122 REASONS TO BUY AN ARCTIC FOX CAMPER

Construction
- Aluminum Superstructure
- Welded Aluminum Framing (.060" - .125")
- Solid Fill Anchor Blocking
- 2 lb. Virgin Block Foam Insulation
- Full Walk-On Roof
- Crowned Roof: 3-1/2" Tapered to 1-1/2"
- Thick Seamless One Piece Roof Membrane
- Transverse Floor Maximizes Floor Space
- Continuous 1 Piece Fiberglass Cabover
- Rack and Pinion Slide Out Mechanism

Exterior
- LED Running Lights
- LED Tail Lights - Recessed Automotive Style
- Large 1" Thick, Insulated Compartment Doors
- Metal Latches, Catches, and Pulls
- Automotive Bulb Seats Around All Doors
- 12V Light in Valve Compartment
- Removable 110V Power Cord (30' Length)
- Outdoor High Pressure Rinse Station
- 5/8" Steel Gas Manifold
- Diamond Plate Armor Above Bumper
- Entry Door w/ 2 View Windows
- Aluminum Bumper w/ Dual Access
- 3 Position Bumper Step Mount
- Entry Door/ Patio Light
- Exterior Convenience Light (Non-slide Side)
- Black Tank Flush
- Exterior 110 Volt Outlets (GFI Protected)
- TV Antenna/ HD/ w/Signal Amplifier
- Rain Gutters and Large Drip Spouts
- LP Hookup for BBQ
- Torque Windows
- 80/20 Window Tint
- Safety Glass Windows
- Thermal Pane Window Option
- Optional 2500 W Onan Cummins Generator
- 12 Volt Power Awning Option
- Optional Fox Landing

Interior
- Solid Wood Cabinetry
- Face Frame Cabinet Construction
- 3 Interior Color Décor Choices
- AM/FM CD Player w/ 6 Speakers

Kitchen
- Galley Overhead Cabinets w/ Shelves
- Solid Wood Doors
- Single Lever Faucet w/ Pullout Sprayer
- Counter Extension (n/a 996 & 992)
- Galley Backsplash
- Large Kitchen Skylight w/ Shade
- Touch Designer Flooring
- Double Door 6 CU FT. Fridge (LP/110-optimal 12V)
- Deluxe Refrigerator Doors
- Dinette Storage Drawer
- Dinette Storage Door
- Pull-Out Pantry
- Full Extension Ball Bearing Drawer Glides
- Optional Convection Microwave Oven

Bedroom
- NW TruRest Queen Mattress
- Optional 19"- 12 Volt LCD TV
- w/ Swing Arm
- Amplified TV Antenna Hookup

- Sliding Dual Battery Tray
- Holds Two Group 29 Batteries
- 420 Amp Total Capacity on Metal Roller Bearings

Dual LPG Tanks
- Dual 30# LPG Tanks w/ Auto Change-over
- Regulator and Lock-able Security Strap

www.northwoodmfg.com
When Northwood advertises a “Full Walk-On Roof” for our slide out truck campers, you not only can walk everywhere on the roof, but you could also invite a couple dozen of your friends to join you!

We tested the strength of our 992 full-wall slide model by loading the roof with 32 of our camper line employees (a good testimonial for our camper jacks too!).

Solid Wood Cabinetry

Our Commitment to
Quality Strength Durability

By using solid wood face frame construction and then integrating the cabinet with the structure of the ceiling and walls, our coaches and our cabinets are both made stronger.

Heated Holding Tank Area

Our fully enclosed, insulated and heated holding tank area circulates air around the suspended tanks providing the best protection from freezing. All our dump valves are also enclosed and heated to ensure smooth operation, even in cold northern climates.
“The Ultimate Back Porch”
FOX LANDING
Manufactured Exclusively for NORTHWOOD Mfg.

The FOX LANDING offers a large entry platform, convenient fold away stairs and an intermediate step for easy access. The stairway can be installed to the left or right of the landing and the platform folds up out of the way for travel or when hitching your boat or trailer. Check it out!

- 4 Equal Height Steps
- Mid Step (Between Bumper & Threshold)
- Wide Bumper
- Left or Right Hand Accessible
- Steps Fold Up in Seconds
- Single Pin Locks into Position
- ...Exclusively in Northwood Campers!!!

CAMPER SAFETY TIPS: For your safety while driving, use mirrors that allow you to view past the camper to the rear on both sides. Trucks can be purchased with extended mirror options or you may purchase mirror extensions. Truck manufacturers state that you should not exceed the GVWR for the vehicle that carries your camper. The configuration of your truck will determine what size camper your vehicle can carry. A dual rear wheel truck is advisable for Arctic Fox campers. Adjustable air bags will help to level your vehicle, transfer rear axle weight forward for comfort and safety, and are recommended for all Arctic Fox applications. Some states allow passengers to ride in the camper, but it is not recommended as there are no seat belts available. When driving in any adverse weather condition it is always best to reduce your speed. The pickup should be outfitted with a durable rubber mat liner to reduce shifting while traveling. The mat will also protect the truck bed and camper from scratching while loading and unloading.

Use TORKLIFT frame mounted camper tie downs for greatest safety.

