HOW TO: BOAT

Improve your skills and become a better boater with these tips and tricks. Scan the QR code and subscribe to Forest River Marine's YouTube channel and help ensure your boating experience is fun, safe and memorable!

The National Marine Manufacturers Association (NMMA) is the leading trade organization for the North American recreational boating industry with its member companies producing approximately 85% of the boats, engines, trailers, marine accessories and gear used by millions of boaters. The association serves its members by bringing them together to expand domestic and international sales and marketing opportunities, support access to waterways, explore new technology and business solutions, and ensure a sustainable future for the recreational marine community.

All illustrations and specifications contained in this literature are based on the latest product information at the time of publication. Forest River reserves the right to make changes in prices, colors, materials, equipment and specifications at any time without notice and assumes no responsibility for error in this literature. All units are shipped F.O.B. Middlebury, Indiana. Consult your local dealer for warranty information.

BACKED BY THE BEST:

BERKSHIRE HATHAWAY INFORMATION

Founded in 1996 by Pete Liegl, Forest River, Inc. has evolved into North America's largest manufacturer of recreational vehicles, cargo trailers, pontoon boats, and commercial vehicles including buses, vans, and trucks. Its portfolio includes market share leaders in every category, and it is the country's leading manufacturer of buses and vans for both the private and public sectors. Based in Elkhart, Indiana, Forest River employs 14,000+ employees in 100+ facilities in more than a half dozen states. With a commitment to excellence and a focus on customer satisfaction, Forest River is proud to be a Berkshire Hathaway company.

QUALITY YOU CAN TRUST

WARRANTY INFORMATION

Forest River Marine is committed to building the best pontoon boat on the market, accompanied by our 7-Year warranty. We provide our customers with a level of trust and confidence by standing behind our product.

THE ASCENSION MODEL RISE ABOVE THE ORDINARY

Experience the world's first pontoon with a collapsible upper deck! Lower it by 30 inches for easy shipping, storage, and bridge clearance, or fold down the railings and lounge backrest for an extra 15 inches. Sunbathe, jump in, or slide down—the Ascension platform lets you rise above the ordinary.

TELESCOPING UPPER DECK

THE ULTIMATE DECKING

2X STRONGER AND 40% LIGHTER THAN INDUSTRY STANDARD MARINE GRADE PLYWOOD

Z42 COMPOSITE DECK

Our Z42 composite deck is the best in the business. Consisting of a solid one piece deck with no seams, this manufacturing process is superior to all competitors. Our construction eliminates moisture absorption, mold growth, and deck rot that is found in traditional plywood systems. This decking will prolong the life of your boat to its fullest.

WEATHER & FADE RESISTANT FLOORING

We use marine grade vinyl that gives protection from ultraviolet (UV) rays from the sun. This ensures longevity and resistance to color fading.

INTEGRATED DECK TRIM & RUB RAIL

No glue, no worries. Trim won't detach due to failing adhesives.

CONTINUOUS RISER BRACKET

We weld our risers directly to the tubes for the strongest and most rigid chassis structure available.

PRESSURIZED TUBES

Air pressure increases the rigidity and durability of pontoons. Our design features a standard Shrader valve for quick maintenance and serviceability.

52-INCH NOSE CONE

You'll noticed an instant increase in acceleration by the ability to get on plane faster.

MULTI-POINT REINFORCED SPLASH FINS

Keep splashback off your boat. Standard for Forest River Marine, not a gimmicky upsell.

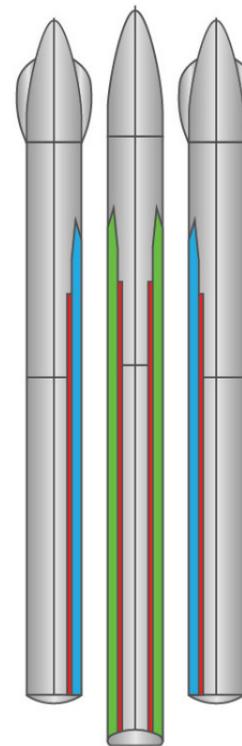

STRONGER BONDED BOLT THROUGH METHOD

Screwed, glued & bolted. Our bolt attachment technique will last years longer than traditional methods.

