**Chassis Comfort and Safety...**

When living the life of an RVer, half the fun is experienced enjoying the open road traveling to your destination. It’s no wonder that Conquest motorhomes, Chevrolet and International focus on the ergonomics, handling, visibility and weight capabilities of the Chassis to make your travels safe and comfortable.

**Chevy Kodiak Chassis**

Gas Only

- **INTENSE 19,500 LB. GVWR**
- **UP TO 3,000 LBS. CARGO CARRYING CAPACITY**
- **SUPERIOR TOWING CAPACITY 26,000 GCWR**
- **10,000 LB. HITCH RATING**
- **19.5” TIRES**

- Rust-Prohibitive Coating on Frame
- Breakaway Mirrors
- Easy Access Pull Forward Hood
- Powerful Chevrolet Gas Engine w/ Duramax Diesel option
- Up-Level Headlights with chrome treated front bumper and grill
- Ergonomically Spaced Steps
- STABIL-RIDE Suspension System

The best just got better. The optional Stabil-Ride™ suspension system integrates parabolic leaf springs, auxiliary springs, a stabilizer bar and tuned shocks, designed to provide a low maintenance, stable ride comparable to the ride of a diesel pusher. Enjoy unsurpassed handling with reduced body sway, particularly while cornering, and superior straight-line stability.

**Allison™ 1000 Series Automatic Transmission** (standard)

- 5 speed
- Gross Torque (lb-ft)
- 1000: 620

**Vortec™ 8.1 Litre V8 Gasoline Engine** (standard)

**International Diesel Chassis**

- **GCWR - 33,000**
- **GVWR - 25,900**

A clean frame rail CA (cab to axle) simplifies body and equipment mounting.

- **15,000 lb. Hitch Rating**
- **140 Gallon Fuel Tank**
- **266”-278” Wheel Base**
- **15,000 lb. Hitch Rating**

The front windshield features over 2,000 sq. in (12,903 sq. cm.) of glass for excellent visibility. The one-piece design, thicker outer glass and swept-back angle increases safety and noise control - while helping to deflect road debris.

Interior door handles wide door openings, three-point entry system and non-slip treded steps provide easy entry and egress.

- **VT365 International Diesel; 300 HP**

Powder-coated components resist rust, chips and scratches for added durability and longer-lasting good looks.

- **Heavier Duty 2500 Series Allison Transmission!**

Three-step prime/base/clear coat process for hood and cab provides outstanding resistance to corrosion and fading, lowers maintenance costs and increases resale value.

Two-way breakaway mirror design can withstand an impact up to 9-mph, which eliminates door damage and reduces repair and replacement costs.

- **Standard composite construction headlights with halogen bulbs are longer-lasting and easy to replace for increased uptime.**

- **VT365 International Diesel; 300 HP**

- **10,000 lb. Hitch Rating**

- **140 Gallon Fuel Tank**

A set-back axle provides outstanding maneuverability and a tight turning radius, making it easier to negotiate through cramped spaces, which increases driver efficiency and productivity.

**Gulf Stream specifies an extra heavy duty hitch rated at 10,000 lb. However it is up to the owner not to exceed the Gross Combined Weight Rating (gcwr).**

**gcwr is calculated as follows:**

- **19,500 GVWR is loaded to its maximum of 19,500 lb. This would leave 6,500 lb. towing capacity to 26,000 GCWR.**

Towing capacity can be increased by reducing payload appropriately.

**Holding tank capacities (both fresh water and waste water) are volume calculations based on overall tank dimensions. The capacities may differ from published calculations due to the result of tank installation, tank material variation, tank fitting locations and other plumbing variables.**
Quality, Comfort, Strength and Value are four great words to describe our mindset while designing and constructing the Conquest lineup of products. You can see and feel the quality and attention to detail we gave every component. From the strength of our foundation, roof, floor and sidewalls, down to the comfort of our seat cushions, nothing was skipped.

**Super Strength Truss System**

The super strength truss system is unmatched in the class C industry. The structural subfloor foundation begins by welding a network of steel web trusses to the chassis rail. Specifically designed to distribute and transfer the tremendous forces from the coach to the chassis rail, these trusses are individually tested to withstand 6,000 pounds each.

When the chassis is stretched, Gulf Stream stands alone in the industry by using a full (6" on LE) or (8" on Super C and 10" on International) C channel extension versus the traditional 4" or less. This practice adds to the strength of the foundation and offers peace of mind that towing is safe on an extension that is true to the chassis.

Super C & LE only

- Dual metal H-Ducted air conditioning system with foil bubble wrapped insulation for improved climate control.

Super C only

- Conquest has eliminated the carpeting on the built-in stairwell to make the cleaning process easier and to add traction so there is less likely to be slipping when maneuvering in and out of the vehicle. Several models also have the magnetic door stays that are easy to use and dependable.

- Seamless, carpeted, galvanized steel storage compartments safely cradle your valuables. Rust protective paint and foam sealed for extended life and a quiet ride.

- Gulf Stream Class C’s offer flush floor slides for a residential look and feel with 6 foot ceilings.

- Gulf Stream Class C’s have nearly 7’ interior ceilings for a residential look and feel.

- Our residential style cabinets are constructed of solid hardwood doors and fronts that are pre-drilled and screwed then they are stained and top coated with a furniture grade finish that provides long lasting beauty and durability as well as adding strength and quietness to your motorhome.

- Other companies use wrapped cabinet fronts prone to peeling, fading and tearing. The softer composite wood used does not hold screws as well as hardwood resulting in loss of strength and squeaking. Discoloration will degrade the beauty and lower the value of the motorhome.

Gulf Stream is dedicated to our customers and their enjoyment of our products. Our golden promise is to call you within four weeks of the new vehicle purchase date welcoming you to the Gulf Stream family. The Conquest Checkpoint is the outward physical symbol of our role as industry leaders. Our exacting standards for creating the best possible RV Customer experience are the direction the rest of the industry seeks. Beyond the beaten path, to a new destination.

Conquest constantly looks to the future, casting a clear vision of "the next big thing" and making it happen. We don't follow trends; we set them. Beyond imagination, to reality.

Conquest Motorhome Division is a member of the Gulf Stream Coach family of products. As a privately owned company with nearly 25 years of RV manufacturing experience, Gulf Stream has set itself apart from the rest of the RV industry by giving the market exactly what it's looking for. We are constantly talking to our customers and dealers, taking their suggestions, and implementing them in our products. We also use Lean Manufacturing Techniques, Six-Sigma Quality Control, Creative Standardization and 5 S practices to maximize our production efficiency and eliminate waste. Our efficiency has received accolades from Vincennes University for Total Quality Management. These practices have also gained recognition from the state of Indiana, as we have received the Indiana Governor's Award for Recycling, making us one of the few eco-friendly manufacturing companies in the industry. All these initiatives go back to one goal... To give you the highest value product offerings, quality construction, innovative features, contemporary designs, and unmatched service and on-going support.

The Gulf Streamers RV Club is a valuable benefit to all Gulf Stream owners. Members enjoy staying active and participating in the various rallies and caravans offered throughout the United States and Canada. Go to www.gulfstreamcoach.com for more information.
