SWIFT CARAVANS
2015 MODEL RANGE

50
years
of Smiles
Est. 1964

Smile

Determined to deliver exceptional value for money, Swift Group continue to drive significant increases in specification, ensuring prices remain competitive and boosting overall energy efficiency.

Whatever model you are considering, there has never been a more compelling time to choose Swift. With three ranges to suit different budget levels we have a model to suit you.

05 CHALLENGER SPORT

Outstanding value at weights that can be towed by most family cars.

15 CHALLENGER SE

Luxury meets affordability in this popular mid range.

25 CONQUEROR

Exterior and interior refinement for five star touring.

Smile

35 FEATURES

TECHNICAL INNOVATION

A SMART MOVE WITH MODERN CONSTRUCTION

As the UK's leading leisure vehicle manufacturer, the Swift Group undertakes what is probably the most extensive research and testing program in the industry and we are constantly looking at new and better ways to construct our products. SMART is our intelligent construction system that is used across our entire touring caravan range.

SMART is based on proven technology and provides a Strong timber-less body frame with Modern desirable looks and a leading Aerodynamic shape that is highly Resilient to moisture, all wrapped up in a caravan that has undergone the most comprehensive Testing.

Carefully developed, the new system has only been introduced once we were satisfied that it was truly fit for purpose.

Computer numerically controlled (CNC) cutting is used in the manufacturing process to provide accuracy and consistency time after time, to produce a high quality engineered product designed to give you a lifetime of SMILES.

For more details see www.swifttv.co.uk or www.swiftgroup.co.uk

AERODYNAMIC

We continue to lead the way in Aerodynamics using Computational Fluid Dynamics to help shape the bodyshell for better fuel consumption and safer towing.

MODERN

The SMART construction system uses Modern materials and also has been developed to ensure the exterior profiles maintain the Modern desirable looks our caravans are renowned for.

STRONG

The Strong timberless body frame uses 'PURE', a tough, hard polyurethane based product, that is totally impervious to water and has been proven through use.

RESILIENT

All fixings are made into the 'PURE' material to a pre-defined depth. 'PURE' is totally impervious to water and has no veins. This means there is no passage for water from the outer skin to the inner wallboard, making the caravan highly Resilient to moisture.

TESTED

Extensive safety and durability Testing at the Millbrook track, and cold chamber Testing down to minus 15°C and beyond puts prototypes through conditions most products will never have to experience in a lifetime; all part of the Swift Ethos to deliver the best products to you.

CHALLENGER SPORT

With modern styling and cutting edge interiors the Challenger Sport range provides outstanding value at weights that can be towed by most family cars.

Whether you want to kick back and relax or explore the great outdoors, the Challenger Sport comes with a choice of eight models including one twin axle model, so there is sure to be a layout to suit you.

Smile

Comfortable and relaxed, professional designers have carefully coordinated the interior, which is flooded with light from the panoramic sun roof.

The new 'Zimba' soft furnishings continue this light and bright theme with a cream base fabric, earthy brown and duck blue accents. New 'Aralie Sen' woodgrain with an ashen brown hue and chrome sockets, switches and push button locker catches gives a more contemporary feel.

Image shows optional 'Impala' scheme

A choice of flexible seating and sleeping arrangements are made more comfortable with the 'Duvalay Duvalite' mattress on fixed beds.

Kitchens and washrooms are well equipped and new features include a Dometic fridge with removable freezer compartment and a bi-fold shower door, which slides on tracks for improved use. It can also be locked in position for transit. The Truma Combi boiler provides ample hot water and a solar panel fitted as standard gives greater independence.

Side Fixed Upper Bunk			183cm x 57cm / 6'0" x 1'10"	

WEIGHTS: The method of calculating the Mass in Running Order (MRO) and user payload figures was changed in order to bring it in line with European Vehicle Directives.

Allowances for essential equipment (e.g. gas cylinders) previously allowed for in the user payload are now contained within the MRO. A provision for a leisure battery which used to be within the essential equipment payload has now been included within the personal effects payload allowance.

