THE LEGACY LIVES ON
Stunning Contemporary Interior Design

Komfort’s new “Front Lounge” floor plan features an expansive 6’ 8” upper deck crowned ceiling, with taller slide rooms that make way for expansive windowscaping providing plenty of natural light and incredible views.

You’ll feel right at home with Komfort’s roomy kitchen featuring a slide room that includes the dinette and standard 12 cu ft 4 door refrigerator and a flip down desk that could be used as an appliance center.
Komfort’s custom furniture includes a combination lounge sofa, dinette, air mattress bed and large storage drawers. The Dream Dinette effortlessly drops into place. No “knee knocker” pedestal legs! (Not available on models 3130FRL, 3230FRK, 2410RK and 2650FL).
Komfort features elegant European style hardware. The hidden hinges are fully adjustable and spring loaded to keep cabinets closed tightly.

Beautiful Residential Hardware

Hidden Hinges

75 Lb. Capacity Full Extension Drawer Glides

Solid Surface Counter Tops

High end solid surface counter tops, undermount stainless steel sink and a deluxe pull out sprayer/faucet are standard features on Komfort.
Komfort’s 3130FRL floor plan features massive amounts of countertop space for even the most discriminating chef. The taller slide again allows us to use larger windows that provide plenty of natural light and incredible views. Beautiful Beauflor flooring continues from the door all the way to the recliners.
Komfort’s fifth wheel bedroom design includes two industry firsts! An innovative, laminated, crowned ceiling design and the cedar suite full walk-in closet.

The arched ceiling design provides for more headroom than any other product in its class, a full 6’8”. Plus, increased headroom in the bedroom allows our slide rooms to be taller than most competitors.

The cedar suite walk in closet utilizes the entire front cap area to create the largest amount of hanging space, a dedicated shoe rack, shirt wardrobes and sliding drawers. Plus, the storage area is prepped for a washer and dryer.
Stacked Rail Chassis

Komfort fifth wheels feature a stacked rail chassis design. This chassis design uses double I-beam frame rails to increase the amount of storage space under the bath/bedroom deck. Many models feature an amazing 150 cubic feet of storage – almost 60% more than the competition!

Heated/Enclosed Underbelly

1" Thick Insulated Baggage Doors with Slam Latch Hardware

Endless Komfort Package

R-24 insulation in slide room floors
Radiant heat technology in roof, floor behind front cap and slide out floor
Heated and enclosed underbelly
Ventilated attic

Heated, insulated and enclosed underbelly tanks & valves are all standard on Komfort travel trailers and fifth wheels.

R VALUES
- R40 in roof, floor and behind front cap
- R24 in slide room floors
- R9 in walls

Multi Function Remote

Komfort Power Package

Komfort’s power package includes a multi function remote control for power accessories. Plus, a 10 gallon water heater and 8 cu. ft. refrigerator. Standard on fifth wheels - Optional on travel trailers.

90° Extended Turning Radius Front Cap

Komfort’s expanded turning radius front cap includes a back-up mirror and LED lights to make hitching-up a breeze.

Perfect for extended cab or short bed trucks.

8
**Premium Flooring**

Beauflor® Premium vinyl flooring is designed to withstand extreme weather changes—excessive cold or heat. Plus it is more durable than any other vinyl flooring. Notice how Komfort runs the Beauflor® throughout the coach—less carpet to clean!

**Premium Entertainment System**

Komfort’s Premium Entertainment System features the latest technology in the industry. Fifth wheels include a 32” LCD HD wide screen TV and a Sony® 5.1 Dolby® digital stereo system with sub woofer and five surround sound speakers. The system also includes an AM/FM/CD/DVD player with an IPOD® docking station. Travel trailers feature a 32” LCD HD (26” in 3050QB) wide screen TV and a 12 volt AM/FM/CD/DVD player with IPOD® inputs.

**Washer Dryer Prep**

Washer dryer prep is a standard feature on Komfort fifth wheels. (Not available on 3130FRL).

**Central Command Center**

Our central command center groups together all of your essential interior and exterior light switches, tank monitors, awning controls and water heater switch.

**Fifth Wheel Utility Docking Station**

- Fresh and City Water Fills
- Black Tank Flush
- By-Pass Valves
- 110V Outlet, Light, Cable and Satellite TV Hookups
- Quick Connect Hose with Sprayer

**Trail-Air Equa-Flex Suspension**

Trail-Air Equa-Flex rubber equalizer suspension system is standard on Komfort fifth wheels. The system protects your investment by allowing axles to travel independently to reduce road vibrations and create a smoother ride.

**Decor Choices**

- Buckshot
- Circles Galore
- Trackstopper

“Extreme Weather” Pressurized Rain Bay Testing
Komfort travel trailers and fifth wheels are tested in a state-of-the-art pressurized rain bay. Units are drenched with pressurized water sprayed on all sides of the coach to simulate the harshest weather conditions. All units are tested with slides in the in and out position, with over 4000 gallons of water used in each test to assure a water tight unit.

Did you know that every Komfort is weighed at the factory as it leaves the production line? Our certified Acu-Weight includes options! Most competitors publish only a base weight that does not include options. Make sure that you know what the “REAL” weight of the unit is before you buy your next travel trailer or fifth wheel.

Real Weights!
