# Starcraftsmanship

**Quality starts with attitude.** At Starcraft, we've always referred to that attitude as *Starcraftsmanship!* It's a working philosophy that starts with research and design, and carries all the way through production to sales and service. It's our way of bringing you more in terms of customer satisfaction, value, service and warranty.

Since 1964, Starcraft has been a leader in the evolution of the recreational vehicle. Today's Starcrafts have every comfort and convenience the industry has to offer, and then some! Our secret weapon is our people – on the line, in our offices and on the road. We've watched generations of busy families get away to connect with each other, with nature, with themselves. That's the real reason people want to go RVing, and that's what this lifestyle is all about.

When you take the best ideas, designs, materials and people, and put them all together, year after year, you earn a reputation. That reputation goes on the line every time we sell another product. Add up the reasons for our success, and you have the best reason of all to buy a Starcraft ... *Starcraftsmanship.*

## Join the Starcraft Camper Club

When you purchase a new Starcraft, you'll receive a free one-year membership to the Starcraft Camper Club, a camping group of Starcraft owners. Our club offers you the friendship and security of caravan-style travel at lower group rates. Organized trips and gatherings are held throughout the year and detailed in the club's quarterly publication, *Chatter*. Participating in the Starcraft Camper Club is a great way to develop friendships with people who have the same interests and share your love of RVing.
