STRENGTH BUILT INTO EVERY DETAIL.

From the moment you buy to the moment you mow, Cub Cadet is fully committed to giving you the unrivaled experience that comes with the XT Enduro Series™. Take a look at all of the XT Enduro advantages tailored to help you create your best lawn yet.

XT1 ENDURO SERIES™

XT2 ENDURO SERIES™

XT ENDURO SERIES ADVANTAGES

- **AeroForce™ Fabricated Decks Deliver a Best-in-Class Cut**
  A heavy-duty fabricated AeroForce™ deck cutting system has been rigorously tested to deliver a precise cut, with optimised airflow and maximised suction that eliminates clumping during discharge and improves bagging performance (XT2 models only).

- **Incredibly Responsive Handling**
  Automotive-inspired handling with an optimised steering system that delivers a one-touch, 16-inch turning radius on the XT1 and XT2.

- **Standard in Comfort**
  Adjustable high-back seats across the range and armrests available on the XT2 models, refined ergonomics and bold styling.

- **Smooth and Simple Operation**
  Hydrostatic transmission—no shifting, just push the pedal and go.

- **Unmatched Support in the Industry**
  Our experienced national dealer network provides dedicated personal support to ensure you get the most out of your Cub Cadet equipment.

- **Strong Warranty**
  2 Year Warranty for domestic use on all Cub Cadet mowers.

- **Year-Round Attachments**
  Bagging and mulching attachments maximise the versatility of your Cub Cadet lawn tractor.

A CUT ABOVE.

The next generation of ride on mowers is here. The XT1 Enduro Series™ is the industry benchmark with power, comfort, precision and control for the ultimate mowing experience. Loaded with features, the XT1 Enduro Series™ is ideally equipped for easy mowing and towing around the yard.

XT1™ ENDURO SERIES™

- **XT1 LX547 IntelliPower™**

(See page 20 for full specifications)

Power On A Whole New Level

The XT1 LT 42 features a 547cc Cub Cadet single OHV engine with IntelliPower™ technology that provides more available power under wet, heavy loads resulting in less bogging down and more consistent cutting.

Advanced Cutting Performance

A muscular cutting system featuring a 107cm (42") stamped deck built with heavy-duty material and an advanced belt design ensures durability and reliability while delivering the pristine Cub Cadet Signature Cut™.

Incredibly Responsive Handling

With a tight 16" turning circle that enables you to manoeuvre around obstacles on your lawn, the XT1's steering system delivers optimised command and control at every turn.

Added Comfort

High-back seats, comfort-grip steering and overall ergonomics are designed to keep you comfortable for extended periods.

INTELLIPOWER™
OPTIMISED ENGINE TECHNOLOGY

AS PREMIUM AS PREMIUM GETS.

The XT2 Enduro Series delivers power, control, and durability with a premium design. The LX42 and LX46 EFI offer smart tech like EFI and Push Button Start, while the LX42 Kawasaki® provides 24HP for larger areas. The 1023 Rear Discharge ensures even clippings dispersal with its rear discharge deck and smooth pedal-operated drive.

XT2 ENDURO SERIES™

•XT2 LX42 (EFI), XT2 LX42, XT2 LX46 (EFI) & XT2 1023 RD

(See page 20 for full specifications)

Stronger Engine Choices

The LX42 and LX46 EFI models feature a 679cc Cub Cadet EFI engine for reduced maintenance and Push Button Start for easy, keyless operation. The LX42 Kawasaki® boasts a powerful 24HP engine, perfect for larger, tougher areas.

Comfort With Added Extras

High-back seats with armrests provide extended comfort, while a front bumper, cruise control, and LED headlights ensure convenience and visibility.

Auto Traction Control

The XT2 LX42 EFI and XT2 LX46 models feature an automatic locking rear differential for reliable performance in all weather and on various terrains.

Largest Catcher Bag On The Market*

Boasting a 320-litre capacity, ensures you can tackle more with fewer stops, maximising efficiency and convenience. *1023 Only

BATTERY POWERED. EMPHASIS ON POWER.

Your lawn care depends on strong equipment, and our electric lineup won't let you down. Each piece is engineered with the same uncompromising commitment to design, comfort and performance we demand from every product.

FLEXIBLE CHARGING SYSTEM.
Get a lightning-fast charge from a standard 110V outlet without waiting overnight. In a pinch, charge to the exact power you need without risking battery damage.

