A Berkshire Hathaway Company

29RLX Kitchen/Entertainment Center

The 29RLX is designed for the utmost in comfort and livability. Innovative features include:

- Class leading **7 drawers and 4 cabinet doors** in the kitchen
- **Glass covered range** to maximize counter space
- **Solid surface** countertops—standard!
- Swing arm mounted **50" LED HD TV** for true 180° (+) viewing
- Plush **residential furniture** throughout
- **HUGE 72" x 30"** rear window

29RLX Living Room/Kitchen

Wildcat

The 29RKP, pictured below, boasts **an amazing wrap-around rear kitchen** that includes 5 huge drawers and massive counter space for all your storage needs!

The **“Park & Play Patio”** (not shown) comes with these innovative standards: a second awning, its own exterior refrigerator, 50” TV prep, and built-in surround sound speakers. You can even take the **Euro Chairs** outside to enjoy sunrises and sunsets!

29RKP Kitchen/Dining Area

327RE Living Room

327RE Bedroom

The bedroom of the Wildcat features a Denver® **pillowtop mattress**, opposing windows for **cross ventilation**, huge **storage drawers** and tons of **hanging space**. In addition, we offer **additional bedroom space** for getting dressed, making the bed or moving around. **This feature is unique to Wildcat**—no other fifth wheel in our class provides this additional space. In addition, all Wildcats are prepped for a **two piece washer and dryer setup**. The bathroom comes equipped with a **40" shower with glass surround, foot flush toilet and a residential vanity**.

The all-new **Wildcat**—designed and engineered with the **style and functionality** our customers demand.

The new Wildcat living area features **plush residential furniture**, **real hardwood fascia**, a **50" HDTV**, a dual zone sound bar **surround sound system** and a residential style **electric fireplace**.

In addition, the 327RE TV is **mounted on a lift** that can be raised or lowered as desired. The TV locks in the lower position when there is no power to **maximize safety** during storage and travel.

The huge **72" x 30" rear window** allows you to back up to your favorite fishing hole and keep an eye on the lake, while additional **floor to ceiling windows** “let the outdoors in” and are vented for **maximum air flow**.

The kitchen boasts **solid surface countertops**, residential high rise **faucet with pull out sprayer** and huge **pantry storage**.

And of course, all of our models feature stylish and energy efficient **LED lighting** throughout.

327RE Kitchen

28SGX Kitchen/Entertainment Center

28SGX Kitchen/Living Area

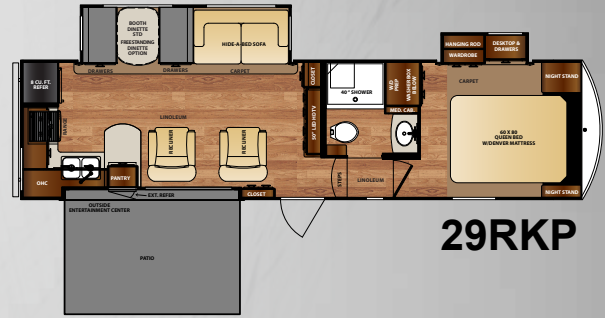

The Wildcat kitchen slide boasts a unique feature for this floorplan, with **additional counter space**, window, and overhead cabinet, with another **9 drawers and 8 cabinet doors** for even more storage! The top photo shows the **optional freestanding table and chairs**. The standard booth provides two more **huge pot-n-pan drawers** and **additional sleeping for two!**

This 33' fifth wheel boasts a huge Living Room/Kitchen combo for **a unique open floor living concept** (bottom photo), with linoleum extending to the steps that lead to the upper deck. The 50" LED TV is mounted on a swing arm for optimal viewing, with **standard residential furniture** for comfort and durability.

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc., reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River, Inc., dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision.

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

*Estimated Average based on standard build optional equipment. ** Estimated average based on standard build optional equipment
