ULTIMATE PROTECTION PLAN

TRANSFERABLE
7-YEAR WARRANTY

EXTEND THE EXCEPTIONAL
NUCAMP WARRANTY

No Deductible Ever

Fully Transferable

**Coast to Coast
Coverage**

TRAVEL WITHOUT WORRIES

With the Ultimate Protection Plan, there are no deductibles or fees. You buy it once and you're covered for 7-years.

The warranty is totally transferable if you should ever want to sell your camper.

Take away all the worry of unforeseen costly repairs and focus on maximizing all your adventures in your nuCamp RV.

Our story begins in the heart of Ohio's Amish country. A minister by calling and a plumber by trade, Joe Mullet found himself building lawn furniture at the age of 44. While he was committed to quality and innovation, he longed for something more, something different.

In the early two-thousands, Joe was presented with the opportunity to build teardrop trailers, marking the beginning of a new journey. Within a year, Pleasant Valley Teardrop Trailers was officially founded, and the boutique operation moved out of Joe's garage into a 3,000-square-foot shop with a small team of local craftsmen.

Joe was intentional about creating a culture that cared deeply—not only for his team but also for the product and the customer. During its first full year in business, the company hand-built fifty campers. It continued to grow, expanding its product offering, factory size, and workforce.

Success followed over the next few years; however, as the 2008 recession took its toll on the industry, Pleasant Valley joined dozens of other RV manufacturers and was forced to close its doors. That same day, an opportunity came knocking. Within a matter of months, Joe was able to get back on his feet, reassemble his team, and start anew – this time with the assistance of a national distributor.

In the following years, the company acquired the rights to build the iconic TAB Teardrop Camper, created the TAG Teardrop Trailer, and ventured into a new world with the Cirrus Truck Camper. As Pleasant Valley outgrew the need for a distributor, the company recognized it was time to rebrand. In 2016, the name nuCamp was selected as the company sought to honor the community's German heritage, celebrate its new beginnings, and pay tribute to the industry.

With the mission 'to build the exceptional,' nuCamp places quality and customer care squarely at the center of everything it does. Perhaps that is why nuCamp continues to hold the title as the *world's largest manufacturer of teardrop trailers!*

RV SERVICE CENTER

The nuCamp RV Service Center is located across the street from our manufacturing plant. With this facility, we are now able to service most towable RVs, including Airstream®, Jayco®, Coachman®, and others. Our highly trained and experienced repair technicians work to efficiently get you back on the road and onto your next adventure.

OUR
★ **PLEDGE** ★
TO THE CUSTOMER

When you purchase a nuCamp product, you get more than just a camper. You become part of the nuCamp family — complete with a welcoming community and unparalleled support. Our number one priority is your happiness, and we proudly guarantee your product to be exceptional.

ALL UNITS COME WITH AT LEAST:

1 YEAR
CRAFTSMANSHIP
WARRANTY

nuCamp agrees to warrant the integrity of the camper for up to one (1) year from the date of purchase (Warranty Period). This does not include equipment or parts with separate, stand-alone warranties.

3 YEAR
STRUCTURAL
WARRANTY

The 3-year structural warranty consists of the workmanship attributable to nuCamp's manufacturing and assembly of structural components. nuCamp agrees to warrant the structural integrity of the camper for up to three (3) years from the purchase date (Warranty Period). The 3-year structural warranty is transferable.

OR UPGRADE TO:
**ULTIMATE
PROTECTION
PLAN**

TRANSFERABLE
7-YEAR WARRANTY

Extend your warranty protection to a full seven years. The Ultimate Protection Plan covers craftsmanship and components with no deductibles and a hassle-free claim process, providing peace of mind while on the road.
