

TWIST. GO. EXPLORE.

Modern adventure made accessible.

The 2027 ADV160 pairs rugged design and advanced engineering with everyday convenience for a scooter that's as smooth as it is stylish. Its zippy liquid-cooled single, twist-and-go V-Matic™ transmission, and front-wheel ABS deliver the just-right mix of style, comfort, and capability — perfect for commutes and beyond.

ALWAYS WEAR A HELMET, EYE PROTECTION AND PROTECTIVE CLOTHING. NEVER RIDE AFTER CONSUMING DRUGS OR ALCOHOL, AND NEVER USE THE STREET AS A RACETRACK. Showa® is a registered trademark of Showa Mfg., Inc. V-Matic is a registered trademark of Honda Motor Co., Inc. ©2026 American Honda Motor Co., Inc.

SEAT HEIGHT	— 30.7 inches
CURB WEIGHT	— 294 pounds (Includes all standard equipment, required fluids and full tank of fuel)
FUEL CAPACITY	— 2.1 gallons

FEATURES & BENEFITS

AMPLE STORAGE

This scooter has plenty of storage. Flipping open the seat reveals a 27-liter weatherproof main compartment that locks securely, while a charging port-equipped 2-liter compartment at the front provides quick access.

FRONT-WHEEL ABS

Sometimes, adventure means not knowing what's around the corner. But with this scooter's Anti-Lock Braking System (ABS) on the front wheel, you can make confident stops, even in less-than-ideal conditions.

RUGGED SUSPENSION, PREMIUM SHOCKS

The suspension boasts long travel for the smoothest possible ride, with a Showa® telescopic fork in the front and a pair of remote-reservoir premium Showa® shocks in the rear.

TWO-POSITION WINDSCREEN

The windscreen can be adjusted to two positions without tools. It can be lowered for more breeze or raised for better wind and weather protection.
