Why Sunova?

- Four innovative floorplans
- Swivel Ultraleather™ cab seats
- MCD solar/blackout roller shades (MCD blackout roller shade in galley)
- Corian® galley countertops
- Available StudioLoft™ drop-down bed
- Extendable U-shaped dinette (30A)
- Choice of queen or king bed (30A queen only)
- Leveling jacks with 3-position controls
- Powered patio awning with LED lighting
TAKE THE SCENIC ROUTE

The question for motorhome enthusiasts looking for a truly exceptional Class A coach is not “should I buy an Itasca Sunova®?” But, rather, “which Sunova should I choose?” With four distinct models, including the spacious 35G with inLounge™ extendable sectional sofa and movable inTable,™ there is a Sunova that is perfect for you and your family. Popular features such as LED lighting, Corian® galley countertops, and MCD solar/blackout roller shades (MCD blackout in galley) make it easy to call the Sunova home. This year, we have added an available StudioLoft™ drop-down cab bed for even more travel flexibility. Add in Winnebago Industries® legendary construction quality and your decision is even easier—it is the Itasca Sunova.

RECOGNIZED QUALITY The RV Dealers Association bestows its annual Quality Circle Award based on dealer ratings to manufacturers that provide exceptional products, service and support. Only one manufacturer has received this award for seventeen consecutive years: Winnebago Industries®
BEST IN CLASS

See how Winnebago Industries takes motorhome design and function to the next level, and why we’ve earned the right to be called the Most Recognized Name in Motorhomes.

Click on this icon throughout the brochure to link to more information on the web.

The Dash Workstation is the perfect place to plan your trip.

Day or night, the smoothly-retracting MCD Solar/Blackout Roller Shades give you total control over light and privacy levels.

The color-coded Exterior Service Center with QuickPort® service connection hatch will have you set up at the campsite in no time.

The InLounge™ becomes exactly what you need it to be; a sofa, dining seating, or an additional space for sleeping.

Keep your clothes fresh and clean wherever you go when you add the available Washer/Dryer (33C, 35G).
With four feature-rich floorplans, the Sunova lounge can be customized to your preferences. Whether you want an extendable U-shaped dinette sectional (30A), an inLounge™ extendable sofa, movable inTable™ and available fireplace (35G), or an Extendable Sectional Sofa (36V), there is a lounge arrangement to suit your needs. Kick back and relax in the Ultraleather™ hoop-base recliner that swivels, has a built-in foot rest, and can be moved to your favorite spot when you’re not traveling. At the end of a long day, unwind in front of the large HDTV and available Home Theater Sound System with DVD Player.
You’ll enjoy preparing meals in your galley, with impressive amenities such as a microwave/convection oven, a three-burner range top, and an available four-door refrigerator/freezer with an icemaker (NA 30A). The drawers on full-extension slides and the pantry provide an abundance of storage space, while the Corian® solid-surface countertops and matching sink covers offer plenty of preparation space.
35G Available Four-Door Refrigerator/Freezer with Icemaker

35G Pull-Out Cabinet

Full-Extension Drawer Slides
The Sunova offers multiple dining options to meet your preferences, from an extendable U-shaped dinette (30A) to an elegant, extendable dining table/buffet and chairs with a 39” retractable HDTV (Available 33C), or a spacious BenchMark® full comfort dinette (33C and 36V). The inLounge™ sofa extends to seat your guests comfortably. Pull up the movable inTable™ for instant dining for six (35G).
Relax after a long day in your walk-around queen or available king (NA 30A) bed, with the standard HDTV that is connected to the coach DVD system. With a chest of drawers on most models and spacious wardrobes, you’ll have plenty of space to store your traveling necessities as well as any extras.
Pilot your Sunova with confidence, thanks to the rearview color monitor system, easy-to-read controls and the six-way power Ultraleather™ driver’s seat. An iPod®/MP3 input and available SiriusXM™ satellite radio (subscription not included) offer hours of entertainment while on the road. Your co-pilot will appreciate the extra space provided by the dash workstation. Both cab seats swivel to face the lounge area, enhancing your living space while parked.
With a powered patio awning and an available exterior entertainment center with a 32” HDTV, you’ll thoroughly enjoy being in the great outdoors. Large storage compartments with single paddle latches on the doors make it easy to access all your gear. A color-coded service center/wash station make hookups quick and convenient.
Every coach—from our smallest Class C to our largest diesel-pusher model—is built to Winnebago Industries® legendary SuperStructure® construction standards. It’s a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

**Fiberglass Roof**
The crowned, one-piece fiberglass roof is backed by a 10-year limited parts-and-labor roof skin warranty.

