

DayDreamer by Cedar Creek

Make your dreams reality.

The Smart Choice for the Experienced RV'er

B

A

Are you a Day Dreamer?

Have you ever imagined yourself traveling the world without leaving the comforts of home? Have you ever just wanted to see where the road is built ahead? **If you are a dreamer, all things are possible.**

Have you ever wanted to own a fifth wheel that was luxurious, tough enough to stand up to the rigorous travel of on-the-road living? **Take a good look at Day Dreamer.**

The Day Dreamer was designed for the experienced recreational vehicle user who knows what they desire and appreciates the feeling of safety and security each unit provides while seeing what is over the next hill.

A. Stainless Steel Residential Kitchen

The Day Dreamer kitchen comes equipped with a stainless steel appliance package that includes a 1.5-cubic foot refrigerator, 30-inch convection oven/microwave, and sealed burner cook top. Corian® solid surface countertops, stainless steel under-mount kitchen sink, and hand built cabinetry contribute residential quality to this beautifully efficient kitchen.

B. Luxury Living

The living area's regal demeanor is richly detailed with fine furnishings and amenities. The gorgeous entertainment center, complete with a home theater sound system; mood-setting fireplace; and convenient entertainment bar let you host guests in style or relax in private elegance.

C. Plush Comfort

Lush comforts await you in the generous master bedroom. Adorned with a sculptured chocolate ash headboard, the queen bed is topped with a plush pillow top mattress, pillow comforter with bed skirt, and five bed pillows. Even a king size bed is available.

D. Innovative Ideas for Easy Living

Our free standing dining table features a sliding table top with self-storing table extension. The four dining chairs include two fold-away ones that can be stored away when not in use. Additional storage space is found underneath the seat cushions.

Cashew

Amber Smoke

Harmony Pebbles

A. Private Quarters ▲

When closed, the exquisite glass atrium doors create a cozy den complete with fireplace, roll-top desk, and entertainment center. Draw the day/night shades and pull out the air mattress from the hide-a-bed sofa and you've got a private second bedroom for guests or additional family members.

B. Rich Cabinetry

Delicious chocolate colored solid ash cabinetry dominates the kitchen, creating a rich residential appearance as well as an abundance of storage space. Crown molding complements the overhead cabinets along with toe kicks at the bottom of the base cabinets. Drawer fronts are solid ash with full extension drawer roller guides.

C

D

C. Dining In Elegance

The dining room slide-out with its large picture window provides elegant dining quarters with a beautiful view. Serve your guests from the beautiful built-in hutch that also stores your fine tableware.

D. Glass Atrium Den

Open up the glass French doors and enjoy the luxury of open space or close them for a private retreat. You can even turn your Day Dreamer into a two-bedroom floor plan by adding a bunk above the hide-a-bed sofa and a wardrobe.

- A.** The Hydraulic Disc Brake System with fixed calipers on all four wheels provides the same opposing piston technology used in racing units. In addition, the 7,000 lb. Axle, Actuator System, Heavy Duty Suspension Kit, and Hydraulic Rear Stabilization with 8" landing pad give you the best that the industry has to offer in travel.
- B.** The slide-out room selector switch and batteries are housed in an easy-access exterior storage compartment.
- C.** The unique Cedar Creek Z-Frame, flat floor, side-to-side compartment storage area allows easy access to all of your personal items, turning your front storage compartment into a front storage shed. Heavy Duty Compartment Doors include Gas Lifts and recessed full latch handles, exclusive to the Day Dreamer, which allow easy, hands free access.
- D.** This full Water Manifold System will include a convenient hose access panel which allows you to close and lock the panel door while the hose is attached. Included within this compartment is a water filter system, (water is filtered through the tank and also when hooked up to city water), black tank flush, electric dump valves, outside shower, holding tank monitors, city and fresh water fills, and phone, cable and satellite hook-ups.
