SPEED UTV

***"The perfect choice for offroad
professionals and hobbyists alike"***

-Todd R., Speed UTV

SPEED UTV

When the roar of the engines stop, the laughter of friends begins... The party starts in your garage and ends on the patio deck.

Designed for people who know how to play hard and relax harder!

Twin 30 Gal refilling stations let you pick your best fuel combinations.

Optional 7.0 whole coach generator perfectly backs up the "Off the Grid" or Boondocker Solar system options.

Optional Boondocker Solar system - a 24V marvel that starts w/ (8) 220 w panels, (2) 200AH 24v LI batteries, 5,000w Inverter (Powers everything inc 1 A/C), plus a list of class leading Victron components!

Fuel your body for the next adventure with the residential kitchen, featuring stainless steel appliances and tons of storage options.

Bring the party inside! The comfy super sofa includes USB charge ports and is in perfect view of the entertainment center. Robby Gordon accents add flair to the experience.

Recharge for tomorrow in the electric tilt bed with a Serta Comfort King Foam Mattress. Storage options abound, and washer/dryer prep is tucked into the closet.

The roomy garage is versatile, functioning as a garage, bedroom, and dining area. The optional 60" x 84" power bed with sit and sleep rises and falls with ease, allowing you to customize the space to your needs.

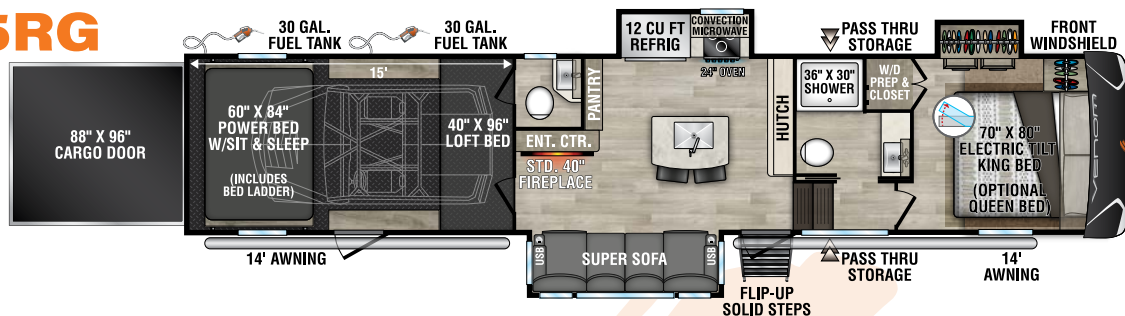

Take a much-needed break and transform the garage into a dining area. Overhead storage compartments allow you to keep your gear organized and out of the way. Elevate the experience even more with options like ramp door patio rails and the three-season patio door.

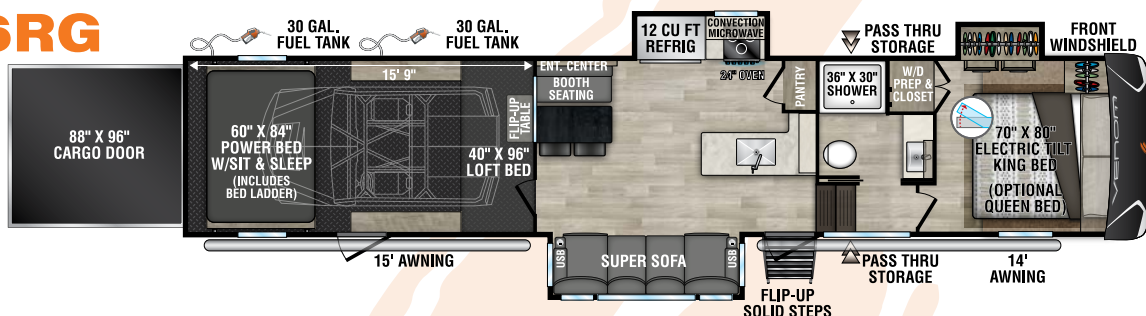

KZ Recreational Vehicles has teamed up with Speed UTV to provide our customers with a Robby Gordon Edition toy hauler. Two great models (3815 or 3916) are built with these key features:

- Robby Gordon-designed graphics & exclusive RG interior
- High-performance Air-Ride pin box and Equa-Flex suspension system
- 6-point auto leveling system with multi-point access and hitch point memory
- Reinforced frame & cargo floor area for higher carrying capacity - class-leading at over 5,550 lbs
- Lamilux 4000 high gloss fiberglass - extends the life of your exterior sidewalls
- Frame mounted industrial D-ring and multi point E-Track to secure your UTV and gear
- Oversized 34" diamond kick plate lined garage walls
- 40% more efficient RV Air flow A/C System (with 3 A/Cs)
- 36" shower with tankless hot water heater
- Zero G ramp door
- Stainless steel appliances including 12 cu ft. refrigerator and convection microwave
- Ultimate heat and massage power recline theater seating