Although the method of calculation has changed, the overall effect is that the amount of payload available to the customer has remained the same, it is just calculated in a different manner.

BED SIZES: Please note that the front double bed sizes quoted are for seating configurations without a chest of drawers. The front double bed width for a layout with a chest of drawers fitted, will be reduced by 0.4m (1'4") from that stated.

AWNING SIZES: Due to varying awning designs and sizes the awning sizes given are approximate only. Specific awning sizes must be confirmed by your dealer or awning manufacturer prior to purchase.

* The dimensions given are approximate due to slight variations in suspension ride heights, loading conditions and tyre pressures.

Customers should verify the actual dimensions of their touring caravan before committing to anything that could be impacted by these dimensions

Smile

CHALLENGER

SE Luxury meets affordability in this popular mid-range that offers a perfect combination of style and specification at weights that fall within a wide range of towing cars. With four twin axle layouts in the nine model line up it also offers the ultimate in space. There is a new layout with spacious rear, central island bed and wardrobes either side in the 4 berth, twin axle 640 model.

Challenger interiors enjoy all the benefits that quality, advanced design and attention to detail can bring.

Gloss upper locker doors in new 'Aralie Sen' woodgrain and new 'Opus' soft furnishings give a more opulent feel to complement an exceptionally high specification. This includes Alde radiator central heating with a touch screen control, solar panel and exclusive 'Duvalay Duvalite' mattress, for an ultra comfortable nights sleep.

Pleated blinds and low energy lighting throughout including low level night lights, kitchen splash back and under worktop lighting let you set the mood.

A wide choice of seating layouts combine with well equipped kitchens and an external BBQ point allows for alfresco cooking. Washrooms have separate shower cubicles with a new sliding bi-fold door, powerful Ecocamel shower head, a handy hanging rail, back lit mirror and the luxury of an Alde heated towel radiator.

CONQUEROR

Synonymous with impressive style, this top range enjoys an enviable combination of comfort, practicality and design innovation.

Its distinctive aerodynamic exterior styling with sweeping front, imposing sunroof and rain water diverter has classic white sides. Available in both single and twin axle layouts the Conqueror is one of the best all year round tourers that money can buy.

Touring is about freedom and relaxation and Swift designers have worked hard to ensure the Conqueror can provide just that.

New furniture styling has curved upper locker doors in gloss 'Aralie Sen' with cream infills and chrome handles and there is a decorative inlay in the washroom door along with designer chrome kitchen and vanity mixer taps. All subtle details that along with the new embossed 'Impala' soft furnishing scheme enhance the luxury feel.

For the ultimate nights sleep, an exclusive 'Duvalay Duvalite' mattress, with lightweight memory fibre technology comes fitted in all fixed bed models.

With class leading width and headroom the Conqueror houses everything you need for 5 star touring with an extensive list of luxury, safety and practical features.

Detailed changes along with an already impressive specification including Alde radiator central heating system, solar panel, luxury double width curtains, low energy LED lighting and external shower point, provide the highest possible level of comfort linked to cutting edge design.

Allowances for essential equipment (e.g. gas cylinders) previously allowed for in the user payload are now contained within the MRO. A provision for a leisure battery which used to be within the essential equipment payload has now been included within the personal effects payload allowance.

Although the method of calculation has changed, the overall effect is that the amount of payload available to the customer has remained the same, it is just calculated in a different manner.

The MRO is calculated with the fresh water tank empty. If you travel with water in the fresh water tank, the payload will be reduced accordingly.

BED SIZES: Please note that the front double bed sizes quoted are for seating configurations without a chest of drawers. The front double bed width for a layout with a chest of drawers fitted, will be reduced by 0.4m (1'4") from that stated.

AWNING SIZES: Due to varying awning designs and sizes the awning sizes given are approximate only. Specific awning sizes must be confirmed by your dealer or awning manufacturer prior to purchase.