CONTINUOUS BOW

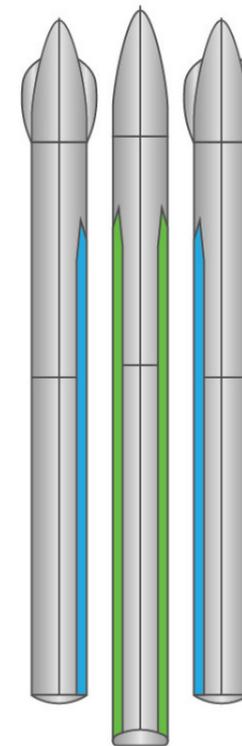

Constructed of C-channel and box channel tubing, resulting in the strongest bow on the market.

PERFORMANCE PACKAGES

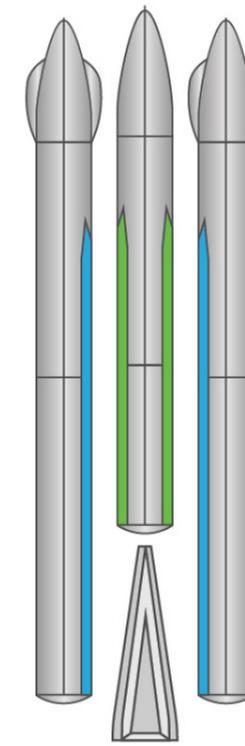

3.0+

This superior chassis is for the seasoned pontoon owner who craves the utmost performance and seeks to conquer the roughest of water with ease.

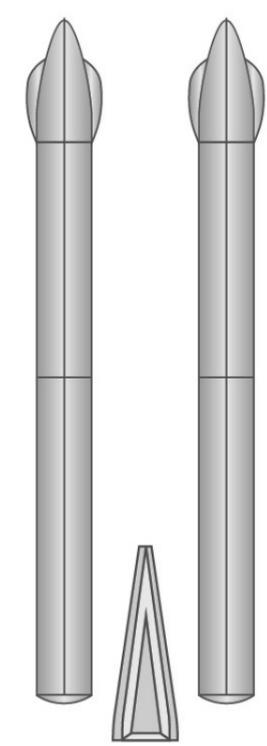

3.0

Embrace the thrill of navigating the waters with enhanced confidence and agility, all while enjoying the convenience and versatility that this advanced package offers.

2.75

For the pontoon owners yearning for a remarkable tri-toon experience. The added stability and performance of a tri-toon setup, combined with a more compact design. This chassis ensures you excitement and confidence in every nautical escapade.

2.0

For those seeking tranquility on the open waters, our expertly designed chassis ensures comfort, stability, and ease, allowing you to enjoy water activities or a peaceful sunset cruise.

“Our South Bay pontoon has been amazing. Quality throughout! Every night is a cruise night when weather is good. Love knowing it was built to last. This company cares what they are making.”
- Steven T.

“My South Bay is such a well thought out boat! The floor plan, layout, and flow work so well for my family. The details are beautiful, yet durable. I am so happy to be a South Bay owner!”
- Susan A.

“Our new boat is perfect! On the advice of a friend, we purchased a Forest River South Bay pontoon boat. It has exceeded all our expectations and is our favorite boat.”
- Judith S.

MERCURY

Mercury is committed to making every minute count. With innovative technologies, simple maintenance and efficient performance, Mercury FourStroke outboards were engineered to elevate every moment on the water.

MERCURY RACING

More than a function of a throttle position, Wide Open is an expression of their core philosophy. Mercury Racing recognizes no boundaries and accepts no compromises. Where others perceive a barrier, we see an opportunity. Mercury Racing creates premium marine power to take you faster and farther. They give you control to shatter expectations. The world offers limits, Mercury Racing offers freedom.

SUZUKI

Suzuki Marine's experience is backed by a commitment to 4-stroke technology. They offer the most reliable, powerful 4-strokes that are a perfect fit for today's boats. Suzuki Marine boasts of having the industry's largest all 4-stroke lineup.

YAMAHA

It all starts with the reliability, performance, and innovation you've come to expect from Yamaha Outboards. For more than 30 years, Yamaha Outboards have delivered far more than superior power, performance and efficiency. Yamaha owners get something that can't be measured in HP or RPM legendary Yamaha reliability.

HONDA

Honda Marine means quality, reliability, advanced technology, and better fuel efficiency. Honda introduced the first 4-stroke outboard engine in America more than 40 years ago. Today, Honda outboards still deliver best-of-class features.
