DEDICATED TO QUALITY, INNOVATION AND VALUE.

CLASS A GAS MOTORHOMES

2008

INDEPENDENCE
ERGONOMIC KITCHEN...

The Independence offers abundant storage and kitchen work space to prepare your family’s favorite meals. This unique kitchen features a large refrigerator, 3-burner range, convection microwave and dual basin sink. Corian™ (optional) counters and sink covers provide a durable and spacious food preparation area.

SPACIOUS BEDROOM...

Gulf Stream’s living concept gives you more room to utilize throughout the day. You will have plenty of room to relax...shut the bedroom off from the rest of the coach for privacy, allowing you to read a good book, watch TV or just relax.

The Independence offers a unique bunk bed configuration built into the slide room which offers optional flip down DVD player for each bunk.

VALUE...

Gulf Stream believes in adding value to the coach by utilizing residential hardware, durable cloth decor, residential carpet and linoleum, and Gulf Stream’s very own Comfort Plus Furniture found only in a Gulf Stream Coach.

The main living area of the Independence also features a flat screen television, large hide-a-bed sofa, and spacious dinette which can be replaced with a free standing dinette table and chairs on select floor plans.

BATHROOM...

The wide open concept bathroom with residential one piece shower and surround delivers the extra space needed to get ready for the day ahead.
DECOR...
1. Tony Bermuda
2. Mocha
3. Emerald
4. Remington
Unlike traditional plywood and foam seating, Comfort Plus dinette seating features the strength of steel and the comfort of a sprung cushion. All Comfort Plus furniture by Gulf Stream Coach also features residential styling, solid construction, total comfort and a comprehensive warranty.

Seamless, carpeted, galvanized steel storage compartments safely cradle your valuables. Rust protective paint and foam sealed for extended life and a quiet ride.

Gulf Stream offers true flush floor slide out rooms giving you more headroom in the slide and eliminating the step up into the slide room that you will experience in many of our competitors motorhomes.

Cradle of Strength

The Cradle of Strength super strength truss system is unmatched in the RV industry. The structural subfloor foundation begins by welding a network of integrated steel trusses to the chassis rail. Specifically designed to distribute and transfer the tremendous forces from the coach to the chassis rail these trusses are individually tested to withstand 6,000 pounds each.

The all steel overhead structure installed above the cockpit brings strength and rigidity to the upper portion of the coach providing a safe strong platform to install a TV that will not break free in an impact and maximizing overhead storage.

Excellent Weathering
- Maintaining the vehicle’s quality appearance enhances its resale value.

Tear Resistance - Flexroofs hard abuse resistant finish resists tearing, a condition that can cause leaks and lead to expensive repair.

Low Maintenance - Road grime can easily be removed with normal cleaning maintenance. Rubber chalking due to solar breakdown of the roof surface is eliminated, preserving the original appearance and resale value of the vehicle.

Stain Resistance - Fiberglass Flexroof is designed to resist staining and maintain its quality appearance.

Structural Integrity - Unlike conventional EPDM rubber roof membranes, Flexroof is a structural component of the roof system.

Textured Fiberglass - Helps dissipate heat and prevents tree limbs from tearing or scratching your roof.
**Optional Diesel Package**

Enjoy all the benefits of diesel power without going to a rear engine configuration. Built by Freightliner, this 22,000 GVWR chassis features a quiet Cummins 300hp diesel engine, 22.5" tires, 55 degree wheel cut, and 60" parabolic leaf spring suspension for a convenient and comfortable ride.

1. Laminated seamless fiberglass roof.
2. Luan Decking for Additional Strength.
3. Molded, High Density EPS (Expanded Polystyrene) Roof Insulation - Provides Consistent Insulation Value as well as Superior Dimensional Rigidity.
4. One-Piece Formed Aluminum Air Conditioning Duct, Completely Surrounded By EPS Insulation.
5. Bubble-Wrapped Foil Insulation Provides Superior Insulation and Helps Prevent Condensation.
6. Rugged Welded Tubular Aluminum Roof Framing.
7. Rugged Heavy-Gauge Tubular Aluminum, Fixture Welded to Form the Sidewall Framing.
9. Interior Wall Panels Securely Laminated to Sidewall Framing.
11. High-Quality Stain-Resistant Carpeting Available in Designer Coordinated Colors.
13. Seamlessly Structured Floor Decking Laminated to Steel Floor Structure Assures a Quiet, Long-Lasting Rigid Floor.
15. Heavy-gauge Steel I-Beam Floor Truss System Provides the Strongest Foundation in the Industry.
16. Seamless Layer of Galvanized Steel Securely Attached to the Steel Floor Framing.
17. Galvanized Steel Used to Form Each Storage & Holding Compartment.
18. Durable All-Weather Carpeting Completes Each Accessible Storage Compartment, Providing Extra Protection for Luggage and Valuables.
19. Rust-Prohibitive Paint Coating Applied to All Steel Framing Assures Corrosion and Rust Protection.
20. The Industry’s Strongest, Most Spacious Exterior Storage Compartments.

**Take the Time to Compare...**

**G.O.L.D. Program**

(Gulf Stream Ownership Lifetime of Dedication)

Gulf Stream is dedicated to our customers and their enjoyment of our products. Our golden promise is to call you within four weeks of the new vehicle purchase date welcoming you to the Gulf Stream family. This call, made by your dedicated customer care professional, is to let you know that if you ever need assistance with the operation of components, troubleshooting, or if you ever need to locate an authorized service center, you can rest assured that help is but a phone call away. With the G.O.L.D. Program we’ll be there for you for the lifetime of your RV.

---