* The dimensions given are approximate due to slight variations in suspension ride heights, loading conditions and tyre pressures.

Customers should verify the actual dimensions of their touring caravan before committing to anything that could be impacted by these dimensions

Conqueror Caravans are fitted with LED road lighting and dependent on the tow vehicle configuration an aftermarket accessory may require fitting. Please consult your dealer for more information.

BUILD QUALITY

All Swift Group caravans come with a market leading 10 year bodyshell integrity warranty which is backed by Swift Group to give you extra peace of mind.

They are also NCC and European Whole Vehicle Type approved, which means they have been built to comply with strict weight, dimension and safety regulations.

Finally, all Swift Group caravans meet the Grade 3 standard for heating and thermal insulation, which means the interior warms up from minus 15°C to 20°C in under 4 hours and the water system still works. Crucially Swift Group proves this by using cold chamber testing, not just by mathematical calculation as many manufacturers do.

- Sectioned removable carpets for flexibility
- French Oak effect, high impact, scratch resistant floor lino
- Beech slat seat and bed bases with sprung hinged tops for extra comfort and easy access
- Seat bases with spaceframe construction, full front access and space for larger items
- Bed make-up system with slats retained on track
- **New** Exclusive 'Duvalay Duvalite' mattress with lightweight memory fibre technology - hypoallergenic, excellent pressure relief, dustmite resistant and 100% recyclable (fixed bed models only)
- Fixed beds with steel bed frames to maximise strength and storage space
- Areas under beds and seats warmed by blown air system and underfloor ducting insulated to minimise heat loss
- Front chest of drawers with convenient slide-out extending top
- Large dining table for full-size place settings
- Positive overhead locker catches for secure storage on the move
- Overhead locker doors with injection moulded space frame construction
- Granite effect kitchen sink
- **New** Design chrome kitchen and vanity mixer taps
- Removable drainer with dedicated storage
- Food grade nylon chopping board with dedicated storage
- Kitchen worktop extensions (except 524 & 640 models)
- Cutlery drawer on smooth-action steel runners
- **New** Second moulded cutlery drawer on smooth steel runner above fridge
- Two pull-out wire baskets in kitchen cupboard
- Midi-Heki roof window with flynet and adjustable concertina blind
- Door flyscreen with easy concertina action
- Cassette flyscreens and blinds on all windows
- Multi-directional clear roof lights in kitchens, bedrooms and washrooms
- Seat and backrest ventilation boards
- Retained embroidered entrance mat
- Lined washroom cubicle in all separate washrooms
- Thick washroom doors with domestic style locks and handles
- **New** Shower bi-fold door retained on track for improved access

Equipment

- Dual fuel heating with Truma Combi 4 Boiler 1.8kW electric/4kW gas/3.8kW combined in 442, 514, 524 (Combi 6 1.8kW electric/6kW gas/5.8kW combined in 554, 564, 584, 586, 588, 640)
- Blown air ducted to living, sleeping and washroom areas
- Large capacity (15 litre) waste bin on lower door
- **New** 'Aspire MKII' oven with dual fuel hob with 800W electric hotplate and 3 gas burners with electronic ignition
- Glass hob lid with safety cut-out feature
- Thetford thermostatic oven and separate grill
- Ventilated microwave oven with digital controls built at an easily accessible level
- **New** 8-Series Dometic 110 litre, electronic ignition fridge with removable freezer compartment, black effect finish and digital controls
- Ecocamel shower hose and head uses less water while giving a powerful shower
- Thetford C260 toilet with electric flush and 18 litre wheeled waste tank
- High flow rate in-board pump with chrome finish brass taps for reliable, high performance water supply
- Inboard semi-rigid fresh water pipes
- Large bore underslung rigid waste pipes
- Isolation taps for gas appliances
- User-friendly large 12V control panel with battery selection, battery state meter and water pump circuit control
- Fully protected mains electric system
- 25 Amp switchmode charger/transformer
- TV station with 230V, 12V and aerial sockets (two in selected models)
- Radio/CD/MP3 player with iPod connection with upgraded premium radio speakers
- Status 550 directional Digital / Analogue TV/FM aerial and booster
- Roof mounted solar panel
- Low energy LED over-locker lighting in seating and bedroom areas
- Low energy LED lights in main habitation area (not washrooms)
- Four 230V sockets including twin in front shelf pod
- 25 metre mains hook-up cable

