LX455 - Shown in Mocha Cherry

FROM THE MOST RESPECTED NAME IN FULL-TIME RVS...

Through our research and development stages, we realized that no one was offering a Toy Hauler with the luxury and solid construction even close to a DRV product. FullHouse is built on the foundation of a Mobile Suite, and it is built to be used, traveled with, and lived in! So gather your assets, start your adventure, and enjoy true luxury full time living with our new FullHouse.