**Rubber Can’t Cut It**
Rubber roofs used by competitors can streak and degrade over time.

**Thermo-Panel® Sidewalls**
By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry’s strongest, most durable and lightweight sidewalls.

**E-Coating**
An electrodeposition coating helps protect critical steel components.

**Embedded Steel**
Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

**Solid Framework**
Aluminum extruded in our own facility to our exacting standards creates an extremely strong and solid structural framework.

**Laser-Cut Tubing**
Precision laser cutters create precise joints in structural steel that are stronger and require less welding.

**Interlocking Joints**
Specially engineered interlocking joints connect the floor, sidewalls and roof where competitors often rely on simple screws to bear the weight.
Visit BetterBuiltRVs.com to gain real insight into what goes into a Winnebago Industries motorhome.

**TESTING** Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, our computer simulations, physical testing center, and rigorous test track ensure each model is built to last.

**DETAILS** At Winnebago Industries, we treat the features you can’t see with the same care as the ones you can. Look in the access panels of some of our competitors’ coaches and you’ll see loose insulation and wires haphazardly strewn about. Winnebago Industries maintains a clean fit and finish throughout so your coach will last for the long haul.

**BUILT IN-HOUSE** We extrude our own aluminum. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

**TAKE A TOUR** We’re proud of our processes, state-of-the-art facilities, and the people who make Winnebago Industries number one. We invite you to visit our complex in Forest City, Iowa, for a first-hand look at the dedication and technology behind every motorhome we build.
Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at Goltasca.com.

30A

With a mid-coach HDTV, an extendable U-shaped dinette, and a large wardrobe with a chest of drawers, this dual-slideout floorplan offers comfortable living spaces.
Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at [Goltasca.com](http://goltasca.com).

33C
This triple-slideout floorplan offers several furniture options such as the Rest Easy® sofa, Euro recliner, an extendable dining table/buffet with a retractable HDTV, and a king bed.
Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at Goltasca.com.

**35G**

Popular features in this comfortable, triple-slideout floorplan include an inLounge™ extendable sofa, a movable inTable™, and an optional fireplace.
Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at Goltasca.com.

36V
Functional amenities abound in this dual-slideout floorplan, including a BenchMark® dinette, an Extendable Sectional Sofa, an available king bed, and twin wardrobes.

Large-capacity 2-door refrigerator/freezer w/icemaker and water filter (30A)
4-door refrigerator/freezer w/icemaker (33C, 35G, 36V)

3-burner range w/oven

Warranty
12-month/15,000-mile basic limited warranty
36-month/36,000-mile limited warranty on structure
10-year limited parts-and-labor warranty on roof skin

1 The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
2 Floorplans feature a wide-body design – over 96". In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
3 The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
4 Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
5 Capacities shown are tank manufacturer’s listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
6 Actual towing capacity is dependent on your particular loading and towing circumstances, which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator’s Manual of your vehicle for further towing information.
7 See separate chassis warranty.
8 See your dealer for complete warranty information.
9 NA Not Available

Not all items available in combination. See dealer for details.
As an Itasca motorhome owner, you are invited to join the WIT Club. It’s a great way to take full advantage of your new coach and meet fun-loving WIT Club members from across the country who make motorhome adventures a way of life.

### JOIN THE CLUB, JOIN THE FUN

**Grand National Rally**

In 1969, two things happened: Neil Armstrong took mankind’s first steps on the moon, and Winnebago Industries’ WIT Club launched its first Grand National Rally in Forest City, Iowa. Every year since then, thousands of rally-goers connect with old friends to enjoy concerts, tours, activities, and more. Blast off for an adventurous week in July to celebrate 45 years of interstate land roving at the 2014 “Out of This World” Grand National Rally. It’s a mission you’ll never forget!
