Sprinting Ahead

Sprinter-based motor homes have taken the industry by storm and no manufacturer gets more out of the Mercedes-Benz® Sprinter chassis than Winnebago Industries®. We were the first to embrace the platform and continue to innovate, bringing you the industry’s most fuel-efficient models designed with style and loaded with amenities. The surprisingly spacious interiors of the View® and View Profile® are made possible by our SmartSpace ™ design philosophy and innovative features such as the Comfort Sofa Sleeper™ to maximize interior space and increase storage capacity. With two View floorplans and two View Profile floorplans, you’ll be set to hit the road this year in comfort and style.

Why View | View Profile?
- Mercedes-Benz Sprinter chassis
- Energy-efficient LED lighting
- Ultraleather™ swivel cab seats
- Fuel-efficient travel
- RV Radio®/rearview monitor system
- Coach stereo system with LCD TV
- SmartSpace design maximizes usability
- Flex Bed (24V) twin or queen bed configuration
- MCD American Solo® blackout roller shades

Recognized Quality The RV Dealers Association bestows its annual Quality Circle Award based on dealer ratings to the manufacturers that provide exceptional products, service and support. Only one manufacturer has received this honor for sixteen consecutive years: Winnebago Industries®.
Best in Class

See how Winnebago Industries takes motor home design and function to the next level, and why we’ve earned the right to be called the Most Recognized Name in Motor Homes.

Blinds Want privacy? Built-in Cab Window Blinds make it easy (available on View, standard on View Profile).

No Hassle Color-coded labels in the Exterior Service Center make hookups a snap.

Open Wide Drawers open wide on full-extension drawer slides to maximize storage and easy access.

Rest and Relax The Comfort Sofa Sleeper quickly converts from a sofa into a comfortable bed with self-inflating mattress that automatically maintains proper inflation (standard on 24M, 24G, 24V).

Night and Day The available smoothly retracting MCD American Duo Solar/Blackout Roller Shades let you control your light and privacy—no matter the time of day.

On the Mark The BenchMark® Full-Comfort Dinette offers premium innerspring seating that flips up to access hidden storage compartments. At night, it quickly converts into a cozy sleeping space (standard on 24J, 24M).

Look Up A large Skylight brightens the lounge and adds a sense of grandeur to the View Profile. It is surrounded by stylish curved cabinets.
Custom furniture such as the BenchMark dinette in the View, the Comfort Sofa Sleeper (NA View 24j) or the available L-shaped sectional dinette in the View Profile provide the ideal place to relax, watch TV or listen to the coach stereo system. LED lighting comes standard, reducing energy consumption by up to 70%; great for extended dry camping. Available amenities include a powered skylight/roof vent and the interior upgrade package with MCD American Duo solar/blackout roller shades.
You might be surprised by the versatility of the microwave/convection oven that allows you to bake and brown just like a conventional oven. You will find plenty of space for meal preparation with the flip-up countertop extension (24V) and you can add the wood sink covers as part of the interior upgrade package. A water filtration system is also available for on-demand fresh drinking water.
The View comes standard with the BenchMark full-comfort dinette with innerspring cushions that flip up to access hidden storage compartments. In the View Profile, select the standard Comfort Sofa Sleeper with movable table or available L-shaped sectional dinette.
For sleeping flexibility, nothing beats the Flex Bed kit in the 24V that quickly converts from two twin beds into a queen bed and back again. Select the 24G for a bedroom slideout and the comfort of a walk-around queen bed.
Ultraleather cab seats turn to face the lounge, increasing your effective living space. While you drive, listen to CDs or MP3s through the touch screen RV Radio with easy to use controls that incorporates the rearview monitor for safe backing and maneuvering. Upgrade to Sirius® satellite radio for even more listening options.
Available exterior speakers let you listen to the coach stereo while you relax under the awning. You might be surprised by the amount of storage you will find, especially if you select the 24V with its large rear compartment.

**Fiberglass Roof**
The crowned, one-piece fiberglass roof is backed by a 10-year parts-and-labor roof skin warranty.

**Rubber Can’t Cut It**
Rubber roofs used by competitors can streak and degrade over time.

**Interlocking Joints**
Specially engineered interlocking joints connect the floor, sidewalls and roof where competitors often rely on simple screws to bear the weight.

**Embedded Steel**
Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

**E-Coating**
An electrodeposition coating helps protect critical steel components.

**Solid Framework**
Aluminum extruded in our own facility to our exacting standards creates an extremely strong and solid structural framework.

**Thermo-Panel® Sidewalls**
By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry’s strongest, most durable and lightweight sidewalls.

**Laser-Cut Tubing**
Precision laser cutters create precise joints in structural steel that are stronger and require less welding.

**Every coach—from our smallest Class C to our largest diesel pusher model—is built to Winnebago Industries® legendary SuperStructure construction standards. It’s a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.**
**TESTING** Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, computer simulations, our physical testing center and rigorous test track ensure each model is built to last.

**DETAILS** At Winnebago Industries, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors’ coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago Industries maintains a clean fit and finish throughout so your coach will last for the long haul.

**BUILT IN-HOUSE** We extrude our own aluminum. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

Visit BetterBuiltRVs.com to gain real insight into what goes into a Winnebago Industries motor home.

**TAKE A TOUR** We’re proud of our processes, state-of-the-art facilities and the people who make Winnebago Industries number one. We invite you to visit our complex in Forest City, Iowa, for a first-hand look at the dedication and technology behind every motor home we build.
24J View

Choose the standard BenchMark® dinette or the available sofa/bed with movable table to create the living space that fits your style.
24M View

A large slideout, Comfort Sofa Sleeper and swivel cab seats combine to create a welcoming living space with room for a user-friendly galley.
24G View Profile

With two slideouts, there is enough room in the 24G for a walk-around queen bed and the Comfort Sofa Sleeper or L-shaped sectional dinette.
NEW

24V View Profile

The innovative Flex Bed provides custom sleeping accommodations on every trip. The living area offers your choice of the Comfort Sofa Sleeper or L-shaped sectional dinette.