100% EMISSION-FREE EQUIPMENT WHEN MOWING.
No exhaust, carbon monoxide or unburned hydrocarbons from the on-board power source for cleaner operation.

NO PETROL. NO OIL. NO HASSLES.
Less time getting ready to cut means more time enjoying your yard.

SIGNIFICANTLY QUIETER THAN PETROL.
Cut at dawn or dusk without disturbing the neighborhood.

EASY TO USE. EVEN EASIER TO OWN.

The benefits of electric equipment compared to petrol are beyond mowing your lawn. More flexibility, less time servicing and no more trips to the petrol station frees up time to enjoy the lawn you love.

ELECTRIC RIDE ONS & ZERO TURN

- **CC30 E, XT1 LT42 E & ULTIMA ZT1 42E**

(See page 20 for full specifications)

Cuts Like Petrol Models

Think electric equipment compromises power? Think again. Our lithium-ion powered electric lineup is designed to deliver a quality cut that you would expect from any Cub Cadet.

Power Until The End

Our lithium-ion battery pack is designed to help minimise power fade, while the efficient brushless motor helps provide optimal power.

100% Electric. 0% Compromise.

Our electric lineup is engineered to meet the same rigorous Cub Cadet standards for performance, power and durability you'll find in any Cub Cadet equipment.

Run time of up to 2 acres per full charge.

THE ULTIMATE MOWING EXPERIENCE.

Forged for Enhanced Strength & Durability

A: Continuous tubular steel frame

B: Premium Kawasaki® engines (ZT1, ZT2, ZTX & ZTXS models only)

Redefined Comfort for Maximum Speed

C: Durable, advanced polymer seat suspension

D: Rubber floor mat and ample legroom

E: Overmolded rubber hand grips or intuitive Soft-Touch steering wheel with adjustable steering column

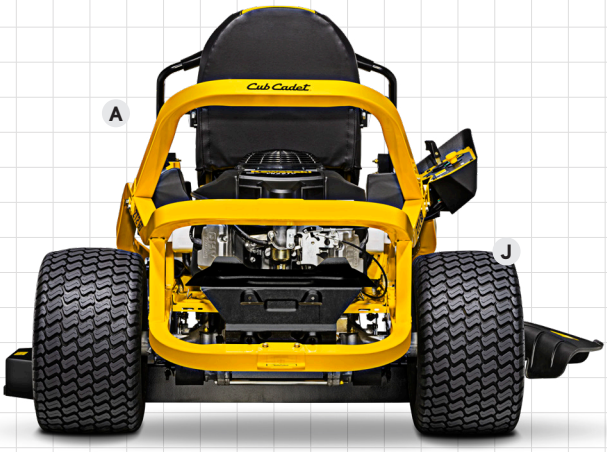

F: Automotive-inspired, ergonomic, fully adjustable high-back seat

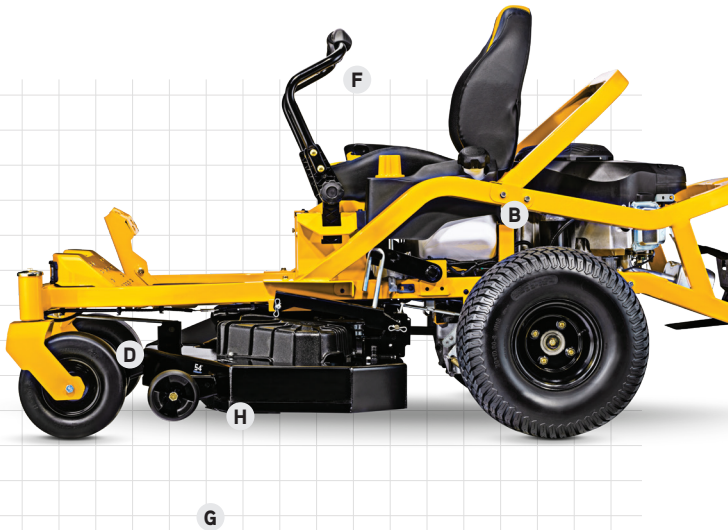

SERIES

STEP UP TO A MOWING EXPERIENCE UNLIKE ANY OTHER: **THE ULTIMA SERIES™.**

Cut Quality for the Perfect Pass

G: Stamped and fully welded fabricated steel AeroForce™ deck options

H: 15 quarter-inch deck height adjustments

I: Offset front axle on all lap bar units for precise trimming

J: Premium Turf Master rear tyres

MAINTAIN WITH EASE

K: Maintenance-free spindles

L: Hinged floor pan for maintenance needs

M: Strong warranty, including the fabricated deck shells

THE ZERO-TURN LEADER.

