

POWERED BY NATURE

Ready for Adventure

ENVIRONMENTALLY FRIENDLY

CAMPERS SINCE 1984

Join the EV Revolution with Aliner Amp

Introducing the latest innovation in outdoor adventuring – the Solar-Powered Aliner Amp. Designed to blend sustainability with comfort, this cutting-edge trailer redefines how we experience the great outdoors. The iconic Aliner structure provides ample space and efficient aerodynamics, while its solar-powered capabilities revolutionize off-the-grid living. Equipped with two 400-watt state-of-the-art solar panels seamlessly integrated into the dormer roofs, this camping trailer harnesses the power of the sun to charge its onboard amenities, including LED lighting, climate control, induction range cooking, and charging outlets. Imagine embarking on your wilderness journey with the freedom to explore remote locations without sacrificing modern conveniences. With the Solar-Powered Aliner Amp, you can embrace nature while treading lightly upon it, making your camping experience unforgettable and environmentally conscious.
