (mileage limitation applies to motorized products only), whichever occurs first, from the original date of purchase against defects in materials and workmanship. In addition, our limited warranty may be transferred one time within the warranty period. Go ahead and compare the Jayco warranty with other manufacturers' warranties. You'll find it's the best in the business!

For a copy of the limited warranty with full terms and conditions, ask your local Jayco dealer or visit our web site at www.jayco.com.

Jayco proudly sponsors Tread Lightly®, a nonprofit organization whose mission is to empower generations to enjoy the outdoors responsibly through education and restoration.

As a Jayco owner, you can be part of the Jayco Jafari International Travel Club. Ask your dealer about the Jafari "flight" in your area, write Jayco, or visit our website.

Please Note: All information in this brochure is the latest available at the time of publication approval. Jayco reserves the right to make changes and to discontinue models without notice or obligation. Photos in this brochure may show optional equipment or props used for photography purposes. Park trailers built for sale in Canada may differ to conform to Canadian codes.
