

THE ULTRALIGHT TRAILER SPECIALIST

# LITE UP YOUR LIFE!

*Prolite*

# AI

From small families to great explorers, young adventurers to nature lovers, you're sure to find an RV that's just right for you among our wide selection.

**FEEL LIKE TRAVELLING LIGHT?**

# BLISSFUL ESCAPE

## 25 YEARS OF EASY, LIGHTWEIGHT ADVENTURE

Proudly based in Saint-Jérôme, Québec, Prolite has spent 25 years crafting high-quality, ultra-light RVs made for real-world travel. Our mission is simple: build durable, eco-friendly trailers that tow effortlessly behind a compact car or small SUV so you can roam freely, without the hassle or the heavy weight. Our big Prolite family includes a passionate, dedicated team, a strong network of dealers across North America, and thousands of travellers and vacationers who've chosen Prolite RVs over the years.

# WHO IS PROLITE?

A Canadian manufacturer of ultra-light travel trailers since 2000, Prolite offers a wide range of models designed for the vehicles people drive every day.

PROLITE IS FOR EVERYONE.

# PROLITE CONSTRUCTION

**Ultra-light. Tough. Reliable. High quality. Every Prolite trailer is built to order with these four core principles at heart. Quality drives every step of the Prolite manufacturing process.**

---

Premium materials, such as Durafoam insulation and Azdel panels, shield you from the elements and keep you and your family dry. Using durable, eco-friendly components means less waste, while the lightweight 5/8" poplar floors, waterproof scratch- and UV-resistant fiberglass shells, and marine-grade seals protect your trailer from whatever the weather throws at it, without adding unnecessary weight.

Lightness is at essence of every Prolite trailer. Our lightest model weighs just 695 pounds—so light that even a subcompact car can tow it with ease! Whether you're looking for a compact trailer for your small car or a family-friendly model for your SUV or minivan, there's a Prolite trailer built for your lifestyle.

A smooth, easy drive wherever you're headed.

---

Made for the vehicle you use every day.

---

A fiberglass exterior with a one-piece roof for superior strength and weatherproof protection.

---

Outfitted with the features you need, nothing you don't.

---

Excellent resale value.

---

Aerodynamic design.

---

Perfect for getting away into the great outdoors.

# STANDARD FEATURES

## READY FOR ADVENTURE

Prolite trailers come fully equipped for your next journey into the unknown. Every trailer includes these standard features:

1  
Frameless tinted and tempered windows

2  
One-piece fiberglass roof

3  
Aluminum Alloy wheels

4  
Screen door and door window with built-in shade

5  
Safety equipment

6  
USB charging center

7  
Multi-layer floors

8  
Genuine maple cabinetry

9  
High-density foam cushions

**PLUS MANY  
OTHER OPTIONS  
AVAILABLE.**

"Depending on province or state, some options may be available only on special order and shipping charges may apply. Trailer is covered by a one-year Prolite warranty, based on standard use and normal maintenance. Some appliances and/or accessories are subject to an additional warranty by the device manager for up to 3 years".

# GET AWAY FROM

Adventure, wonder, relaxation:  
Prolite makes it all possible. Follow  
the call of nature and uncover  
the most stunning destinations.

**FREEDOM IS JUST A TRAILER AWAY.**

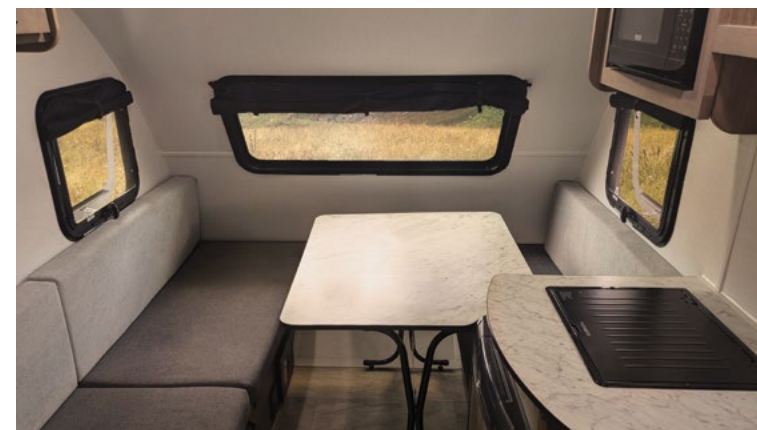

# IN THE EVERYDAY

# COMFORT TO GO

Prolite trailers feature smart, ergonomic interiors designed for maximum convenience. Enjoy home-like comfort wherever the road takes you.
