 - Forged torsion arm for maximum strength

# Palomino Premium Build Quality

## Roof Construction

Vacuum-bonded radius roof with vaulted ceiling providing top notch insulation and greater interior height

Built stronger to allow for periodic roof maintenance.

## Wall Strength

Structurally engineered materials makes our vacuum-bonded walls some of the strongest in the industry.

## Vacuum-Bonded Laminated Construction

Palomino provides six sided aluminum framing. As well as vacuum bonded walls and roof to ensure a well-insulated, light weight and structurally sound trailer.

**Specification Definitions**

**GVWR (Gross Vehicle Weight Rating)** - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

**GAWR (Gross Axle Weight Rating)** - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

**VWV (Unloaded Vehicle Weight)\*\*** - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The VWV does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

\*\*Estimated average based on standard build optional equipment.

**CC (Cargo Carrying Capacity)\*\*** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CC is equal to GVWR minus VWV. Available CC should accommodate fresh potable water (8.3 lbs. per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

\*\*Estimated average based on standard build optional equipment.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

**Palomino Warranty**

Palomino will stand behind our products 100%. For complete details on our warranty program, please see your Palomino dealer.

- 1 2-year fiberglass warranty
- 2 10-year axle warranty
- 3 12-year Alpha Super Flex roof warranty
- 4 2-3 year warranty on appliances (see manual for details)
- 5 1 year bumper to bumper warranty
- 6 An additional 1 year warranty available
