Why View | View Profile?

- Mercedes-Benz® Sprinter chassis
- Fuel-efficient and easy to maneuver
- Ultraleather™ swivel cab seats
- Radio/Rearview Monitor System
- MCD blackout roller shades
- Available Infotainment Center with Rand McNally RV GPS
- Maximum usability with SmartSpace™ design
- Flex Bed System twin or queen bed configuration (24V)
- Powered patio awning with metal wrap
- Energy-efficient LED lighting
Get Up and Go

Take luxury living on the road with the Winnebago View® and View® Profile, and experience the performance, towing power, and fuel economy of the reputable Mercedes-Benz® Sprinter chassis. Two roomy View floorplans offer an overhead bed with welcoming living space for comfortable dining and relaxing. With its more sleek design, the View Profile offers a walk-around queen bed or the innovative Flex Bed System for custom sleeping accommodations on every trip. These fuel-efficient Class C motorhomes pack plenty of amenities and have surprisingly spacious interiors made possible by our SmartSpace™ design philosophy. Move forward efficiently and luxuriously in the leading, Sprinter-based Winnebago View and View Profile.

Recognized Quality

The RV Dealers Association bestows its annual Quality Circle Award based on dealer ratings to the manufacturers that provide exceptional products, service and support. Only one manufacturer has received this honor for seventeen consecutive years: Winnebago Industries®
Best in Class

See how Winnebago takes motorhome design and function to the next level, and why we’ve earned the right to be called the Most Recognized Name in Motorhomes.

Features

Full-Extension Drawer Slides make it easy to open drawers wide and maximize their storage space.

The Comfort Sofa Sleeper quickly converts from a sofa into a comfortable bed with self-inflating mattress that automatically maintains proper inflation (standard on 24M, 24G, 24V).

The L-Shaped Sectional available in the View Profile extends to seat more guests when you are parked. Add the removable pedestal table for an instant dining space (24G, 24V).

The BenchMark® Full Comfort Dinette includes innerspring cushions that flip up to reveal hidden storage bays. At night it converts into a comfortable bed (24J, 24M).

The available smooth-retracting MCD Solar/Blackout Roller Shades let you control your light and privacy—no matter the time of day.

GoWinnebago.com
The View and View Profile pay close attention to detail, employing energy-conserving LED lighting that reduces energy consumption by up to 70 percent and offering the available powered skylight/roof vent with a sliding screen and pleated shade. Add the Interior Upgrade Package for MCD solar/blackout roller shades and a host of other interior features that make your adventures more enjoyable.
The versatility and convenience of the microwave/convection oven with a vented range fan allows you to create fabulous meals while saving space. The wood covers for the stainless steel double-bowl sink, available with the Interior Package Upgrade, give you even more room for meal preparation. Add the water filtration system for refreshing drinking water wherever you go.
The BenchMark® full comfort dinette with innerspring cushions that flip up for access to hidden storage compartments comes standard in the View. You can choose the standard Comfort Sofa Sleeper with a movable table or the available L-shaped sectional dinette in the View Profile.
The Flex Bed System in the 24V provides the ultimate flexibility, easily converting between two twin beds and a queen bed. Choose the 24G with a walk-around queen bed featuring a memory foam mattress. Available amenities include a 22” HDTV (24J, 24G, and 24V) and a 1,000-watt inverter with dedicated 110-volt outlet connection for convenient access to power when shoreline power is not available.
Getting to your destination is even more comfortable in the luxurious Ultraleather™ cab seats. Once you arrive, they swivel to increase the lounge’s living space. The Radio/Rearview Monitor System with a touch screen radio lets you listen to CDs or MP3s and incorporates the rearview monitor for safe backing and maneuvering. Upgrade to the available Infotainment Center with Rand McNally RV GPS with SiriusXM™ satellite radio (subscription not included) for exceptional digital selections and premium trip guidance.
The standard powered patio awning with a metal wrap and LED lighting lets you enjoy the outdoors in shaded comfort. Plus, an available exterior speaker system comes with a remote extender to help maximize your outdoor entertainment.
Every coach—from our smallest Class C to our largest diesel-pusher model—is built to Winnebago’s® legendary SuperStructure® construction standards. It’s a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.
TESTING  Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, our computer simulations, physical testing center, and rigorous test track ensure each model is built to last.

DETAILS  At Winnebago Industries, we treat the features you can’t see with the same care as the ones you can. Look in the access panels of some of our competitors’ coaches and you’ll see loose insulation and wires haphazardly strewn about. Winnebago Industries maintains a clean fit and finish throughout so your coach will last for the long haul.

BUILT IN-HOUSE  We extrude our own aluminum. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

Visit BetterBuiltRVs.com to gain real insight into what goes into a Winnebago Industries motorhome.

TAKE A TOUR  We’re proud of our processes, state-of-the-art facilities, and the people who make Winnebago Industries number one. We invite you to visit our complex in Forest City, Iowa, for a first-hand look at the dedication and technology behind every motorhome we build.

GoWinnebago.com
View 24J

Relax in style with the standard BenchMark® dinette or available sofa/bed with removable table, and choose the overhead bed or available entertainment center or storage cabinet.
View 24M

Enjoy the welcoming living space with a Comfort Sofa Sleeper, large slideout, swivel cab seats, and a user-friendly galley.

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at GoWinnebago.com.
View Profile 24G

This dual slideout accommodates a Comfort Sofa Sleeper or available L-shaped sectional dinette, along with a roomy walk-around queen bed.
View Profile 24V

Multiple sleeping options are standard with the innovative Flex Bed System, and your living area offers the Comfort Sofa Sleeper or available L-shaped sectional dinette.

Daytime running lamps

Warranty
12-month/15,000-mile basic limited warranty
36-month/36,000-mile limited warranty on structure
10-year limited parts-and-labor warranty on roof skin

1. The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
2. The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
3. Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
4. Capacities shown are tank manufacturer’s listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
5. Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
6. See separate chassis warranty.
7. See your dealer for complete warranty information.

Winnebago Industries® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Published content reflects the most current product information at time of printing. Please consult your dealer for individual vehicle features and specifications.
Join the Club, Join the Fun
As a Winnebago motorhome owner, you are invited to join the WIT Club. It’s a great way to take full advantage of your new coach and meet fun-loving WIT Club members from across the country who make motorhome adventures a way of life.

Members enjoy:
- Caravans and rallies
- Newsletters
- Local and state group activities
- RV travel benefits

Grand National Rally
In 1969, two things happened: Neil Armstrong took mankind’s first steps on the moon, and Winnebago WIT Club launched its first Grand National Rally in Forest City, Iowa. Every year since then, thousands of rally-goers connect with old friends to enjoy concerts, tours, activities, and more. Blast off for an adventurous week in July to celebrate 45 years of interstate land roving at the 2014 “Out of This World” Grand National Rally. It’s a mission you’ll never forget!
