Migrate in a Mallard...

Model M32 Shown in Mirage

your **MIGRATION** starts here

Mallard is a full featured travel trailer in a smaller, lighter package. You will appreciate the openness of the Mallard layouts featuring an arched ceiling measuring in at nearly seven feet. Mallard gives you room for the whole family to relax, dine or entertain. Oversized windows let in natural light and spectacular views of the great outdoors. Mallard provides kitchens with efficient wide-open prep areas as well as large base cabinets and huge overhead storage for that extended vacation. Mallard offers models to fit your specific needs whether you're a couple just getting away or a family of six that enjoys entertaining friends, choose Mallard and migrate to your favorite getaway.

The Mallard Advantage.

Mallard offers many extra residential appointments that will help make every outing a true adventure while maintaining the comforts of home.

For example, the recessed range with glass stove cover adds counter space to every kitchen layout. The cabinets are all glued and screwed to help protect your investment over time. There is LED lighting throughout the coach with very low energy requirements that really “shine” in dry camping situations. Additional wall sconce and over table lighting in most models help provide that warm “home away from home” feel. On those hot summer trips to your favorite lake or camping destination, you will be glad to have our highly efficient Dual Duct AC system rather than the industry standard single ducted version.

Community. Convenience. Close-to-home.

Where you purchase your recreational vehicle is ultimately your decision but Heartland urges you to consider buying at your local dealer. Dealers are part of your community, providing jobs and contributing to your local economy. These dealers are under obligation to provide warranty service for products they sell, but are not legally required to service products purchased from other dealers. At some point, you may need to return to the dealer you buy from - why not stay close to home? After all, home is where your Heartland is!

BENEFITS OF PURCHASING YOUR RV LOCALLY:

- You enjoy valuable relationship building with Dealer Representatives, close to your home, who will explain the features and benefits of the product.
- You receive a full product orientation prior to delivery, which includes hands-on directions for many of the coach's systems and functions. You are also introduced to the Dealership's Service/Parts/Warranty personnel who are at the ready to help you with any issues you may encounter, now and in the future.
- You enjoy customer PRIORITY. Dealerships generally service their purchasing customers first - others may experience long delays and miss opportunities to use their RV. What is it worth for you to have a dealership's full attention and motivation to satisfy you when you need service – in a timely manner?
- Valuable TAX dollars and jobs stay in YOUR community which pays for your roads, schools, police and fire departments.

DON'T UNDERESTIMATE CUSTOMER SERVICE AND PERSONAL CARE!

For Canadian Residents: If you purchase an RV out-of-country, there are additional fees, taxes and inspections that must be met before bringing your product home. Your local Canadian dealers are experts in these provisions.