Safety and Security

- Thatcham approved TRACKER Retrieve fitted as standard
- AKS 3004 Stabiliser
- Receiver for optional AL-KO Secure wheel lock
- Smoke alarm
- Carbon monoxide detector
- CRiS indentity number etched to windows and caravan chassis
- Concealed security data chip within caravan construction
- High security entrance lock

CHALLENGER SE

Additional/Upgrade to Challenger Sport

Exterior

- Wheel arches insulated with high density foam to prevent cold spots in storage areas
- Heavy duty corner steadies on twin axle models

EXCLUSIVE TO
SWIFT GROUP

In addition to the 'Impala' fabric option, also exclusive to the Swift Group are the following market leading features.

Exclusive to the Swift Group, is the fitting of a 'Duvalay Duvalite' mattress in fixed bed layouts across the entire range. Brought to recognition on Dragon's Den and now backed by Hilary Devey, the 'Duvalay Duvalite' is a new innovative mattress made with lightweight memory fibre technology. This hypoallergenic fibre remains as comfortable as memory foam but has many other benefits. Helping eliminate heat retention it gives superior temperature harmony, excellent pressure relief and is durable and resilient. It is resistant to dust-mite and is 100% recyclable. Being ultra light weight it also contributes to significant weight savings.

Unique memory fibre technology that provides lightweight luxury, temperature harmony & supreme comfort

EXCLUSIVE TO
SWIFT GROUP

All Swift Group Caravans are fitted with the self-powered Thatcham approved TRACKER Retrieve system. This is one of the most effective tracking systems available, recognised by all police forces. Powered by its own battery, it is ideal while the caravan is in use or in storage. Activation of the system is via a specially negotiated annual subscription.

All 2015 Swift Group Caravans are fitted with DMACK EcoXtra tyres. As one of only two suppliers to the FIA World Rally Championship, DMACK motorsport tyres have been tested to the limit across some of the world's toughest road conditions. This technical expertise has been transferred across the range of road tyres with a focus on quality, durability and safety. The EcoXtra tread pattern is specifically designed to provide low rolling resistance and delivers greater fuel economy for environmentally aware motorists.

VALUE ADDED PARTNERSHIPS

Swift Group work in close partnership with the following companies to ensure vital elements of their caravans are the best they can be.

Swift Group work in partnership with Truma and Alde, the manufacturers of the heating systems installed in their touring caravans. This partnership sees both teams challenging each other to deliver the best kit/equipment at the best price for the caravan ranges. Truma and Alde also carry out cold chamber testing of the products to prove they meet the Grade 3 standard for heating and insulation.

All Swift Group Caravans are built on AL-KO galvanised steel chassis and come with the AL-KO ATC trailer control system and the AL-KO AKS 3004 stabiliser to the enhance the towing experience and provide extra safety while towing at higher speeds.

Glamour Shield is the UK's official provider of Supagard™ paint and fabric protection solutions to the leisure vehicle industry and the only provider recommended by Swift Group.

Supagard™ professional paint sealant has been professionally applied to vehicles for over 20 years and is guaranteed to protect your caravans exterior from acid rain, UV rays, atmospheric pollutants, road salt and other causes of exterior fading and degradation.

Supagard™ InteriorGuard prevents spills of coffee, soft drinks, juices and other liquids from permanently staining your fabrics and carpets, protecting your interior against those occasional mishaps.

Supagard™ is only available as an optional extra. Ask your dealer for details.

ADDED PROTECTION
