PRICELESS. AT A PRICE YOU CAN AFFORD.

Here are just a few of the luxurious feature-benefits you can expect with the value-packed DayBreak:

Damon's Dream Dinette converts from a beautiful dining area to a comfortable double bed in one easy lever-flipping action. It can even be done with one hand. The result is additional sleeping space when family and friends show up unexpectedly.

DayBreak is the only gas-powered Class A that offers Carrier® air conditioners for more efficient cooling and better serviceability. Carrier is a world leader in air conditioning and heating systems.

Spacious pass-through storage compartments will hold everything you want to take along on your trip – including the kitchen sink.

Ball-bearing drawer guides assure smooth operation, plus give the drawers a high-quality feel. They also allow full drawer extension so items in the back are just as accessible as those in the front.

One-touch automatic leveling jacks are usually found in higher priced diesel motorhomes. DayBreak offers them for swift, easy, trouble-free operation.

The solid wood cabinets in rich maple or oak feature a beautiful raised panel design.

A. Kid-friendly bunk beds are a wonderful option. They make this floorplan with two bedrooms perfect for the larger family.

Plus, handsome, handcrafted solid wood wardrobe offers generous room for your finer things.

B. and E. Our Dream Dinette quickly converts to a comfortable full-size bed for unexpected guests.

C. Notice the spacious pantry and the full extension pantry door glides.

D. Entertainment center with 15" flat screen LCD TV in "kids" bunk area.

F. Ample solid wood lower cabinet drawers offer plenty of storage and convenient full extension door glides.
