Why Solei?

• Two attractive floorplans
• Radio/Rearview Monitor System with 6" color touch screen
• LED ceiling lighting
• MCD blackout shades
• Soft vinyl ceilings
• Flex Bed System with bunk beds (38R)
• Powered patio awning
• Home theater sound bar and DVD player
• Polished Corian® countertops and decorative backsplash
• Powered visor shade (front windshield)
DIESEL-PUSHER POWER

Kick your motorhome lifestyle into high gear with the all-new Itasca Solei™ We’ve done all the hard work to give you a luxury diesel-pusher at an attractive price. The Solei shows off its muscle with a Freightliner® XCS straight-rail chassis featuring a 340-hp Cummins® diesel engine coupled with a six-speed Allison® transmission. Its softer side comes through in the polished Corian® galley countertops, coffee-glazed cabinetry, LED ceiling lights, and upscale entertainment features. And, with Smart Storage™ as an integral part of both floorplans, you will have plenty of room to bring even more of your favorite things with you. The diesel-pusher you’ve always wanted is finally within reach with the Itasca Solei.
BEST IN CLASS

See how Winnebago Industries takes motorhome design and function to the next level, and why we’ve earned the right to be called the Most Recognized Name in Motorhomes.

Click on this icon throughout the brochure to link to more information on the web.

The smooth-retracting MCD Blackout Roller Shades let you control your light and privacy – no matter the time of day.

The available +Lounger passenger seat with a built-in workstation reclines for comfort when you are parked.

The multi-functional inTable™ does it all: a coffee table or counter extension, end table, or flexible dining for six.

Important gauges, switches and controls are all centrally located in the OnePlace® Systems Center.

Keep your clothes fresh and clean wherever you are with the Available Washer and Dryer.
Whether you want a quiet afternoon of reading or a lively night of entertaining, the Solei lounge is a wonderfully versatile space. The soft leatherette furniture is perfect for relaxing and the optional fireplace offers an even cozier setting. The home theater sound bar system and DVD player make for great movie watching. Plus, the LED ceiling lights, soft vinyl ceiling, MCD blackout roller shades and tinted, dual-glazed, thermo-insulated coach windows all add to the luxurious comfort you’ll experience.
Preparing delicious meals is even more enjoyable with the generous preparation space and high-end galley features. Desirable amenities include a microwave/convection oven with a range fan, a 3-burner range top, a 2-door residential refrigerator with an icemaker, and extensive storage. Elegance, as well as an abundance of preparation space, can be found in the tasteful Corian® countertops, sink covers, and decorative backsplash. With your choice of attractive cabinet finishes, including Coffee-Glazed Honey Cherry or Coffee-Glazed Forest Cherry, you can customize your galley to your own style.
The 34T features an inLounge™ sofa that extends to seat eight guests. Flip up the movable inTable for instant dining. At the end of the meal, roll the inTable back into the utility cabinet with additional storage. A leatherette dinette with seating for four comes standard in the 38R.
Restful nights are easier in the spacious master bedroom. You’ll enjoy the roomy, walk-around queen bed, HDTV, and abundant storage that allows for all your necessities. For even more comfort, take advantage of the available Ideal Rest® Nouveau digital comfort control mattress, which allows you to adjust the firmness and support to your personal preference. A convenient master bathroom equipped with an available washer and dryer completes the 38R.
With Winnebago Industries’ signature quality, the Solei cab delivers all the superior comforts one would expect from a luxury diesel-pusher. Leatherette cab seats offer stylish comfort while driving and also swivel to serve as comfortable lounge chairs when parked. Other great features include powered mirrors with sideview cameras, a powered MCD visor shade, and a color rearview camera.
The Solei makes it easy to set up so you can spend more time enjoying your destination. Features such as the powered patio and entrance awnings and exterior service center make being in the great outdoors comfortable and convenient. For those times when you want to connect your media devices, simply access the exterior entertainment compartment with its TV antenna and 3-way A/V receptacles. The spacious lighted exterior storage compartments make loading and unloading your gear easier than ever.
Every coach—from our smallest Class C to our largest diesel-pusher model—is built to Winnebago Industries’® legendary SuperStructure® construction standards. It’s a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.
TESTING  Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, our computer simulations, physical testing center, and rigorous test track ensure each model is built to last.

DETAILS  At Winnebago Industries, we treat the features you can’t see with the same care as the ones you can. Look in the access panels of some of our competitors’ coaches and you’ll see loose insulation and wires haphazardly strewn about. Winnebago Industries maintains a clean fit and finish throughout so your coach will last for the long haul.

BUILT IN-HOUSE  We extrude our own aluminum. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

TAKE A TOUR  We’re proud of our processes, state-of-the-art facilities, and the people who make Winnebago Industries number one. We invite you to visit our complex in Forest City, Iowa, for a first-hand look at the dedication and technology behind every motorhome we build.

Visit BetterBuiltRVs.com to gain real insight into what goes into a Winnebago Industries motorhome.

36-month/36,000-mile limited warranty on structure
10-year limited parts-and-labor warranty on roof skin
1 The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
2 Floorplans feature a wide-body design - over 96” In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96” in width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
3 The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
4 Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
5 Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
6 Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
7 See separate chassis warranty.
8 See your dealer for complete warranty information.
As an Itasca motorhome owner, you are invited to join the WIT Club. It’s a great way to take full advantage of your new coach and meet fun-loving WIT Club members from across the country who make motorhome adventures a way of life.

Members enjoy:
- Caravans and rallies
- Newsletters
- Local and state group activities
- RV travel benefits

GRAND NATIONAL RALLY
In 1969, two things happened: Neil Armstrong took mankind's first steps on the moon, and Winnebago Industries’ WIT Club launched its first Grand National Rally in Forest City, Iowa. Every year since then, thousands of rally-goers connect with old friends to enjoy concerts, tours, activities, and more. Blast off for an adventurous week in July to celebrate 45 years of interstate land roving at the 2014 “Out of This World” Grand National Rally. It’s a mission you’ll never forget!