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas.

### Options & Equipment

- Sirius® Satellite Radio iPod interface connector
- Stylized aluminum wheels
- Stainless steel wheel liners
- 4-wheel ABS
- 180-amp. alternator
- Trailer Hitch 5,000-lb. drawbar/500-lb. maximum vertical tongue weight w/7-pin connector
- Adaptive ESP® technology
- 5-speed automatic transmission w/Tip Shift technology to allow manual shifting
- Mercedes-Benz® Sprinter Chassis
- Mercedes-Benz 3.0L 6-cylinder, 188-hp turbo-diesel engine
- Mercedes-Benz Sprinter Chassis
- 26.4 gal. LP capacity
- 3.0L 6-cylinder, 188-hp turbo-diesel engine
- Adaptive ESP® technology
- 5-speed automatic transmission w/Tip Shift technology to allow manual shifting
- 4-wheel ABS
- 180-amp. alternator
- Trailer Hitch 5,000-lb. drawbar/500-lb. maximum vertical tongue weight w/7-pin connector
- Stainless steel wheel liners
- Stylist aluminum wheels

### Interior

- Front overhead bunk w/ladder and bunk privacy curtain (24J, 24M)
- Stereo System AM/FM, alarm clock, CD/DVD player, input jack, 2 speakers and subwoofer
- 22” LCD TV (24J, 24V)
- 26” LCD TV (24G, 24M)
- LED lights
- Satellite system ready
- Monitor panel
- Amplified digital HDTV antenna
- Key-activated slide room master lock switch
- Cab divider curtain (24J, 24M)
- Insulated roof vent w/electric lift, ventilator fan and rain sensor
- Powered roof vent (bath)
- Skylight w/shade (24G, 24V)
Bedroom
Foam mattress underbed storage, mattress cover, pillows, pillow shams (24J)
Memory foam mattress w/cover (24G)
Flex Bed System twin beds/queen bed w/foam mattresses pillows w/shams and access to storage below (24V)

OPTIONAL EQUIPMENT
Entertainment Center 32” LCD TV w/remote and rope lighting (front overhead) (24J)
Interior Upgrade Package galley backsplash, removable cab carpet, refrigerator w/stainless steel facade insert (24J, 24M), sink covers, sofa throw pillow, MCD American Duo® solar/blackout roller shades
Powered skylight w/sliding screen and pleated shade

Galley
Laminate countertops
Microwave/convection oven
2-burner range top w/glass cover
Vented range hood w/light
Two-door Norcold® refrigerator/freezer (24J, 24M)
Single-door refrigerator w/removable freezer unit (24G, 24V)

OPTIONAL EQUIPMENT
Water filtration system (cold water)

Bath
Shower curtain (24G)
Retractable self-cleaning shower door (24J, 24M, 24V)
Flexible showerhead
Skylight
Porcelain toilet
Water-pump switch

Heating & Cooling System
13,500 BTU roof-mounted high-efficiency air conditioner
20,000 BTU furnace

OPTIONAL EQUIPMENT
A/C heat pump
14,800 BTU roof-mounted high-efficiency air conditioner w/heat pump

Electrical System
Service Center light, cable TV input, 30-amp. power cord, portable satellite dish hookup, QuickPort® (24G, 24M, 24V) service connection hatch
Auxiliary start circuit
Exterior AC duplex and antenna jack

Battery disconnect system (coach)
Automatic dual-battery charge control
LP generator prep kit
AC/DC load center, 45-amp. converter/charger
Two deep-cycle, Group 24 RV batteries

OPTIONAL EQUIPMENT
3,200-watt Cummins Onan® diesel generator
3,600-watt Cummins Onan MicroQuiet™ LP generator
Diesel generator prep kit
1,000-watt DC/AC inverter

Plumbing System
Service Center color-coded labels, pressurized city water hookup/tank diverter valve, drain valves, exterior wash station w/lighted pump switch
10’ sewer hose
TrueLevel™ holding-tank monitoring system
6-gallon 110 V/LP water heater w/EMS
LP Tank w/remote fill w/power switches
Winterization Package water heater bypass valve and siphon tube
On-demand water pump
Lockable water tank fill

OPTIONAL EQUIPMENT
Heated drainage system

Safety
Dual airbags
Seat belts
LP, smoke and carbon monoxide detectors
10 BC fire extinguisher
Ground fault interrupter
Child seat tether anchor (24J, 24M)
High-mount brake lamps
Daytime running lamps

Warranty
12-month/15,000-mile basic warranty
36-month/36,000-mile limited warranty on structure
10-year limited parts-and-labor warranty on roof skin

1. The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
2. The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor home.
3. Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
4. Capacities shown are tank manufacturer’s listed water capacity (W.C.). Actual filled LP capacity is 80% of listed due to overfilling prevention device on tank.
5. Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR, as well as adequate trailer brakes. Please refer to the Operator’s Manual of your vehicle for further towing information.
6. See separate chassis warranty.
7. See your dealer for complete warranty information.

NA Not Available
Not all items available in combination. See dealer for details.
Winnebago Industries™ continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Comparisons to other motorhomes are based on the most recent information available at printing.
Join the Club, Join the Fun

As a Winnebago motor home owner, you are invited to join the WIT Club. It’s a great way to take full advantage of your new coach and meet fun-loving WIT Club members from across the country who make motor home adventures a way of life.

Members enjoy:
- Caravans and rallies
- Newsletters
- Local and state group activities
- RV travel benefits