Step up to the ultimate all-around mowing experience with unrivalled strength, comfort and performance. The best-in-class cut on the Ultima Series™ ZT will bring you one step closer to your best lawn yet.

ULTIMA SERIES™

THE ULTIMA SERIES™ ZT1 & ZT2

- **ZT1 42, ZT1 46 & ZT2 54**

(See page 21 for full specifications)

Tough Build

A continuous 5cm x 5cm tubular steel frame with protective e-coat on its lower end gives you optimal durability and strength with automotive-grade corrosion resistance for long-lasting use.

Redefined Comfort

An automotive-inspired, fully adjustable 51cm high-back seat (armrests available on the ZT2 54), ergonomic hand grips and a rubber floor mat let you comfortably cut at a maximum forward speed of up to 11km/h.

Best-In-Class Cutting Performance

Independently tested and proven, the fabricated decks on the ZT1 46 and ZT2 54, in combination with 15-position deck height adjustment options and an offset front axle, deliver a best-in-class cut with fewer clumps, finer clippings and increased evenness.

Seamless Maintenance

Highly accessible hinged floor pan for easy deck access and maintenance-free spindles make routine servicing quick and simple.

- **ZT1 42**

- **ZT1 46**

Kawasaki ENGINES

Lap Bars
Overmolded and fully adjustable rubber hand grips generate less vibration for added comfort.

- **ZT2 54**

STEER IT TO BELIEVE IT.

The Ultima ZTS brings Cub Cadet's innovative and proprietary Synchro-Steer™ technology to the proven Ultima Series™ platform for enhanced precision and confident control on challenging hills, all backed by the superior strength, comfort and cut quality of Cub Cadet.

ULTIMA SERIES™

THE ULTIMA SERIES™ ZTS1

- **ZTS1 42, ZTS1 46**

(See page 21 for full specifications)

Effortless Control

Step up your control from traditional lap bars with Synchro-Steer™ technology. The familiar steering wheel experience plus four-wheel control makes for enhanced precision, manoeuvrability and stability on all terrain including hills of up to 20 degrees.

Tougher Than Tough

A continuous 5cm x 5cm tubular steel frame with protective e-coat on its lower end gives you optimal durability and strength with automotive-grade corrosion resistance for long-lasting use giving you added peace of mind.

Best-In-Class Cutting Performance

Independently tested and proven, the fabricated decks, in combination with 15-position deck height adjustment options and an offset front axle, deliver a best-in-class cut with fewer clumps, finer clippings and increased evenness.

First-Class Comfort

An automotive-inspired, fully adjustable 51cm high-back seat and armrests, a soft-touch steering wheel with adjustable steering column, and a rubber floor mat let you comfortably cut at your maximum speed for all day mowing.

- **ZTS1 42**

- **ZTS1 46**

Steering Wheel

The professional-grade Synchro-Steer™ technology, provides a familiar steering experience with superior precision, control, and stability on slopes up to 20 degrees.

STEP UP TO ANY CHALLENGE

The professional-grade build of the Ultima Series™ ZTX zero turns deliver enhanced strength and durability so you can comfortably cut at maximum speed through the most challenging conditions.

ULTIMA SERIES™

THE ULTIMA SERIES™ ZTX5

- **ZTX5 48, ZTX5 54 & ZTX5 60**

(See page 21 for full specifications)

Kawasaki ENGINES

Strength On Deck

Built on a 3.8cm x 7.6cm tubular frame and featuring a 10-gauge steel fabricated AeroForce Max™ deck with side, top and leading-edge reinforcements and best-in-class bagging capabilities, you will be equipped with the right amount of strength and rigidity for consistent productive mowing.

Built-In Longevity

The professional-grade Kawasaki® engines are backed by a strong 2-year domestic warranty and service support from our extensive dealer network nationwide to assure the extended lifetime of your machine.

Command With Comfort

Advanced polymer seat isolators, isolated front caster suspension and an automotive class 51cm high-back seat with padded armrests deliver a smooth, quiet ride at up to 13km/h with less vibration than other zero turns.

Endless Versatility

With a full line-up of premium attachments and LED headlights, as well as a standard rollover protection system (ROPS) plus rear tow hitch, build the perfect zero turn package to tackle all of your needs.