More Popular Options To Consider

With the Overhead Bunk option in the dinette, you can add an extra sleeping area for a child. The bunk quickly and conveniently folds up and away against the ceiling of the slideout when not in use. You may also want to consider adding a Full Wall Wardrobe in the bedroom or a Roll-Over Lounge instead of the standard dinette. (Available in most models).
When Northwood advertises a "Full Walk-On Roof" for our slide out truck campers, you not only can walk everywhere on the roof, but you could invite a couple dozen of your friends to join you!!

We tested the strength of our AF 992 full-wall slide model by loading the roof with 32 of our camper line employees.

(A good testimonial for our camper jacks, too!).

When we say ‘FULL WALK ON ROOF’ we mean it!

Don’t try this with your camper, especially if it’s a competitors model! Our employees are in, on and around campers all day long. Please, be safe!
We purchased the Arctic Fox 990 as our first camper, and we couldn't be happier with this choice. Our initial trip was 9,000 miles in two months. We were perfectly comfortable with the accommodations. It has everything we need in a small, agile package. We tested the "four seasons" functionality with freezing weather in Yellowstone and simmering heat in Texas. We're on the road again now, touring the Southwest before bringing it home to Alaska. We look forward to many more years of exploring in this truck camper.

Kim and Dan Rounsley

After we decided we wanted a pickup camper we found there were very few dealers on the east coast that sold pickup campers. While on one of our trips out west we saw pickup campers everywhere. As we traveled along we would make a point to look at the different manufacturers. We began to research pickup campers. For some reason Arctic Fox had caught our eye, after extensive study we knew we wanted an Arctic Fox...

I am very particular with our rig. Everywhere we go everyone comments and wants to see inside. They are blown away with the spacious interior... The Fox Landing was the icing on the cake!

Rodger said first, if you enjoy camping then you should have an Arctic Fox four season camper. If you have an Arctic Fox pickup camper then the Fox Landing is a must! It makes all the difference getting in and out.

Rodger once said the Fox Landing was the icing on the cake, now the hand rail is the cherry on top!

Happy Camping,
Rodger & Arlene Brill

The quality and attention to detail in production of your Arctic Fox line of campers is great! Your efforts invested in time and energy result in making sure we can do the thing we enjoy the most! Sincerely, Dave & Patty Heath

The Northwood Team: Northwood Manufacturing

We are the happy owners of a 1999, 990 Arctic Fox Camper. It may be the only AF Camper that has lived it's entire life in the Arctic... A very proper home for our Fox. We bought the unit new, it's still in perfect condition, everything runs & still looks new, yet it's been kept outside all those years. It seemed very expensive at the time we bought it, but looking back, it was worth the every penny. Short of the odd little thing here and there, we've had no problems with it.

It is sitting on our 1998 1 ton 4x4 Dodge dually Cummins Diesel and they look like they were meant for each other. We also added a 75W solar panel on the roof to keep the battery charged. It is a great product & many people admire it.

Well done, Arctic Fox people and Thank You!

Mike & Ali Wagner

Customer photos and testimonials do not necessarily reflect the views or recommendations of Northwood Manufacturing.
Over the past 2 years I have spent 182 nights in an Arctic Fox Truck camper. I started with a 990 and switched it a year ago for a 992. It's amazing what you will discover by living in your own product. It's the little things you discover. As a result of my 'campouts', we've added a bigger dinette window, the dream dinette, a light in the dump valve area, clear glass in the rear entry door and many more improvements.

We LIVE in our Arctic Fox camper for months at a time. After getting the camper mounted on our 2003 Dodge Diesel (manual) we took off traveling back down to the Northwood Mfg. plant to go through the tour to see how they make their line of campers etc. Our trip took us to California and then back to Alaska's interior via Canada then eventually back to Ketchikan. Our Arctic Fox was admired by many people we saw along the way and we told of its many features. It kept us warm on those cold wet nights and cool in the warmer climate of California.

Karen Kanaar

I drove from my home in Fort Worth, Texas by myself to Arizona to pick up my 2008 Arctic Fox 811. Everyone was so helpful. This truck camper drives like a dream. I finally have my camper and I LOVE IT!!

Cynthia Brown

I can attest to the durability of the AF 1150 with the slide.... we have been on Jeep trails with our Ram dually diesel, along roads that over hang 1,000 foot drops and washboard roads as well as charging out of washes..... all in all I think the unit is very good and I use it!

Dave & Lila Weinstein

Skiing is my hobby, my passion and my job. And when I started looking for a truck camper that would work in the extreme cold of the mountains in Canada’s west, the Arctic Fox quickly became the obvious choice. My wife, dog and I spend practically every weekend on the road - finding powder stashes at resorts and in the backcountry. Waking up to a fresh blanket of snow on the camper, rested and ready to go is a pretty sweet way of starting the day. This is like our cabin on wheels. Many friends have tagged along for a weekend and by the time we’re dropping them back off in the city, they’re totally converted. What we most love about the camper is the incredible insulation that keeps us cozy even when a -20 blizzard is raging outside.

Meanwhile, we’re chilling out, making a delicious dinner or playing scrabble or watching a movie. I’m telling you, ski bumming has never been so luxurious!

Paul Karchut

www.northwoodmfg.com
You’re ‘Free to Roam’ in an Arctic Fox Camper. 
But don’t take our word for it... 
...as they say, ‘A picture is worth a thousand words’... 
...so here are ‘5,000’ from the Swanns
