QUALITY CONSTRUCTION

For over half a century, Lowe has been perfecting its boat-building processes. From thoughtful design to premium raw materials to the finest aluminum welders, Lowe brings the peace of mind you expect, the value you need, and longevity proven by the thousands of Lowe boats passed down to the next generation.

[LEARN MORE](#)

Proven all-welded durability

- Continuous, all-welded hull seams for extreme durability
- Among the finest, most experienced aluminum boat welders in the industry
- H34 marine-grade aluminum for a lifetime of rugged performance

Quality and value that lasts

- Lowe Lifetime Limited Warranty*
- Multiple power choices
- Excellent resale value

Premium marine-grade paint

- Hulls are hand-sanded, cleaned, and acid-etched
- Premium marine-grade polyurethane enamel
- Multi-layer baked-on painting process with sealer coat

Power Core Deep-V Hull

- Reverse chines provide extreme bite when turning and stability at rest
- Extruded full-length keel keeps the boat tracking true even in windy conditions
- Maximized outboard efficiency for a smooth, quiet ride

ProTrac™ Mod-V hull

- High—and dry-riding—variable V-hull lifts the boat when underway and reduces spray
- Reverse chines with spray rails reduce splash and increase control when turning
- Pressed-in running strakes keep your boat running true from trolling to on plane

A WARRANTY YOU CAN COUNT ON
