STRONG, DURABLE LAMINATED FIBERGLASS WITH ALUMINUM CAGE CONSTRUCTION
EASY GOING

There's no need to give up space or amenities with the Surveyor Sport. Expandable sleeping areas (some models) provide for a spacious slumber while the lightweight design makes towing a breeze. Rich in features the Surveyor Sport is a smart choice for those who choose to travel well but light!

*We know weights and dimensions are an important part of your buying decision. Surveyor weighs every model to ensure accuracy, although refinements to the product can create variations to weights and dimensions. Review a current model at your nearest authorized Surveyor Dealer today.
Surveyor Sport delivers affordable luxury combined with top-selling floorplans in a value-packed travel trailer built for the lighter weight towing needs of today's RVers.
The Surveyor Select delivers the exclusive combination of comfort and functional performance you've been searching for. Offering you more standard safety features, like a torsion suspension system, and more unique design cues, like the all-new Vista Lounge, the Surveyor Select continues to capture the essence of satisfaction and value. The Surveyor Select. Light-weight by design, upgraded by demand.

*We know weights and dimensions are an important part of your buying decision. Surveyor weighs every model to ensure accuracy, although refinements to the product can create variations to weights and dimensions. Review a current model at your nearest authorized Surveyor dealer today.*
Your Surveyor is constructed with tubular aluminum framing in “all” openings. Is this necessary - we think so! Aluminum framed openings add strength and integrity to every Surveyor sidewall. No other lightweight trailer compares.

Set up is a breeze with Surveyor Select’s push button electric stabilizer jacks. (N/A Sports)

This oversized assist handle allows for safe entry and exit from your coach.

Surveyor is one of the strongest light weight trailers because of our lamination process. High quality materials, 100% glue coverage and fully framed aluminum floor, roof, walls, fronts and backs provide you a structure for peace of mind.

Surveyor Select’s push button electric awning with adjustable rain dump = 1 touch setup. No manual awnings here!

Surveyor Select’s aerodynamic underbelly is heated and enclosed. The entire underbelly is warmed by radiant heat from the heat duct allowing you to use the coach in colder weather environments. This unique construction method opens up storage space above the floor, while lowering the units’ center of gravity for towing ease and stability. (Enclosed Only Sports)

Hot and cold controls make clean-up simple and easy.

Our all steel I-Beam frames provide you with the most superior foundation.
**SPARK ALUMINUM RIMS**
Designer black split spoke rims add a stylish look to the exterior of every Surveyor Travel Trailer!

**SPACIOUS PANTRIES**
Surveyor’s unique use of adjustable shelves and residential recessed spring loaded hidden hinges offers you the freedom to store all your camping necessities.

**SLAM LATCH BAGGAGE DOORS**
These bus style latches make opening and closing your baggage doors convenient and easy.

**DAY/NITE SHADES (OPT.)**
Designer styled valances and optional Day/Nite shades provide all the privacy you need.

**DOORS AND DRAWERS**
Surveyor’s solid wood doors and drawers are structurally superior inside - naturally beautiful outside. Genesis “ES” cabinet doors offer a 10 year limited warranty on the “Endura” panel doors.

**SERTA MATTRESS**
Serta Dreamscape Mattress come standard on all Select Models. Stretch out and sleep in on this Forest River Exclusive. (Optional Sports)

**FANTASTIC FAN**
Fantastic Fans are standard in all Surveyor Select baths. This 12” 10-blade bath fan significantly increases air circulation and the removal of condensation as compared to the industry’s standard smaller bath vent. (N/A Sports)

**WATER FILTRATION**
You’ll appreciate the water filtration system that is standard with each Surveyor Select. This compact unit filters water for the entire coach, eliminating those unwanted contaminants and odors. Ensuring safe drinking water for you and your family. (N/A Sports)

**DRIP RAIL AND DOWN SPOUT**
Keep the exterior of your coach in pristine condition with this great feature, it keeps rain water from streaking the side of your coach.

**METAL DRAWER GLIDES**
Ball bearing drawer glides allow you to access the whole drawer, and will provide you with years of trouble free service.

**Drip rail and down spout**
Keep the exterior of your coach in pristine condition with this great feature, it keeps rain water from streaking the side of your coach.

**Ball bearing drawer glides**
Ball bearing drawer glides allow you to access the whole drawer, and will provide you with years of trouble free service.

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

1. Forest River, Inc. dealers are independently owned and operated businesses, so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.

2. Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!

3. Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.

4. Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations.

TRA Certified GREEN Capable Manufacturer. Surveyor has been certified as a GREEN Capable Manufacturer. TRA Certification's evaluation of their quality system, production process, material usage, recycling & environmental practices has earned them this distinction.