- **ZTX5 48**

- **ZTX5 54**

- **ZTX5 60**

STEP UP TO STEERING.

Introducing the Cub Cadet® Ultima ZTXS, combining Synchro-Steer™ technology with the trusted Ultima Series platform. Built for precision, control, and manoeuvrability on tough terrain, it delivers commercial-grade performance with signature Cub Cadet strength, comfort, and cut quality.

ULTIMA SERIES™

THE ULTIMA SERIES™ ZTXS

- **ZTXS5 54**

(See page 21 for full specifications)

Kawasaki ENGINES

NEW

Excellent Control

Step up your control from traditional lap bars with Synchro-Steer™ technology. The familiar steering wheel combined with four-wheel control makes for precision, manoeuvrability and stability on a variety of terrains including hills up to 20 degrees.

Strength on Deck

Built on a 3.8cm x 7.6cm tubular frame featuring a 10-gauge steel fabricated AeroForce Max™ deck with side, top and leading-edge reinforcements and bagging capabilities, you're equipped with the right amount of strength and rigidity for precise cut quality.

Versatility

With a full lineup of attachments and LED headlights as well as a standard rollover protection system (ROPS) plus rear tow hitch, you can build the ideal zero-turn to tackle your needs.

Command With Comfort

Polymer seat isolators, isolated front caster suspension and a high-back seat in 51cm or 61cm options with padded armrests designed for a smooth and quiet ride up to 13.7km/h with minimal vibration.

- **ZTXS5 54**

HEAVY DUTY. EASY RIDE.

Feature packed for premium performance, the Z-FORCE® SX Series gives you more. You will not only become confident with the Synchro-Steer™ four-wheel, car-like steering wheel control, but also an impressive list of professional-feature upgrades. More comfort. More power. More precision. More durability. More reasons you'll look forward to a satisfying day caring for your property.

Z-FORCE ZERO-TURN RIDER

- **Z-FORCE® SX 48**

(See page 21 for full specifications)

Kawasaki ENGINES

Advanced Manoeuvrability And Confidence

With the ease of steering-wheel control and stability of four-wheel steering, you'll have unprecedented command over challenging areas including hills of up to 20° slopes and uneven terrain.

Incredible Strength

Powerful Kawasaki® engines, fully welded full-length steel frames and tough fabricated decks with heavy duty spindles deliver outstanding results year after year.

Amazing Comfort

From the moment you sit on the comfortable high-back seat, you'll know you're in for a great ride. Standard armrests, adjustable steering column, a roomy footrest and the easy-lift deck height adjuster are just a few of the features that make this rider great for all-day operation.

- **Z-FORCE® SX 48**

Cub Cadet
Cub Cadet
SX

MAKE YOUR BUSINESS MEAN BUSINESS.

We asked commercial users what they expect and demand from their equipment and then started from scratch. Designing every element of our commercial offering with the professional in mind, we put them through rigorous testing, not finalising our design until we addressed the common setbacks landscapers experience.

The result is a quality professional line-up that lets you take on long seasons of demanding work with confidence.

HEAVY-DUTY STRENGTH & DURABILITY

Cub Cadet commercial zero-turn mowers re built for business so they can endure the demands of serious landscapers. With powerful engines, wide cutting decks and premium comfort, these zero-turns deliver superior cut quality at high speeds.

Tough, Durable Deck

Stand up to the toughest conditions with the only commercial lawn mower touting a triple-7-gauge steel cutting deck complete with 7-gauge top and bottom reinforcements. The extra-tough fabricated deck offers added durability that features anti-scalping wheels at the front and side of the deck to give your lawn a professional looking cut.

Unbeatable Durability

The Cub Cadet Triple Guard Corrosion Defense System™ with e-coat delivers automotive-grade corrosion resistance against the elements and wear and tear.

The Ultimate In Comfort

From the moment you sit in the comfortable high-back seat, you'll know you're in for a great ride. Padded armrests, adjustable steering column, an easy-lift deck height adjuster and the ISO mounted foot base that reduces vibrations through the operator's feet are just a few of the features that make this rider great for all-day operation.

Dominate Steep Hills*

Oversized dual rear wheels give greater stability and precision. Four-wheel steering allows you to comfortably mow a straight line, execute zero-degree turns and operate on a hillside up to a 25˚ slope. (*Pro Z 972SD Only)
