A CELEBRATION OF
LUXURY, VALUE & TOWABILITY

Reflection’s combination of luxury, value, and towability in one amazing package continues to exceed the expectations of our retail customers. Our industry leading pursuit of quality and commitment to building around the needs of our retail customers is what drives Reflection to the top of its class.
Class leading pantry storage

Deep seated stainless steel farmers sink

Kitchen island with bank of drawers

Free standing dinette w/ 2 folding chairs

Heated wall hugger theatre seats w/ massage and led lights

ALUMINUM ENTRY STEPS
100% Aluminum, easy open... won’t rust or bind.

UNIVERSAL DOCKING STATION
All-in-one heated location with EZ winterization system and exclusive siphon feature (Fresh tank)

MOTION SENSOR LED LIGHTING
No more searching for light switches in the dark.

MORE OUTLETS!
Strategically placed outlets throughout.

EVENFLOW HEATING SYSTEM
Evenly distributes heat from the front to the rear without vents in floor that collect dirt and debris.

OVERSIZED TANK CAPACITIES
Fill and empty your tanks less often.

UNOBSTRUCTED PASS THRU STORAGE
Clean storage area with slam latch baggage doors and magnetic catches.
BUILT TO A HIGHER STANDARD

MAXIMUM INSULATION

1. FULLY LAMINATED WALLS (R-9)*
Sidewalls, rear wall, slide-room endwalls, and slide-room roof are all laminated construction with rigid foam insulation. Many competitors use soft fiberglass insulation in the rear wall and slide-rooms that can settle over time and leave uninsulated air gaps.
† R-11 on bed slide models

2. DOUBLE INSULATED FLOOR (R-30)*
The heated underbelly features a layer of radiant foil insulation and the main floor another layer of insulation. The slide-room floors are also insulated with radiant foil. (R-24)*

3. DOUBLE INSULATED ROOF (R-40)*
A layer of fiberglass insulation and a layer of radiant foil insulation covers the full length of the roof.

4. DOUBLE INSULATED FRONT CAP (R-40)*
Grand Design goes the extra mile by extending both the radiant foil and fiberglass insulation layers from the roof, and wraps them all the way around to the bottom of the front cap.

5. INSULATED GOOSENECK
A layer of fiberglass insulation under the goose neck is a place often forgotten by others.

*Equivalent R-Value

MAXIMUM HEATING POWER

A high performance furnace and fireplace combine to deliver 40,000 BTU's or more of heating power.
† Fireplace not available 159 Series (35,000 BTU)

MAXIMUM FUNCTION

- Heated Holding Tanks
- Heated Utility Center & Storage Bay
- Heated & Enclosed Low Point Drains

ARCTIC 4-SEASONS PROTECTION PACKAGE

Reflection's design has been put to the test in extreme temperatures ranging from ZERO to 100+ degrees. Third party extreme cold testing showed that the Reflection remained functional and achieved very comfortable temperatures.

100 DEGREE TESTED
ZERO DEGREE TESTED

BACKED TO A HIGHER STANDARD

Every Grand Design RV is backed with a class leading 3-year limited structural warranty. By selecting suppliers with similar philosophies, many components used on our coaches also carry an extended warranty through the component manufacturer.

▶ AXLES (5 Years)
▶ TIRE WARRANTY
(5 Years w/12 Month no questions asked replacement)
▶ EXTERIOR GRAPHICS (5 Years)
▶ ROOF COVERING (12 Years)

Note: Testing was performed in a temperature controlled chamber, with temperatures ranging from -4°F to + 101°F, and does not account for variables such as wind, humidity, and albedo. Due to the number of potential variables, temperatures reported during testing may differ from temperatures achieved during actual use of the unit in nature.

Rev 10/3/17
Thank you for taking the time to tour our coach. We would like to share some insights into what sets Grand Design RV Company apart from all other RV manufacturers and why this difference is important to you.

The three of us were part of the original ownership team that led a top RV Manufacturer to become the largest travel trailer and fifth wheel company in the world. While proud of our accomplishments at this company, it became difficult to stay in touch with the needs of our customers, employees, and ultimately the products we built.

In 2011, we set out to pursue our dream and re-establish the personal connection we had enjoyed with customers and dealers. The result is Grand Design RV Company. Starting with a blank canvas, we were able to do things differently than what had been done before.

After achieving unparalleled years of growth, Grand Design formed an alliance with one of the industry’s most iconic brands... Winnebago. Operating as an independent business within Winnebago Industries provides additional financial stability and enables us to continue Grand Design’s unique way of doing business for our current and future customers.

**LONG TERM VALUE**
Everything we do at our company is designed to build long term value in what we offer our customers, “more features and superior value for your dollar.”

**CUSTOMER FOCUS**
Our focus (from the very first day we opened our doors) revolves around our customers.

**STAYING CONNECTED**
Magic happens when the President and Senior Management are all actively working with the production facilities to help build the team and develop products.

**EXPERIENCED WORKFORCE**
Our local workforce has been hand-picked, and has an excellent reputation for quality craftsmanship that is second to none.

**CLASS LEADING WARRANTY**
We back every one of our coaches by a 3-year limited structural warranty.

**RAISING THE QUALITY BAR**
We put every Grand Design RV through a series of quality inspection gates during the manufacturing process. Once completed, the unit undergoes a comprehensive final finish inspection. From here, most manufacturers ship their coaches on to the dealer for retail sale. Not Grand Design... Every one of our coaches are shipped to a separate PDI (Pre-Delivery Inspection) location where we are again put through a 250+ point inspection process. It is only after this that we deem a unit ready to ship to our dealers.

**STEP 1: PRODUCTION LINE**
Multiple quality checkpoints

**STEP 2: FINAL FINISH**
Comprehensive systems and quality checks

**STEP 3: PRE-DELIVERY INSPECTION**
250+ point inspection on every unit produced

**SUPERIOR SERVICE**
We deliver the highest quality in the industry, but anything built by humans can be subject to issues. It’s how those issues are addressed that stands out with Grand Design. Don’t just take our word for it, visit the owners page on Facebook (Grand Design RV Owners) and see for yourself how we take care of our customers after the sale. An informed customer will be a Grand Design customer!

At Grand Design our goal is simple... Continue leading the industry with quality products while improving the customer’s RV experience before, during, and after the sale. We would be honored to personally welcome you to the Grand Design RV family!

Warmest Regards,

**Don Clark, Ron Fenech, Bill Fenech**
President/CEO/Co-Founder  Co-Founder  Co-Founder

Grand Design RV was created in 2012 and founded by close friends Don Clark and brothers Ron and Bill Fenech (Representing over 80 combined years of experience in the RV Industry).
