

COOLER THAN EVER

Our Honda Shadow Phantom may be a traditional-style cruiser, but it's sporting some major updates and improvements for 2024. First of all, we've given the Phantom a powerful new rear disc brake this year for excellent, linear stopping power. Plus, the new rear disc means you can get a Phantom with optional anti-lock brakes (ABS) now. Then there are all the styling updates: new paint and graphic patterns, a new headlight cover, bright, machined-edge cylinder-head fins, a new air cleaner cover, and new instruments. There's even a cool new solo seat standard, with an optional passenger seat and footpegs available — you decide how you want to roll. New fork-leg covers, and front and rear LED turn signals complete the package.

2024 Shadow Phantom/ ABS

FRONT BRAKE	— Single 296mm disc with twin-piston caliper, ABS
REAR BRAKE	— Single 276mm disc; ABS
FRONT TIRE	— 120/90-17
REAR TIRE	— 160/80-15
RAKE	— 34.0°
TRAIL	— 6.3 inches
WHEELBASE	— 64.6 inches
SEAT HEIGHT	— 25.6 inches
FUEL CAPACITY	— 3.9 gallons, including 0.9-gallon reserve
CURB WEIGHT	— 543 pounds - 553 pounds ABS (Includes all standard equipment, required fluids and a full tank of fuel)

One Year Included Transferable, unlimited-mileage warranty
Optional Extended Extended coverage available with a HondaCare Protection Plan®

FEATURES & BENEFITS

V-TWIN ENGINE

Nothing pumps out the torque like a bold V-twin. The Phantom's power makes it perfect for around-town cruising, commutes and casual weekend-long rides.

BOBBER-INSPIRED STYLING

The short fenders, clean seat, hidden wiring and de-chromed treatment all give the Phantom its unique look: like an old-school cruiser that's ready for the way we roll today.

LOW SEAT HEIGHT

The Phantom's low seat height makes flat-footing it at stoplights or in parking lots a breeze. And the Phantom's narrow seat/tank junction makes it feel even lower.

SHAFT FINAL DRIVE

Clean, efficient, proven, and low maintenance. Shaft final drive is the perfect choice for a machine like this, and for riders who pile on the miles. You never have to worry about lubrication or adjustment out on the road. And an added plus: it helps keep your bike cleaner, too.
